SHIP TALKS REJECTED BY HANOI

LBJ's Offer Called Vague; U.S. Views Holiday Bomb Halts

COMBINED AP & UPI

TOKYO — North Vietnam rejected today President Johnson's offer for peace talks aboard a neutral ship in a neutral sea. It reiterated Communist terms for ending the war in Vietnam.

The rejection was in an article of the Hanoi newspaper Nhan Dan, organ of the North Vietnamese Communist party.

The article, signed by "the Commentator," synonym of a high-ranking party official, was broadcast by Hanoi's Vietnam News Agency.

Commenting on Johnson's remarks made on the flight deck of the carrier Enterprise off San Diego Saturday, Nhan Dan said:

'VAGUE STATEMENT'

"On Nov. 11, aboard the U.S. aircraft carrier 'Enterprise,' Johnsoon made a vague statement that a peace conference can be held 'on a neutral ship in a neutral sea.' Johnson also brazenly claimed that 'the United States follows the dream of peace, so we include even the season in our search.'

"What else are U.S. aircraft carriers 'searching' in North Vietnam except more crime, more barbarous bombing of the North Vietnam Territory?"

By noon Washington had not replied to the latest Hanoi peace plan rejection.

TRUCE PERIODS

However in another war phase, the administration is expected to order brief bombing pauses over the North during whatever holiday truce periods are declared in Vietnam.

Informed sources reporting this yesterday said the administration would undoubtedly make it clear to Hanoi that such pauses would be in the nature of a "humanitarian gesture" at the Christmas-New Year's season, rather than any change in U.S. policy.

Gen. William C. Westmoreland, U.S. military commander in Vietnam, takes a dim view of such pauses. The general, who is on his way to Washington for conferences with President Johnson and other top administration officials on the war, made his thoughts on the matter known yesterday at a Honolulu news conference.

"I'm not too enthusiastic

Reds Bring Up Big Rockets For Major Highland Attack

SAIGON (UPI)—U.S. paratroopers today gave chase to a North Vietnamese unit shattered by U.S. artillerymen near Dak To but American battlefield commanders warned the Communists had committed 6,000 troops to the area and brough up huge 122 millimeter (five inch) rockets.

Near the Demilitarized Zone Maj. Gen. Bruno A. (Bah) Hochmuth, commander of the 20,000 Marines in the 3rd Marine Division was killed with five other men when his helicopter exploded on a flight from Hue to Dong Ha and fell 1,500 feet into a flooded rice paddy. (See story page 2.)

SECOND ONE

He was the second major general to die as result of the Vietnam war. Air Force Maj. Gen. William Crum died last July when two B52s from Guam collided in flight and plunged into the sea 80 miles south of Saigon.

Fighting also flared in the coastal lowlands near Tam Ky, 30, miles north of Saigon and Communist machineguns shot down two helicopters and damaged five others as troops

of the 1st Air Cavalry Division made a helicopter assault yesterday against Red strongpoints.

ROCKET FIRE

In the Dak To area B52 bombers dropped tons of bombs on the Communist retreat path while paratroopers tried to track down the North Vietnamese in the bamboo thickets of the central highland hills. No major contact was reported but Communist gunners fired several rounds of the big rockets at the Dak To headquarters.

A spokesman at Dak To said one reason the Communists so often have stood and fought was because they did not want to leave their big rocket launchers on the battlefield. He said the Communists so far had lost 656 dead and the Americans 101 killed and 584 wounded.

American tactical bombers flew 83 close range sorties against the North Vietnamese well-fortified positions, hoping to knock their big guns out of action.

Hordes of North Vietnamese stormed out of the jungles yesterday in a frantic bid to seize victory in the 13-day-old battle for Dak To. Their mortar fire pinned down men of the Army's 173rd Airborne Division.

But the paratroopers' artillerymen lowered their 105mm howitzer barrels and fired over the GIs' heads.

INTO ENEMY

The howtizer shells—each more than four inches in diameter—zoomed directly into the "oncoming rushing enemy." The North Vietnamese lines crumbled. They reeled back.

Today Air Force B52 Stratofortresses, each capable of dropping 30 tons of bombs, pounded the North Vietnamese camp sites in the hideout hills surrounding Dak To, the key allied bastion in the battle zone four miles east of Cambodia. The paratroopers pushed out in search of the Communists who, according to Gen. William C. Westmoreland, U.S. commander in Vietnam, have suffered a "terrible beating."

Some Reports On Fired Pair Held Favorable

By DON BRANNING

SAN FRANCISCO — A paint superintendent on the Golden Gate Bridge, who kept close tabs on two Negro painters who were fired, testified today that some of the performance reports he ordered on them were favorable.

The superintendent Hale D. Sharrett, testified at a California Fair Employment Practices Commission hearing into discrimination charges brought by the two fired painters, James B. Haugabook, 30, of Palo Alto, and Jimmie Lee Wilkins, 33, of Oakland.

TOP RATINGS

Sharrett, who has been testifying about allegedly slipshod work done by Wilkins and Haugabook, said that he initialed several reports on the painters which gave them "top performance" ratings.

Sharrett admitted that he made only a cursory check of a job application by a white painter, Robert Gregonis, who is still employed at the bridge. Delmar Williams, an FEPC investigator, has testified that the job application made by Gregonis falsified his previous work experience.

SPAN CHARGE

The bridge management has made the charges against Haugabook and Wilkins that they falsified their applications.

Sharrett said he checked a Kentfield firm where Gregonis had worked to find out if Gregonis "could handle rigging." Sharrett declared that he was not aware that the Kentfield firm was a tree surgeon company. He said a Sonoma County

Half Inch Of Rain Falls In Marin

Well over half an inch of rain fell in parts of Marin last night.

More may be on its way tomorrow, the Weather Bureau said.

A tree down over power lines in La Verne Avenue, Homestead Valley cut electricity from about 700 homes in the area from 10:55 to 11:30 p.m. yesterday, according to Pacific Gas and Electric Co. About 30 homes were without power until 4:30 a.m. today.

Utility lines were reported down last night at 238 Solano Street and on Embarcadero Way, San Rafael, and a pole caught fire at the quarry near McNear's Beach.

In San Rafel .64 of an inch of rain fell in the 24 hours to noon today bringing the total so far this season to 1.13 inches.

Other figures in the county in the 24 hours to 8 a.m. were: Bolinas .76; Terra Linda and San Anselmo .70; Tamalpais Valley .66; Hamilton Air Force Base .61; Mill Valley, Chevy Chase (Larkspur) and Santa Venetia .60; Sausalito .50; and Novato .35.

A New Judicial Plan Is Offered

SACRAMENTO (AP) — Gov. Ronald Reagan announced today a revised proposal he said would take politics out of state judicial appointments, and said it now has the backing of the top legal organizations.

"I am very hopeful this plan will receive quick and favorable action from the legislature," the governor told a news conference.

Lawmakers refused this year to pass his original proposals in this field, partly because they felt the State Bar Association had too much control over selecting the names from which judicial appointments would be made. The latest version still would have the governor choose the judges from a list submitted by commissions.

Reagan Refuses To Discuss Pearson's 'Ring' Charges

SACRAMENTO (AP) — Gov. Ronald Reagan refused today to discuss any further the charges that a homosexual ring operated in his office—even if it means more charges of a "credibility gap" in his administration.

"This subject, as far as I'm concerned, is closed," Reagan told a news conference when asked again about charges by columnist Drew Pearson that two of Reagan's staff members were dismissed because of alleged immoral activity.

"I have never had and do not have any evidence or proof that would warrant an accusation" of that nature, Reagan said.

"I refuse to participate in trying to destroy human beings with no evidence," he said.

Reagan obviously was irritated as reporters continued to ask him about the charges and later reports that his administration was guilty of a "credibility gap."

"If there's a credibility gap," Reagan said, it will have to remain because he would not continue to reply to the reports.

Several national news reporters have contended that they

No-Cost Park Idea For Corte Madera

Marshlands To Dumps, Then Park

By WAT TAKESHITA

A 250-acre recreation park, with a golf course, marina, beach frontage and playing fields, can be created in East Corte Madera at no cost to taxpayers, the county's director of recreation and parks declared today.

Pierre W. Joske disclosed the idea backed by an economic study, at a press conference this morning at the Civic Center. He will present it to the Corte Madera Town Council Monday.

The area proposed for the park is in the marshlands east of the railroad tracks, north of San Clemente Creek and south of Heerdt Marsh near Greenbrae.

USE AS DUMP

The key to Joske's striking proposal is the use of the area for refuse disposal, with the county and/or Corte Madera collecting an average of $2.25 per ton from the disposal firms.

If refuse from both South and Central Marin is deposited there, most of the marshland can be filled in 11 years, with revenue from the refuse dumping paying all costs and leaving the county about $1.5 million cash to develop the park, says Joske. The dumping need not leave a flat area; it can be contoured from the start, he explained.

SOLVE TWO NEEDS

"Why throw away our waste?" said Joske. "Why not turn it to our advantage. This would turn our very own waste to a resource and permit us to solve two acute local problems — waste disposal site and large recreation area close to population centers — at no extra cost to taxpayers."

Joske acknowledged that opposition will be voiced to any proposal for a refuse dump. "But my contention is that there will be very little discomfort if any." He gave these reasons:

1. Before the start of any operation, the whole perimeter will be mounded and screened with planting.

2. Since the main access will be an extension of Tamalpais Avenue directly out to the marshes, dump trucks will not

Stassen To Be Peace Candidate

MILWAUKEE, Wis. (AP) — Harold Stassen announced today that he will enter Wisconsin's presidential preference primary next April as a "peace" candidate on the Republican ticket.

The former Minnesota governor, who first campaigned in Wisconsin for the GOP presidential nomination more than 20 years ago, said he had decided to campaign to give Republican voters a wider choice.

Stassen held a variety of posts in the Eisenhower administration and now is a Philadelphia attorney.

He is the first candidate on either ticket to announce formally for the Wisconsin primary.

COURT ORDERS ALL EXECUTIONS OFF

Supreme Court Grants Stay On Eve Of Massie's Gas Chamber Date

SAN FRANCISCO (UPI) — The California Supreme Court today stayed all executions in San Quentin Prison until after it decides the constitutionality of the state's capital punishment law.

The action came as condemned killer Robert L. Massie, 26, was scheduled to die in the prison's gas chamber tomorrow. Even as the court acted a federal court across the street was preparing to hear arguments on a stay for Massie.

The high court agreed last Thursday to hear arguments on four points brought by a large group of lawyers in behalf of the 60 condemned men on death row.

The court ordered the attorney general's office to show cause why Robert Page Anderson and Frederick Satterfield should be executed. Anderson, Satterfield and Joshua Hill were the three death row inmates named last June by the NAACP in filing for a stay on behalf of all the condemned men.

U.S. District Judge Robert Peckham, at that time, stopped all executions but later ruled the petition could not be a "class action" and inmates should petition individually as they exhausted state remedies.

Today's order by the high court was in the form a single paragraph and referred to its Nov. 9 order.

The court said "pending final determination" in the Anderson and Satterfield cases "the execution of all judgments of death heretofore and hereafter entered by superior courts of this state in all causes involving other defendants is hereby stayed."

The attorney general's office, caught by surprise by the action, said it was "sua sponte (of its own motion) and we were not consulted."

The high court indicated last week that the Anderson and Satterfield questions would be placed on a special calendar for argument early in 1968.

Massie, who pleaded guilty to killing a San Gabriel woman during a 1965 robbery, told prison officials he would rather die than spend the rest of his life behind bars. He refused Monday night to sign a writ of habeas corpus and his volunteer attorneys began final efforts to get him declared insane.

"He has weighed the alternatives of a long term — and he has experienced prison life before — versus death, and he chooses death," an official said.

Death Row inmates, and there are now 60 at San Quentin, can obtain a "guaranteed stay of execution" expected to last about two years because a

McCarthy, Competing Remap Bills In Senate

I-J Special Report

SACRAMENTO — State Sen. John F. McCarthy's reapportionment plan to keep Marin County intact within one congressional district was kept alive today by action of the Senate Committee on Elections and Reapportionment.

Its chances appeared dim, however, in the face of 42-25 approval by the Assembly yesterday of a bill that would split the county, attaching the southern portion to a San Francisco district. (See picture on Page 3.)

The Senate committee incorporated language of Senate Bill 1 by Sen. James R. Mills, D-San Diego, into the Assembly measure, which was introduced by Assemblyman Jack R. Fenton, D-Montebello, chairman of the Assembly Committee on Elections and Reapportionment.

This was sent to the floor, along with Mill's original bill. Committee vote to report out the Mills bill was 9-1, with McCarthy, San Rafael, Republican, the lone dissenter.

McCarthy's bill, SB2, was sent to the floor by unanimous vote.

Assemblyman William T. Bagley, R-San Rafael, was among the 42 members of the lower house who voted yesterday for Fenton's bill. This measure would split Marin on an east-west line from Lucas Valley to the Pacific coast. Bagley called it the "only reasonable" solution as he did not "have the votes" to block passage.

The only bill aside from McCarthy's and the Mills-Fenton plan before the Legislature suffered a double death yesterday and today. This was AB2, by Assemblyman Charles J.

Violence Erupts At Hunters Point

SAN FRANCISCO (AP) — A San Francisco patrolman and a private policeman were gunned to the floor of a station in the predominantly Negro Hunters Point Area late last night by a machine gunner firing wildly through an open window, police said.

The barrage of bullets seriously wounded police officer Herman George, 35, hitting him at least five times, twice in the abdomen. He was pronounced in fair condition following emergency surgery at San Francisco General Hospital.

The other victim, Sgt. Wayne Summerlin of the Hunters Point Housing Authority police, escaped with an arm wound.

At least 15 shots were fired, one full round on a .30-caliber machine gun, said Sgt. Oscar Tully.

Investigators compared spent cartirdges found outside the window with bullets dug from walls and desks and determined that only one weapon was used, Tully reported.

But three men were seen hurrying from the building, a patrol station maintained by the Housing Authority, and some 20 officers sealed off a number of streets in an unsuccessful search for a getaway car.

Kennedy Sees Peace Talks Down The Drain

NEW YORK (AP) — Sen. Robert F. Kennedy charges a negotiated peace in Vietnam may be impossible for some time to come because the United States passed up a chance to go to the bargaining table last winter.

Nontheless, said the New York Democrat, "I continue to believe that we should go to negotiations in an effort to reach a peaceful and honorable settlement. Perhaps we cannot; but we shall never know until we try."

Kennedy asserted that a "false scent of victory" during the winter of 1966-67 led the administration to "cast away what may well have been the last best chance to go to the negotiating table."

Replying to the charge, White House Press Secretary George Christian said yesterday: "We have not passed up any opportunities—there haven't been any opportunities really."

Kennedy made his ermarks in an article in the current issue of Look magazine. It was taken from his forthcoming book, "To Seek a Newer World," to be published by Doubleday & Co., Inc.

"Despite the killing and destruction, we are in no better position now than we were a year ago—and we will not be in any better position a year from now," said Kennedy.

Stanley Steamer Bus Brings $31,000

NEW YORK (AP) — A 1914 Stanley Steamer bus, still capable of going 50 miles an hour, was auctionedd yesterday for $31,000 at the Parke-Bernet Galleries.

The 12-passenger mountain wagon was built to carry residents around the Stanley Hotel in Estes Park, Colo. Neither the successful bidder nor the previous owner was identified.

Rioting At College Leads To Arrests

WILBERFORCE, Ohio (AP) — Students threw stones, bottles, furniture and other objects in a riot that ended today with 91 arrests as police and National Guardsmen patroled the predominantly Negro Central State University campus.

At least 10 Ohio highway patrolmen and sheriff's deputies were injured, mostly by thrown objects, authorities said. Most of the injuries were minor, but one patrolmen suffered a broken leg.

The Greene County sheriff's office said between 300 and 400 students were involved. Several of those arrested also complained of injuries.

About 600 National Guardsmen moved into the area last night to help put down the riot. About half moved onto the campus and the others were on standby at the county fairgrounds four miles away.

Capt. Dwight Carey of the highway patrol said classes would be held today but that no other student congregations would be permitted.

Several fires, most of them minor, were reported on and off the campus. The display window was shot out of a furniture store two miles from campus and a fire caused damage to a grocery at Xenia, four miles from the campus. The highway patrol reported 12 of its patrol cars and three sheriff's cars damaged.

The disturbance started at midmorning yesterday along with the return to the campus of an expelled student, Michael Warren, 23, of Cleveland.

WORLD NEWS IN BRIEF

Ex-Aide Dies

CASTLEROCK, Northern Ireland (UPI)—Air Marshal Sir George Beamish, former air aide to King George VI, was found dead yesterday at his home. He was 62. Beamish retired in 1958 after a career as a pilot, instructor, commander in chief and cammandant of the Royal Air Force School.

'Walking' Gold

TOKYO (UPI)—Customs officials observing the walk of Catherine Anne Bromley became suspicious of her baggy skirts and unsteady steps. The English woman was searched and police said today they found 25 gold bars weighing 60 pounds and worth $32,000 tucked away in her underwear.

A Brain Drain

RABAT (UPI)—King Hassan of Morocco Monday night urged African countries to raise their education standards to stop a brain drain. "Often our best students, not content with the education they have received, leave their own countries to complete their studies abroad and do not return to their homelands, thus depriving the latter of much-needed competent careers.

In Trade Feud

ATHENS (UPI)—The Greek government yesterday accused Denmark of meddling in its internal affairs and said it saw "no need whatsoever" of continuing trading with the Danes. Informed sources said the Greek government would probably obstruct trade by delaying invoices on Danish imports. Denmark has been strongly critical of the regime created by the April 21 army coup.

Climber Found

NEW DELHI (UPI)—Searchers today found the body of Geoffrey Leonard Hill of Australia, one of three mountain climbers lost since Oct. 331 on Makerbeh Peak in Kulu Valley in the north of India. No trace was found of his two companions. The search, which began Nov. 2, was called off to resume again when the weather improves.

Rescue Begins

MANILA (UPI)—U.S. Navy helicopters from the aircraft carrier Kearsarge today began the rescue of 27 crewmen from the M.S. Jinyang that ran aground in the South China Sea. A Navy spokesman said patrol craft answered the distress call 150 nautical miles west northwest of Manila until the helicopters arrived from the Kearsarge.

GI Gets 30 Months For Refusing Tour

SAN FRANCISCO (AP) — A general court martial has sentenced Army Pvt. Ronald Lockman to 30 months at hard labor for refusing orders to go to Vietnam.

The court convicted and sentenced Lockman yesterday after a trial punctured by clashes between military police and anti-war demonstrators at the Presidio, 6th Army headquarters.

SEVEN ARRESTED

Seven demonstrators were arrested outside the courtroom. MPs carried six others from the court.

"I would do it again," declared Lockman, 23, a Philadelphia Negro, after hearing the sentence.

"My father had doubts about this, but I know for a fact that I was right."

The court officers deliberated only 11 minutes on convicting Lockman on two counts of refusing to obey lawful orders.

They pondered 20 minutes longer in deciding the 30 months sentence with dishonorable discharge. The maximum term is five years.

The case automatically will go to a military review board and can be carried to the Military Court of Appeals.

However, Stanley Faulkner, one of Lockman's attorneys, said a direct appeal will be made to the U.S. Supreme Court.

He said a habeas corpus action in the high court will protest the court martial's banning of any challenge of the constitutionality of the Vietnam war.

From the time of his Sept. 15 arrest for refusing to fly to Vietnam, Lockman has declared he believed the war to be illegal.

On the witness stand he said, "I could not subject myself to the atrocities being committed by our soldiers in Vietnam.

"We black people are oppressed. We have no business in a civil war."

Mrs. Vivian Williams, Lockman's mother, collapsed briefly in the court after hearing the prison sentence for her son.

MOTHER SHOCKED

Mrs. Williams and Lynette Polk, 20, of Philadelphia, Lockman's girl friend, sat by him with tear-filled eyes at a news conference after the trial.

The court was quiet when the conviction verdict was read—in contrast to the disorder which erupted at the trial's outset.

As formal charges were handed to the court officers, one spectator shouted, "This trial is illegal and unconstitutional."

MPs carried the man, who identified himself as Richard Chariper, 42, of Los Angeles, from the room.

S.P. Defies Orders, Charges For Parking

SAN FRANCISCO (AP) — Southern Pacific is defying a State Public Utilities Commission order by continuing to charge parking fees at eight of its San Francisco Peninsula stations.

The company was ordered recently to cease and desist. But SP informed its commuters last night: "These charges are fair and they are in effect."

Gen. Hochmuth Is Killed In Copter Crash

DA NANG, Vietnam (AP) — Maj. Gen. Bruno A. Hochmuth, 56, commander of the U.S. 3rd Marine Division, was killed today when his helicopter exploded in the air and crashed near South Vietnam's "Street without Joy." He was the second American general killed in the Vietnam war.

The cause of the explosion was not immediately known. U.S. military headquarters in Saigion said it was not believed there was any enemy fire in the area at the time, but Marine officers in Da Nang said they did not rule out that possibility.

Four other men—two American pilots, the American crew chief and a Vietnamese interpreter—died in the explosion and crash about 10 miles north of Hue and 400 miles north of Saigon.

That is the area author-historian Bernard Fall named the "Street Without Joy" because of action there during France's Indochina war. Fall was killed by a booby trap in the area last Feb. 21.

Car Trunk Lid Kills Car Owner

BUFFALO, N.Y. (AP) — Walter A. Baumgart, 62, of Buffalo, died of suffocation last night when, police said, the trunk lid of his automobile slammed shut as he worked inside the compartment.

Police said the car was parked in Baumgart's garage with the motor running when a chair fell from rafters, striking the trunk lid and causing the latch to snap shut.

A daughter discovered the body.

Fire Razes Garden Furniture Plant

WATSONVILLE (UPI) — A garden furniture manufacturing plant and warehouse burned to the ground yesterday at the Monterey Bay Furniture Company's facility on the Monterey Bay Academy campus.

A state fire official estimated the loss at between $500,000 and $750,000 at the La Selva Beach site. About 60 firemen and scores of volunteers from seven nearby communities battled the blaze.

No Guard Needed; Vault 'Impregnable

LONDON (UPI)—The London Cooperative Society six months ago for economy reasons dropped the security guard at the "impregnable" vault in its main office. Today 20 Scotland Yard detective teams were searching for the thieves who cracked the vault for what may be the biggest haul in history.

The thieves burned their way Sunday into the underground vault with a 4,532-degree Fahrenheit thermal lance —a torch that burns high-pressure oxygen —and rifled more than 100 of the 620 boxes belonging to depositors.

ALARM JANGLES

An alarm bell on a building across the street was touched off accidentally and police investigated it but could not turn it off. The false alarm jangled across the street for 24 hours while the thieves were at work.

Unofficial estimates of the haul ranged from $1.4 million to $14 milion, probably all in cash. The largest previous hauls were $7,268,794 in the great train robbery Aug. 8, 1963, at Cheddington, England and $9,878,400 in the looting of the Bavarian gold reserve in 1945.

AMOUNT UNKNOWN

Officials said they could not pin down the figure until all the robbed depositors could be contacted, and that could take weeks.

"We just can't estimate what money has been stolen because we just don't know ahat our customers put in their boxes," according to Duncan McNab, chief executive officer of the society.

A co-op spokesman said the renters of the boxes will have to bear any losses.

"When people take out a contract to hire or rent a box, the box and contents become their responsibility," the spokesman said. "It is up to them to insure it if they wish. We accept no responsibility whatsoever for what has been stolen. We merely guarantee to give the best available protection."

ONLY CASH

An elevator operator reporting for work at the co-op in the seamy Stratford area yesterday morning discovered the break in. Jewelry, gold watches and gold sovereigns, premium bonds and documents littered the floor, indicating the thieves were interested only in cash.

Mayor Opposes Fast Viet Pullout

BERKELEY (AP)—Berkeley Mayor Wallace Johnson, just back from a trip to Southeast Asia, says military pressure on North Vietnam must be continued until 1969.

Johnson told newsmen yesterday that the Viet Cong will not change its present tactics until after the presidential election next year.

An immediate pullout of American forces would be "disastrous to South Vietnam," he said.

REDISTRICTING SHOWDOWN

Appearing less worried over the fate of his bill to reapportion California congressional districts than his seatmates, Assemblyman Jack Fenton, D-Montebello, (second from left), listens as his bill wins lower house passage 42 to 25. (See story on page 1.) Watching the action in Sacramento yesterday are (from left) Assembly Elections and Reapportionment Committee consultant Richard Dugally; Fenton; Assemblyman Newton Russel, R-Tujunga, and Assemblyman Craig Biddle, R-Riverside. Here's How To Build A Handy Sharkarium

LONDON (UPI)—"How To Keep A Man-Eating Shark," a booklet published here, gives directions on how to build a sharkarium. It must be 1,000 feet long and 20 feet deep. If you happen to fall into the sharkarium, the booklet advises:

"Do get out as soon as possible."

Mill Valley Opposed To Bus On Rails

The Mill Valley Planning Commission last night threw cold water on a proposal to run commute buses with retractable railroad wheels on Marin railroad rights of way.

The commission branded the plan, recently reviewed by Supervisor Peter Behr, "undesirable," and pointed to the East Mill Valley plan adopted two years ago, which called for abandonment of the Northwestern Pacific Railroad right of way through Mill Valley.

The committee also recommended that all forms of land transit be integrated with the freeway instead of using separate areas.

In another action, the commission approved street layouts in the proposed 58.9 acre Millridge subdivision. The commission will take a field trip to the site after proposed street lines are staked out on the ground.

The Mill Valley Planning Commission also:

SUBDIVISION — Approved a requst by Claude Lowenthal to split a parcel at 67 Molino Avenue into three lots.

VARIANCE — Approved a variance sought by Martin Stuart to allow building a new house at 500 Tamalpais Avenue to within three feet of the property line, and an encroachment permit allowing the carport to be built partly on city right of way.

STREETS — Were asked by Planning Director Harvey E. Bragdon to make a field inspection of the area of the proposed relocation of the Camino Alto-East Blithedale Avenue intersection.

The commission did not discuss the 701 study plan as scheduled.

The idea of the dental certificate, used across the nation to encourage school children to have proper dental care, was suggested by the Mississippi State Board of Health in the 1920s.

Deficit Of Western Weekend Is Cut $425

The Western Weekend Inc. board last night learned that its debt was reduced by nearly half, or from $1,043 to $618, according to Joseph Forrest, secretary.

The Novato Chamber of Commerce and Kiwanis Club each paid $150 toward the debt, Forrest said. The club also received $125 in back payments from last summer's celebration, making a total of $425 received, Forrest said.

Three new members were named to the board and one vacancy was filled. New members are Robert Lillie, representing Novato Junior Chamber of Commerce; George McDaniel, representing the Chamber of Commerce and Forrest representing the Novato Horsemen Inc. Stanley Montagne, representing the Lions Club, was named to fill the vacancy of Charles Douglas, who resigned last month.

The board set next Tuesday for the election of officers for the coming year.

It tentatively set the date for next summer's Western Weekend celebration at Father's Day weekend, rather than the week following it as in the past.

Novatan Injured In Rainy Crash

Robert Bennett McCreadie, 35, of 1127 Grant Avenue, Novato, was hospitalized yesterday after his car slid off rain-slick Highway 101 at Puerto Suello Hill.

McCreadie told California Highway patrolmen his southbound car "just ran off the road" at 9:30 p.m., landing on the railroad tracks.

He was reported in fair condition today at Marin General Hospital with chest bruises and face cuts.

Police Testing Big Searchlight

NEW YORK (AP) — Police department helicopters tested a new high-powered searchlight above Central Park last night, arousing the curiosity of hundreds of persons who swamped police headquarters with anxious telephone calls.

Lt. Kenneth Johnston of the department's helicopter squad said the new light, now being used in Vietnam by military craft, is 10 times more powerful than those currently in use on city helicopters.

He said the city plans to use the new light on police helicopters to aid in night rescue operations. During the test, Johnston said, the pilots attempted to pick out mounted patrolmen and radio cars in the park.

Fairfax General Plan On Agenda

The Fairfax Planning Commission will meet in special session Thursday to consider land use, circulation and downtown portion of the proposed Fairfax general plan.

The meeting will be at 8 p.m. ah the Fairfax Women's Club.

Commissioners at an adjourned meeting last Thursday gave preliminary approval to a 99-bed convalesecent hospital and 66 apartments planned for 8.2 acres of land northeast of the Olema Road-Sir Francis Drake Boulevard junction.

Our amazing new Check Reserve Account comes with a built-in supply of money.

The idea is to keep you in the money when your personal checking account's running out.

It works like this: once your Check Reserve application's approved, we'll open a line of credit for you.

Then, should you overdraw, we'll automatically lend you ample money and deposit it in your account.

So you're in the clear. Your checks will be covered. And you won't be embarrassed.

We'd like to suggest you come in today and apply for our new Check Reserve Account. You may find it'll come in handy for meeting real estate taxes due by December 11, for holiday bills, for emergencies.

On the other hand, you may never need to use your credit. (In which case, of course, there won't be any charge for credit.)

But think of what a nice feeling it'll be to have more money in the bank than you need.

firm gave Gregonis a good reference.

Sharrett, who has been a painter on the bridge since 1946, was the principal witness for the defense's attempt yesterday to show that the fired painters were poor workmen, not the victims of racial discrimination.

Sharrett flatly denied testimony that he made remarks like "there will be no niggers working out here as painters" and "I'll never hire any of those black SOBs." He said he had no prejudices against Negroes, and he told, instead, a story of "bending over backward" to help Wilkins, whom he described as a sloppy painter who did not respond to instructions.

He had three of the leadermen — Clyde Laidlaw, Ralph Disharoon and William Gavre — writing reports on Wilkins, Haugabook and the other painters, and he said he usually had a look at Wilkins' painting "at least once a day."

"One time Gavre and I told Wilkins he was too slow and not cleaning up the rust well enough," said Sharrett. "We told him if he needed any help we'd be glad to help him. Gavre had to show him how to hold the brush, how to tie himself on, how to move his scaffold.

"He would say 'yep, yes, okay.' That's all he would say. Nearly every day, I found that Wilkins had left rust under his paint. I have found rust with other painters, but nothing like Mr. Wilkins. He never corrected it. The others did."

Sharrett said Wilkins once sandblasted his own hand, instead of the bridge, and another occasion, he dropped a hook from his scaffold. Haugabook tipped over three buckets of paint in one day, said Sharrett.

Wilkins was hired by the bridge out of a car wash and parking lot in San Francisco and was fired once for incompetence, Haugabook, who had previous experience as a painter, was hired and Wilkins was re-hired in an agreement with the FEPC. They were given final notices in March of this year.

The reports from the leadermen on the painters' work began after Wilkins' initially successful complaint with the FEPC. They continued until December 1966, said Sharrett, when he ordered them discontinued. "I didn't think I was getting fair reports from the leadermen," he said.

The bridge's general manager, James Adam, admitted yesterday that, except for painters, no Negro has ever been employed among the bridge's skilled workers, which include operating engineers, electricians, machinists, mechanics and ironworkers.

Most of the cross examination on behalf of Wilkins and Haugabook is being done by Francis J. McTernan, who represents Painters Union Local 4.

The case is as much a duel between the union and the bridge management as it is an investigation into the discrimination charges of Haugabook and Wilkins.

The hearing is expected to continue for several days in the State Building, at 455 Golden Gate Avenue. The commission accumulated a 600-page transcript on the discrimination case when it heard a week of testimony in September.

REAGAN

heard Reagan's communications director, Lyn Nofziger, "leak" the story that the aides were fired because of the alleged homosexual activities.

"That's up to them if they want to say that," Reagan said. "If there's a credibility gap, all right . . . Now which one of you are going to write that I thumped the table?"

Reagan banged the rostrum once or twice during his last news conference two weeks ago when he first was asked about the subject.

The governor did say he regretted a comment, given during an interview, that — as phrased by a reporter — "Pearson better not spit on the sidewalk if he returns to California."

"That was an injudicious statement," Reagan said. "Yes, I said it . . . I shouldn't have said it."

And Reagan added, "I just can't believe you fellows want to pursue this question."

Later in the conference, Reagan also said he was sorry he had commented that the visit of a Danish official to Sonoma State Hospital for the mentally retarded might have been "rigged" by hospital workers to make the administration look bad.

Reagan said his statement was based on news accounts of what hospital personnel had said, but that he later learned the hospital staff members "never made those" statements.

"I suppose I should apologize for believing momentarily that they did," Reagan said.

A reporter asked Reagan if he felt he was "shooting from the hip" in making such statements.

"No," the governor replied, but said he would be more careful in commenting in the future on reports before he had checked their accuracy.

San Francisco Janitor Foiled In Bridge Leap

A 35-year-old San Francisco janitor was taken into custody yesterday after being foiled in an attempt to leap from Golden Gate Bridge, the California Highway Patrol reported.

Patrol officer Kent B. Bergquist reported that the man, Ben Cantero, had been in a car with Harry Tate of San Francisco and asked Tate to drive him across the bridge because he wanted to jump off.

Tate told officers he stopped at a gas station and had the attendant notify the bridge office.

Cantero tried to jump out of the moving car at mid-span but Tate held on to him and yelled for help from passing motorists, officers reported.

COURT

Continued form page 1

case challenging the legality of the death penalty is now being argued in a Los Angeles Superior Court.

The state Supreme Court has announced plans to consider the issue next spring, and federal court action is anticipated afterward if the state courts uphold the penalty.

However, Massie has refused to avail himself of the "guaranteed stay" and has even dismissed his attorney. Lawyers working in his behalf are acting as "friends of the court."

Massie abandoned attempts to avoid the gas chamber in September, when he wrote Gov. Ronald Reagan's clemency secretary a letter which said in part:

"I desire no intervention from the governor's office regarding my sentence of death."

However, Gov. Ronald Reagan stayed the original execution date of Oct. 10 to allow Massie to testify at the retrial of an alleged accomplice in the robbery which led to the death of Mrs. Mildred Weiss.

The new execution date was set after the trial.

The last man to die at San Quentin was Aaron Mitchell, who was executed April 12 for the slaying of a Sacramento police officer. He was the first man to go to the gas chamber in four years.

Japan Minister Praises Peace Efforts By U.S.

WASHINGTON (UPI)—President Johnson met today with Prime Minister Eisaku Sato of Japan who praised Johnson for his efforts "to bring peace and stability to the world."

In welcoming Sato to the White House, Johnson said the destinies of Japan and the United States "are very closely linked together by geography and national interest."

"The objectives of America and Japan are very much the same," Johnson told Sato. "We both want peace in all the world, particularly in that part of the world where we do not have it now."

Sato stressed a similar theme, saying that the need for cooperation between the two countries has never been greater.

About 600 persons attended the elaborate, red-carpet ceremony on the south lawn of the White House in cloudy, cool weather. Sato said an objective of his talks with Johnson is to seek "adjustment and expansion of the national interest of both countries.

The two arranged two one-hour sessions on such matters as the Vietnam war, the Southeast Asian situation generally, and in particular the future of the Ryukyus Islands captured from Japan in World War II.

Sato praised the President for U. S. efforts "to bring peace and stability to the world, particularly in Asia at this moment."

The prime minister arrived in Washington yesterday and spent the night at Blair House, quarters for distinguished visitors just across Pennsylvania Avenue from the Executive Mansion.

REMAP

Conrad, R-Sherman Oaks. It was killed yesterday in Fenton's committee. Today, Sen. Clark L. Bradley, R-San Jose, reintroduced it as Senate Bill 5, only to have it promptly killed again in the Senate committee.

The Assembly dropped an alternate suggestion by Bagley to shift Napa County from the first to the fourth district, and to make several other shifts and splits of other counties.

Fenton's bill would put 163,000 Marin residents, or 70 per cent of the county's population, in the San Francisco district of Republican William S. Mailliard.

The Senate Elections and Reapportionment Committee has been considering two bills, SB 1, by Sen. James R. Mills, D-San Diego, and SB 2, by Sen. John F. McCarthy, R-San Rafael.

Mills, chairman of the Senate Elections and Reapportionment Committee, favors an east-west line through Marin that would leave Marinwood, Lucas Valley, Terra Linda, Los Ranchitos and San Rafael Meadows in the First Congressional Disttict.

McCarthy's bill would avoid splitting Marin by shifting it from the first district to Alameda County's seventh district.

The legislature's special redistricting session was called to satisfy the state Supreme Court's ruling that districts must have generally equal population. If the legislators fail to adopt a suitable redistricting play by Dec. 7, the court said, it will do the job itself.

Leaders of both houses agree a final compromise bill will have to be drawn in a conference committee.

Painful Problem For The Retarded

SAN FRANCISCO (UPI)—A toothache is just a toothache to everyone but a retarded child.

Merle Morris, chairman of the Children's Dentistry Section at the University of California Medical Centers says many retarded children are not able to identify the source of their pain. An aching tooth or inflamed gum may make such children miserable for months or even years if not discovered and treated, Morris says.

Girl, 18, Hears Charge Of Tryst In Family Center

An 18-year-old girl allegedly found in bed with a youthful Family Rehabilitation Center resident was arraigned in Marin Municipal Court yesterday on a charge of contributing to his delinquency.

Plea netry for the girl, Connie Evelyn Rosser of Wilkins Hotel, San Rafael, was scheduled for this afternoon. The public defender's office was appointed by Judge Hadden W. Roth to represent her. She remained in county jail today in lieu of $625 bail.

Connie Lashbrook, an administrator at the center in Lucas Valley, told deputies she was making her rounds Sunday when she checked out the room occupied by the boy.

She found Miss Rosser asleep by his side, she told officers, and notified deputies who arrived and awakened the pair. They said the boy reported the girl had been to his room "on numerous occasions," and had not been detected. The girl claimed the youth is father of her unborn child, deputies added.

Terra Linda Rec Board's Session Open

Last night's meeting of the Terra Linda Recreation and Park District board was not a closed meeting as originally planned, according to one member of the board.

Chairman Norman Gruin, who was to have issued a press release, was out of the county this morning and could not be reached for a report.

Director A. F. Marcelli, reached at his Oakland office, said the discussion last night centered on whether or not the district would contract for maintenance of its parks and facilities in the future. He said the directors decided to hold a special meeting on Nov. 27 to discuss this question further and make a decision if possible.

Marcelli said he heard of no complaints or charges against any employee. There was no need to go into closed session last night, and the meeting remained open throughout, Marcelli added.

$150,000 Asked Over Alleged School Scuffle

An alleged scuffle in the Sir Francis Drake High School boys' locker room has resulted in a $150,000 suit against the Tamalpais Union High School District.

The suit, filed in Marin Superior Court yesterday by George Lambert of 39 Manor View, Oak Manor, claims his son, Jeffrey Lambert, 17, suffered permanent injuries when attacked by four classmates in the shower area Jan. 18, 1967.

The action said Raymond White and three unnamed students jumped Jeffrey in the shower area after a swimming class and knocked him to the floor.

Young Lambert allegedly suffered head and body injuries.

Lambert filed a claim against the high school district, but it was rejected, the suit said.

He asks general damages of $150,000 from the school district, White and his parents, and the three other students.

With about $10 billion in coins in circulation in the U.S. this figures to about $8 for each person over 14 years of age.

Longtime printer

OBITUARIES

Printer John A. Locati Dies

John A. Locati, 61, of San Rafael, a printer for the Independent-Journal for 19 years, died last night in a local hospital after a long illness.

Locati was born in San Rafael and had owned and operated a printing company here before joining the newspaper. He resided with his wife, Lucille, at 93 Jewell Street.

He was a member of San Francisco Typographical Union No. 21 and was a past president of the Marin County Firemen's Association.

Locati is survived by his wife; a daughter, Mrs. Joanne L. Belle; and two sons, Richard G. Locati and John A. Locati Jr. Also surviving are his parents, Baptist and Frances Molinelli; a sister, Mrs. Mary Lautewasser; and two brothers, Albert Locati and Charles Molinelli.

The Rosary will be recited at 8 p.m. tomorrow at the Keaton Mortuary, San Rafael. A Requiem Mass will be offered at 9:30 a.m. Thursday at St. Raphael's Roman Catholic Church, San Rafael. Interment will be at Mount Olivet Cemetery, San Rafael.

The family requests memorial contributions to the American Cancer Society or to Kaiser Foundation Research Institute, with the donation restricted to cancer research.

POLICY

Continued form page 1

about the so-called 'standdowns,'" he said. "We've had them in past years and in each and every case, the truce has been violated by the Communists.

There has been no official U.S. comment on a possible bombing halt since South Vietnamese President Nguyen Van Thieu recently announced his intention of seeking a 24-hour ceasefire for Christmas, another 24-hour truce for Jan. 1, and a 48-hour truce during Tet, the Buddhist new year in February.

NOT TREASON

On Capitol Hill Sen. George D. Aaiken says Johnson and administration officials imply Vietnam war policy criticism borders on treason. The Vermont Republican calls it "hitting below the belt."

Aiken, a member of the Senate Foreign Relations Committee, took issue with a yesterday statement by Ellsworth Bunker, U.S. Ambassador to South Vietnam, that domestic dissent acts to "encourage the North Vietnamese to hold on."

SHARP CRITIC

A sharp critic of Johnson's escalation of the U.S. war effort, Aiken said in an interview he detects a pattern in weekend speeches by the President, a New York talk yesterday by Vice President Hubert H. Humphrey and in Bunker's remarks, a pattern of blaming critics for what he called lack of success in Southeast Asia.

Meanwhile today Bunker said American antiwar demonstrations were "disturbing the Vietnamese" in Saigon but that the moral of U.S. troops in Vietnam "has never been better."

BUNKER'S VIEWS

Beginning the second day of a packed several-days schedule of high-level talks, speeches, congressional testimony and interviews on the war, Bunker continued to present a generally optimistic picture of the conflict, as he did after a meeting Monday with President Johnson.

MAURICE FRANCIS FITZ-GERALD

Maurice Francis Fitz-Gerald, 6th Duke of Leinster of Ireland, died yesterday in a local convalescent hospital after a short illness. He was 80.

Fitz-Gerald declared himself legally dead in 1922 in order for the title to pass to his brother, Lord Edward Fitz-Gerald of Sussex, England, who is the 7th duke.

He had lived in Marin County about 15 years and made his home in an apartment at 175 Nova Albion Way, San Rafael.

Born in Ireland, Fitz-Gerald left the country in 1903 and attended a military school in Montreal, Canada until he was 15.

Later he joined wild west shows as a rough rider and traveled widely throughout the United States and Canada. He served in the Canadian forces during World War I.

In the early 1930s, he took bit parts in movies and later became a rancher in St. Louis.

He is survived by his wife, Goldie May Fitz-Gerald; three daughters, Mrs. Glen S. Roberts of San Rafael, Mrs. Theresa Caudill of Coolidge, Ariz., and Mrs. Alice C. Porter of South San Franciscop a son, Leonard C. Fitz-Gerald of Cotati; his brother, Edward Fitz-Gerald; and eight grandchildren.

Requiem mass will be offered Thursday at 10 a.m. at St. Isabella's Church, San Rafael. Rosary will be recited at Harry M. Williams Mortuary, San Rafael tomorrow at 8 p.m. Burial will be in Mount Olivet Cemetery, San Rafael.

MARVEL SMITH

Funeral was held today for Mrs. Marvel Padgett Smith, 66, mother of James P. Smith of Mill Valley. She died Saturday in a Petaluma hospital after a long illness.

Mrs. Smith was born in Vincennes, Ind., and had lived in the Bay Area for 30 years, moving to Petaluma five years ago.

She was a member of the Golden Age Society in Petaluma.

Surviving are a daughter, Mrs. Glen Mary Murry of Petaluma and two sons, William MacFarland of Newport Beach, and Smith.

The funeral was at Sorensen Funeral Home, Petaluma, with interment at Alta Mesa Cemetery, Palo Alto.

T. J. DONNELLY

Tinclent John Donnelly of 125 Calumet Avenue, San Anselmo, died yesterday in a local hospital after a long illness.

A native of San Francisco, he had lived in Marin County 61 years. For 40 years before his retirement, he worked as a traffic engineer with the Pacific Telephone and Telegraph Co.

He served in the U.S. Navy during World War I.

Donnelly is survived by his wife, Mary C. Donnelly; two daughters, Mrs. Nancy Praetzel of Kentfield and Mrs. Eugenia Herr of Arlington, Va.; a sister, Mrs. Inez Niven of Larkspur; a brother, Roy Donnelly; and six grandchildren.

Funeral will be private.

JAMES V. WARE

Funeral was held yesterday in Berkeley for James V. Ware, 78, father of Mrs. Betty Joan DeMont of San Rafael and William H. Ware of Mill Valley. He died Saturday in a Santa Rosa hospital after a short illness.

Ware was born in Missouri. He retired from teaching school in Sacramento County and had resided in Sebastopol for the past five years.

He is survived by his wife, Esther M. Ware of Sebastopol; two sons, James R. Ware of Berkeley and William Ware; his daughter, Mrs. DeMont; a brother, Harvey A. Puth of Bossier City, La.; a sister, Mrs. Fannie Moore of Payette, Idaho, and 10 grandchildren.

Private funeral and entombment was at Sunset View Memorial Chapel, Berkeley.

EVA ZAVOSKY

Private funeral service was held yesterday for Mrs. Eva Zavosky, 87, of San Anselmo who died Saturday at a local convalescent hospital after a long illness.

Mrs. Zavosky was born in Czechoslovakia and had resided in Marin for 18 years.

She is survived by her husband, Frank H. Zavosky, a retired cabinet maker, residing at the family home at 20 Karl Avenue, San Anselmo. Also surviving are three sons, Frank R. Zavosky II of San Francisco, William H. Zavosky of Greenbrae and Joseph Zavosky of Palo Alto, and by five grandchildren and six great grand children.

Entombment was in Mount Olivet Cemetery, San Rafael.

Green Berets Welcome One Ex-Captive

FORT BRAGG, N.C. (AP) — Fellow Special Forces soldiers shouted "Welcome home" and embraced S. Sgt. James E. Jackson last night as he and two other U.S. Army sergeants returned to the United States after years of captivity by the Viet Cong.

The cheer for Jackson came from a trio of his comrades as he stepped off a military plane that returned him and M. Sgt. Daniel Lee Pitzer of Spring Lake, N.C., to Fort Bragg.

USES STRETCHER

Pitzer walked unsteadily and laid down on an ambulance stretcher. An Army official said he had a serious vitamin deficiency.

The third prisoner of war released in Cambodia Saturday, M. Sgt. Edward R. Johnson of Seaside, Calif., was removed from the plane in a stretcher at Washington, D.C., and taken to Walter Reed Army Hospital. He was reported suffering from dysentery and malnutrition.

The three sergeants were accompanied as far as New York by Thomas Hayden, a Newark, N.J., writer who brought them out of Cambodia. Hayden is a member of an American peace committee that also includes Dr. Martin Luther King Jr., Dr. Benjamin Spock and singer Joan Baez.

GOODWILL GESTURE

King said the release was a gesture of goodwill toward American Negroes. Jackson and Johnson are Negroes.

Jackson smiled broadly, as three fellow Green Berets embraced him and slapped him on the back on his homecoming. All three former captives received their Special Forces training at Bragg.

Jackson, captured on July 5, 1967, had spent less time in the Viet Cong's hands than the others. Pitzer was captured in October, 1963, and Johnson had been a prisoner since 1964.

Army hospitals said they did not know how long Pitzer and Jackson might be hospitalized at Fort Bragg. They were to be given thorough physical and mental examinations.

Officials also would not say when details of the trio's captivity and release would be made public or when newsmen would be allowed to talk with them.

Tiburon Council Fetes Citizens For Service

Tiburon's City Council meeting opened with a festive air last night as 17 citizens were given awards and a recorded Mexican band played "Tiburon, Tiburon."

Under "extraordinary business," plaques honoring their past service to the city were awarded to former planning commissioners John J. Berryman, Alton S. Lee, John McChesney, Helen Newman, Donald J. O'Leary; former councilmen Anne L. Ellinwood, Fred C. Hannahs, Jacqueline A. Parnell and Leo Souza; former parks and recreation commissioners Irving Moulin and Robert D. Singer.

Resolutions of appreciation were also given to planning commissioners Rampton W. Harvey, Allan N. Littman, Peter MacGowan, Joseph C. Marshall, Stephen H.Nash, Erik Rettig, Berryman, Lee McChesney, Newmand and O'Leary.

A public hearing on a proposed sign ordinance was continued to Nov. 27 as the council wanted it "tuned up" by City Atty. Robert I. Conn and the Tiburon Peninsula Advisory Committee which is studying the ordinance, then sent back to the planning commission.

Councilman Thomas E. Drohan, chairman of the council's lands and development committee, was directed to document specific changes to be requested of the commission.

Tiburon City Council Last Night Also:

GAS TAX FUNDS — Adopted by resolution a budget of $49,365.27 to enable the city to spend funds for street construction allocated by the state Division of Highways for the city.

NEW COMMISSIONER — Confirmed Mayor John S. Hoffmire's appointment of David H. Teather to the parks and recreation commission.

CONSULTANT FEE — Discussed planning consultant George Gatter's fee of $350 a month for 15 hours work and finally approved Gatter's billing for $430.10 for extra services on the zoning ordinance.

COUNTY SERVICE AREA — Authorized Mayor Hoffmire to attend the board of supervisors meeting today and lend Tiburon's support to the establishment of a county service area for extended police protection in unincorporated areas of the county.

FILL EXTENSION — Agreed to back up the planning commission's recommendation that the city is not opposed to renewing a permit extending time for the Division of Highways to place fill on the east shoreline of Richardson Bay, in conjunction with widening of Tiburon Boulevard. Permission included the provision that the Army Corps of Engineers make this renewal conditional on the Division of Highways consulting the city on anything further to be done on improving Tiburon Boulevard beyond Reed Ranch Road.

SUBDIVISION AGREEMENT — Approved unanimously a minor subdivision agreement with Paul McCart for a piece of land next to Pine Terrace, to be divided into three lots, which insures that the developer will construct a street and other improvements. The subdivision was originally approved by the county before Tiburon was incorporated but now requires authorization by the mayor.

STORM DRAIN REPAIR — Heard from Rose that the Raymond Noels have agreed to repair a storm drain on their property at 34 Reed Ranch Road, so no action by the city is necessary.

LAND PURCHASE — Authorized Rose to negotiate an agreement with the state for an excess parcel of land with 7,233 square feet at the northwest intersection of Reed Ranch Road and Tiburon Boulevard, which the state wants to sell for a fair market value of $1,490.

STREET LIGHTS — Forwarded to the planning commission a request from the Chamber of Commerce that street lights on main street be attached to buildings and that a sidewalk be constructed on Tiburon Boulevard.

CLOSED SESSION — Adjourned to a closed session at 11:40 p.m. to discuss possible hiring of Atty. Edwin N. Ness to represent the city in assessment proceedings for El Marinero subdivision and to consider the seventh appointment for the parks and recreation commission. Following the 20-minute session, Mayor Hoffmire said he had no announcement yet to make on either topic and that both, would be discussed further before a decision was reached.

MARIN FIRE CALLS

YESTERDAY:

9:40 a.m., Novato — Smouldering fire in twigs in culvert at 4 Angelica Court.

10:45 a.m., Sausalito — Discarded cigarette started fire in piling alongside Trade Fair ferryboat; no damage.

3:02 p.m., Alto — Purse left on stove caught fire at apartment of Pam Petterly, 27 Reed Boulevard, Apt. 2; purse and contents burned.

3:48 p.m., San Rafael — False alarm from San Rafael Military Academy.

11:58 p.m., McNear's Beach — Short circuit in wires near quarry at McNear's Beach set power pole afire.

Lane Repair Plea Wins Tiburon Nod

Tiburon city councilmen struggled last night over how to repair a private road with public funds and finally found a compromise solution.

Residents of Linda Vista Lane requested that the city share cost of repairing the privately owned road but Deputy City Atty. Richard H. Breiner advised the council it would be unlawful to use public money.

ROSE DIFFERS

City Mgr. Lawrence D. Rose argued that the road was used for public services, such as garbage collection, access for fire and police vehicles.

Councilman William R. Bremer agreed the action would be illegal and would also violate the city's street policy. He advocated having the street dedicated to the city which could then maintain it, but was told there is a question of ownership, dating back to the days of Benjamin Lyford.

Councilman Thomas E. Drohan moved that the abutting property owners share the cost of the labor by city workers as well as materials for the street repair, as a test case only, "to keep us legal."

Councilman Gordon W. Strawbridge opposed the city's participation in the repair of a private road and voted against the final motion.

NOT PRECEDENT?

The council authorized Rose and Public Works Director Louis F. Brunini to negotiate with the property owners to arrive at a "reasonable rate."

Bemer insisted the test case should not be considered a precedent and should not be allowed to affect the city's street policy.

Jury Trial Slated In Bad Check Case

Jury trial for Donald W. Kantola, 39, accused of passing a worthless check, was scheduled yesterday in Marin Superior Court for the week of Feb. 13.

Kantola, of Vallejo, allegedly had a check Feb. 16 with intent to defraud Drake Market in San Anselmo. He also is accused of having a check with intent to defraud United Market in San Anselmo that day.

Corte Madera Planners Grant Shop Center Sign

The Corte Madera Planning Commission last night removed a sign restriction for the Paradise Shopping Center so that merchants there may erect a letter board below the existing sign.

Commissioners also approved sign requests from the Chrysler agency and Trixy's at 5597 Paradise Drive.

Approval was given a tentative map submitted by Terrence O'Flaherty for subdivision of property he owns on Paradise Drive into two lots with the restriction that he annex a portion of it now in Tiburon to Corte Madera.

Commissioners granted a request from Peter O'Hagan to create access to a lot in Chapman Park.

The planning commission meeting was adjourned at 11 p.m. with another meeting scheduled for Thursday at 7:30 p.m. in the Town Hall.

Items to be discussed at that time will be the revised agreement of the city-county planning council, preliminary regional plan being developed by the Association of Bay Area Governments and a change in the town's zoning ordinance to cover cluster housing.

"The Hugger"

Camaro SS Coupe

'68 Camaro:

Accelerates smoother, hugs the road tighter, rides quieter than ever before.

A quiet car speaks for itself. That's why Chevrolet went all out to make the '68 Camaro smoother, steadier and more silent than ever. Camaro's famous road-hugging performance has been improved with a refined suspension system.

Camaro's big-car ride has been improved, too. Soft rubber cushions snuff out road noise and vibrations. Even Camaro's new Astro Ventilation works for your peace and quiet. Adjustable vent-ports built in the instrument panel let outside air circulate without wind or noise. You don't even have to open a window! It all adds up to the silent ride of quality. See for yourself. Put a hushed '68 Camaro through its paces at your Chevrolet dealer's.

All these Chevrolet quality features, too:

- Unitized all-welded Body by Fisher.
- Power team choices up to a 396-cubic-inch V8.
- Self-adjusting Safety-Master brakes with dual cylinders.
- An automatic buzzer that reminds you to take your keys with you.
- Proved safety features like the GM-developed energy-absorbing steering column and many new ones that include armrest-shielded door handles.

CHEVROLET Be smart! Be sure! Buy now at your Chevrolet dealer's.

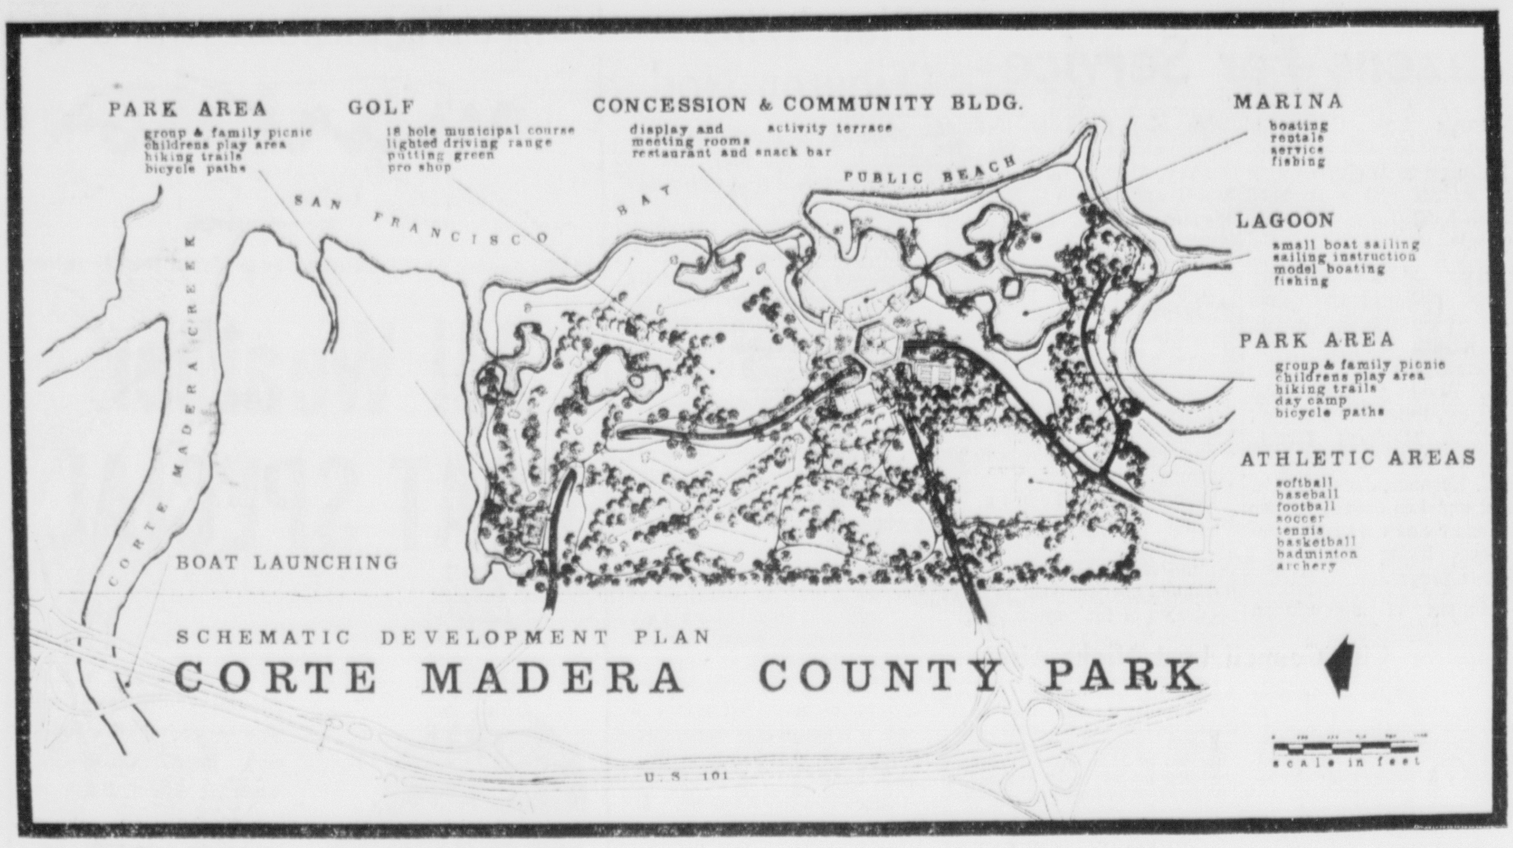
Manufacturer's suggested retail prices including Federal Excise Tax, suggested dealer delivery and handling charges. Transportation charges, accessories, optional equipment, state and local taxes additional.



PARK PROPOSAL — This multi-million dollar recreational park in the Corte Madera marshes can be created in about 11 years, at no cost to taxpayers, according to the county director of recreation and parks. Extension of Tamalpais Avenue would lead to community building at center. Golf course, marina, lagoons, sports facilities, and beach areas are envisaged in the plan.

Kentfield Withholds Kindergarten Action

Kentfield School District trustees last night decided to wait for community reaction before making a decision of whether to extend kindergarten classes from the present 150 minutes to 180 minutes a day.

Board members heard reports from Superintendent Anthony G. Bacich and business manager Elizabeth Beatty about a new state law which provides more state funds to school districts holding the longer classes.

It will be descussed again at the Nov. 27 board meeting.

Under the new law, Bacich said, teachers may only teach one session of kindergarten of the longer time period, but they are to spend the rest of the day working as resource teachers or aides.

How the Corte Madera Creek Flood Control project will affect property at Adeline E. Kent School was described to trustees by Mogen Ring, the county public works department.

Ring told board members that the county would like to use some of the school land for an access road to maintain the channel. Board members were not enthusiastic about this and asked Ring to come back to the next meeting to discuss feasibility of using land on the other side of the channel for the road.

Board members also decided to withdraw as of July 1, 1967, from the counuty library services program under which the district has been buying supplementary text books. Bacich said he felt the district could buy books more cheaply by not going through the county library.

Kentfield School District trustees also:

FUND REQUEST — Approved authorization to request $6,690 from the federal government for "developing language background for deprived children."

LOAN AUTHORIZATION — Approved an authorization to request loan frofm the county until tax revenue is received.

WORKMAN'S COMPENSATION—Decided to provide workman's compensation for unpaid volunteers.

PERSONNEL EMPLOYED — Employed Nancy Parker as a teacher's aide at Kent School at $2.25 an hour and Barbara Channel as clerk typist also of Kent at $455 a month.

Corte Madera Given Cost-Free Park Plan

be passing through any residential areas.

3. The refuse dumped will be covered each day with fill, which is available from the Corte Madera Creek dredging and from digging lagoons for use in the park area. In most cases, the southwest winds will carry the odors, if any, out toward the bay.

If anyone is inconvenienced in any way, it might be the residents south of San Clemente Creek, says Joske. "In addition to the original screening, we could have the area north of San Clemente Creek filled first so that a park area can be completed there in four to six years," Joske pointed out.

Domenic Muzzi of Burlingame owns the entire area. The recreation director presented his economic study, which shows that the entire project can be financed through revenue bonds, to be paid off from dumping fees, and still leave $1.5 million cash balance for development.

"The Bay Area in general has had very poor experience with sanitary sites," Joske said. "But these sites do not need to be operated in any objectionable manner." In other parts of the state far-sighted individuals have purchased lots and built homes, costing more than $150,000 in locations overlooking such park projects, he points out. "Examples can be seen in Palos Verdes and north of Brentwood in Southern California."

Joske contended that land values will increase next to the park area. This and the added activity that the project will generate will more than offset the loss of the marshes from the tax rolls, Joske contended.

People are becoming more affluent, work fewer hours, and demand more close-in recreation areas, Joske noted. At the same time, land prices are going up, and people cannot stand further taxes.

NO TAX COST

This pay-for-itself project is the ideal solution, Joske maintained. "Here is a location where we can preserve natural resources and where a family can spend the better part of a day without actually making an expedition of it," he said.

Joske envisaged the following facilities:

A community building with restaurant, meeting rooms and display terrace; an 18-hole golf course, driving range and putting greens; a marina with boat berthing, launching, repair and charter sport fishing; an athletic area for all types of sports; lagoons for small boat sailing, and fishing; 4,000 feet of bay frontage with the possibility of sandy beaches; and generous park areas over rolling terrain, with pedestrian and bicycle trails.

All operations suitable for private enterprise should be let out to concessionaires, Joske declared.

Marin City Woman Gets Rights Seat

Mrs. Tommie Scott of Marin City, president of the Marin City Mothers Guild, was appointed to the Marin County Human Rights Commission today by unanimous vote of the Marin County Board of Supervisors.

She succeeds William L. Moon of San Rafael, who resigned.

Mrs. Scott was recommended by the human rights commissioners themselves and by the Marin City Mothers Guild. The only other candidate was Mrs. William K. Gealey of Mill Valley, who had been recommended by the Marin Council for Civic Affairs. Administrator Alan Bruce reported that Mrs. Gealey had telephoned, requesting her name be withdrawn.

The Marin County Board of Supervisors also:

CHRISTMAS SEALS — Proclaimed today as the official start of the 1967 Marin County Christmas Seals campaign to fight tuberculosis and other respiratory diseases.

VACANCY — Announced that a vacancy exists on the Marin County Economic Opportunity Council and that anyone interested should notify the supervisors. A social agency representative is needed to succeed Miss Florence Scott, who resigned.

County holiday

COUNTY HOLIDAY — Asked the county counsel to prepare an amendment to the county code, eliminating Oct. 12 (Columbus Day) as a county holiday and making the day following Thanksgiving a holiday instead. This would go into effect next year. The total number of county holidays will remain the same — 11 per year.

WORKSHOP — Set 9 a.m. Dec. 19 as the time for a workshop session with the Marin County Human Rights Commission.

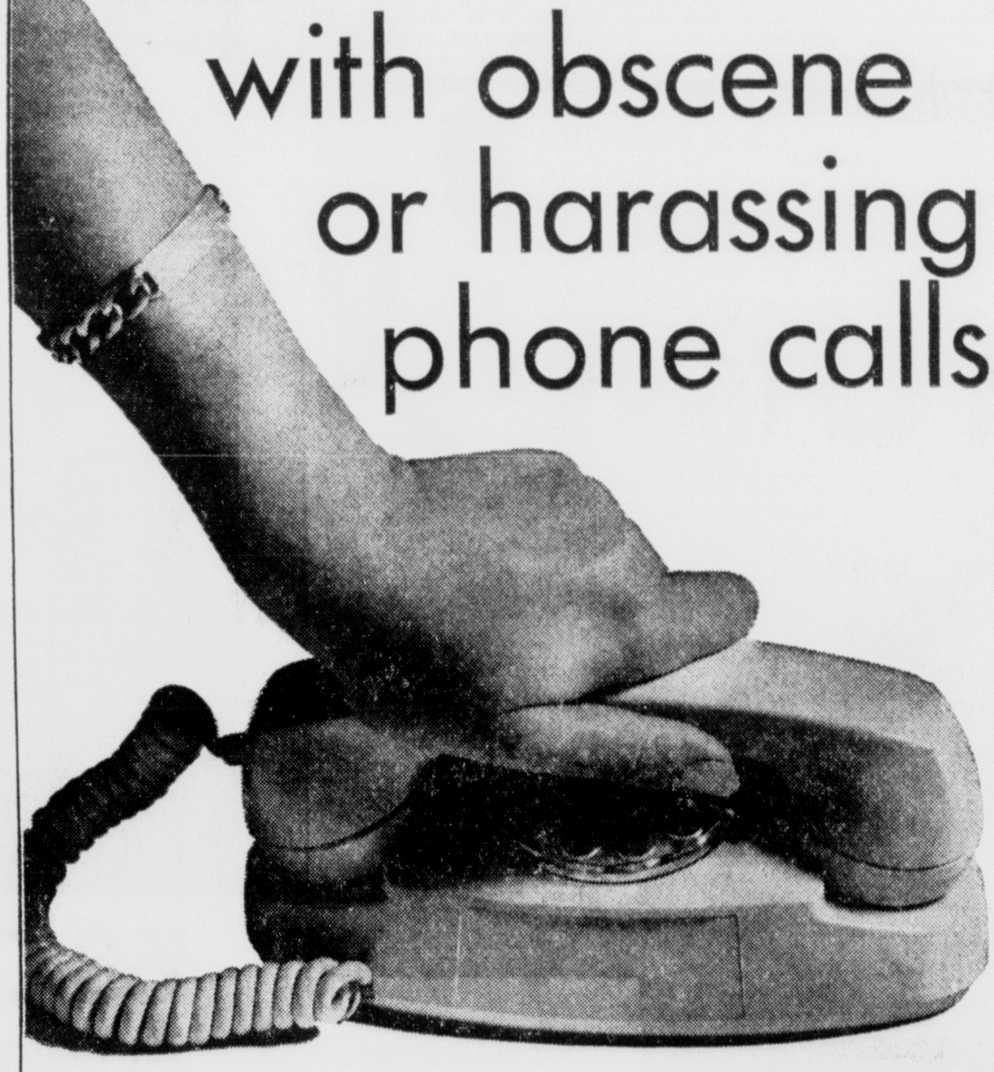
How to deal with obscene or harassing phone calls.



Women are the most frequent targets of obscene and harassing phone calls—a source of serious concern to us. If you're a woman, this ad is especially for you.

We hope you'll never receive a malicious phone call, but if you do, here are some things that could help you. First of all, remember that the troubled individuals who make obscene calls are just looking for an audience—usually a female one. Don't be that audience. Callers quickly lose interest if someone refuses to talk or listen to them. So:

Hang up—if the caller doesn't answer when you say "hello".

Hang up—at the first obscene word or improper personal question.

Hang up—if the caller doesn't identify himself to your satisfaction. And remember, never give your phone number to an unknown caller.

We can help you

Whenever you are frightened by an unwanted phone call—or whenever you receive persistent calls that are obscene, harassing or threatening—call our Business Office. We have people who are trained to assist and advise you and who can frequently help in identifying the origin of unwelcome and troublesome calls.

We want to stress that we at Pacific Telephone are deeply concerned about malicious calls. We don't want your telephone ever to become an instrument of unpleasantness or harassment for you.

Obscene and threatening phone calls violate state laws, so your police and sheriff departments are seriously concerned with the problem, too. Conviction can result in fines and imprisonment up to six months.

We're expanding our own efforts to put a stop to abusive calling, and we're working closely with law enforcement agencies in prosecuting violators. We want to do all we can to protect your right to privacy.

CRUSHING FATAL ACCIDENT

Giant wheels of a semi-trailer truck straddle a crushed auto after an unusual expressway accident in Chicago which claimed the life of the auto's driver. The truck was climbing an exit ramp yesterday from Eisenhower Expressway when it swerved through a guard rail and plunged back onto the expressway, landing atop the auto. The truck driver was injured. (AP Wirephoto)

Ostlind, Gnoss Bicker Over Airport Plan

Benjamin R. Ostlind, member of the Marin County Aviation Commission, told the Marin County Board of Supervisors this morning he cannot depend on some of his colleagues on the commission, because they "completely backtracked all support previously given the Hamilton plan."

Usually mild-mannered Supervisor William A. Gnoss of Novato immediately shot down Ostlind. "This is absolutely uncalled for," bristled Gnoss. "You are extremely out of order." Gnoss told Ostlind he should refrain from bringing up the Hamilton plan until the County airport at Novato is "off the ground."

DELAY PROPOSED

Ostlind was ired by what had happened at the last meeting of the aviation commission Nov. 7 when Chairman Joseph W. Wright introduced a resolution that would postpone construction of an air strip parallel to Hamilton Air Force Base.

Ostlind, wha has been a vigorous proponent of the parallel strip said he was "shocked at this attempted sellout." He urged the supervisors to consider new appointments when the terms of three members of the aviation commission expire next January.

'NO RIGHT'

That's when Gnoss tore into Ostlind: "You have no right to tell us who to appoint."

"I didn't come here to win a popularity contest," said Ostlind. "I just feel the board should know what's happening."

Ostlind declared the supervisors and the aviation commission previously backed the Hamilton plan, and he finds it difficult to fight for the plan "with one hand tied behind my back."

Supervisor Chairman Thomas T. Storer cut off further comment with the observation that "we've reached the point of diminishing returns."

Auto Critic Nader Returns With Meat Packing Charges

WASHINGTON (AP) — Author Ralph Nader charged today that slaughter and packing house are making bad meat into good business, and accused the Agriculture Department of "untoward submission" to industry pressures.

Nader, who reached prominence as a critic of the automobile industry, told a Senate Agriculture subcommittee there is "widespread deceptive marketing of diseased, contaminated or adulterated meat," most of it in plants which serve only a single state.

He urged passage of a bill which would have the federal government apply its meat inspection regulations to state plants within two years, unless the states adopt equivalent programs of their own.

As matters stand now, Nader said 25 per cent of all meat processed in the United States escapes federal inspection and is subject only to what he called generally deficient state rules.

Another witness, Andrew J. Biemmiller of the AFL-CIO, called for a new law to require federal inspection of all meat slaughtered and process in this country.

Council Votes $3,900 For Furnishing Hall

Belvedere City Council last night voted $3,900 to furnish the remodeled Community Hall.

Of this amount, $1,550 is for furniture made at San Quentin Prison, $1,108 for chairs, $912 for built-in filing cabinets made by M. G. West Co. of San Francisco, and up to $330 for plastic chair platforms, said City Mgr. William L. Cavelli.

Furnituer in the rented city offices at 83 Beach Road will be moved to the Community Hall at 450 San Rafael Avenue next month, when the $69,800 remodeling is to be completed, but the increased space requires more furniture, Cavalli explained. The $3,900 will not buy all the furniture needed, but no more can be bought until next fiscal year, the council agreed.

The wooden furniture made at the prison, Cavalli said, would cost 15 to 25 per cent more on the open market. Its design "leaves a bit to be desired," he noted, "but it's the best quality at the price."

The council endorsed his request to buy chairs from private manufacturers because, he said, chairs made in the prison factory "are not comfortable."

Councilmen Merritt K. Ruddock and Erwin J. Dreschsel were absent.

The Belvedere City Council Also:

CONTRACT — Awarded $4,839 contract to E. A. Forde Co. of Greenbrae for a comminuter at the Cove Road Pumping Station. The three other bidders on the machinery, which breaks up sewage into small particles before it reaches the treatment plant, were Kirkwood Bly Inc. of Santa Rosa, $5,860; Albay Construction Co. of Concord, $6,282, and Richardson and Von Raesfeld of Petaluma, $8,008. John Carollo Engineers of Lafayette, engineers for the project, had estimated the cost at $4,600.

FIRE MAINS — Hired Sturgis, Den-Dalk, Douglass and Anderson, Oakland bond counsel firm, to help form an assessment district to finance fire mains for about 60 property owners on Crest, Eucalyptus and Cliff roads, their fee to be 3 per cent of the cost of construction. Cavalli did not know the cost of construction.

TRANSIT DISTRICT — Endorsed nomination of Dean N. Meyer, Mill Valley vice mayor, as appointee by Marin County Council of Mayors and Councilmen to Marin Transit District Board of directors.

TAX — Introduced an ordinance setting a real property transfer tax of 55 cents per $500 market value. The new tax will replace a federal excise tax expiring Dec. 31.

SANDBAGS — Asked Cavalli to discuss with Tiburon city officials sandbagging the east side of Tiburon Boulevard to reduce winter flooding.

FLOOD STUDY — Approved plans by the Marin City-County Services Committee to study formation of a countywide flood control zone.

MAINTENANCE — Received report from Cavalli that city crews will shore up an eroding embankment beyow Bella Vista Avenue, and will repair a storm drain between 35 and 37 Belvedere Avenue.

Novato Bonds Sub-Committee Chairmen Named

Sub-committee chairmen for the Novato Citizens Committee for the Bonds, were named last night at the regular meeting of the committee at the Crocker-Citizens Bank.

C. L. Maurer was named head of finance; Rev. C. M. Croughan, speakers bureau; Mrs. James Mc Enfee, women's activities; Jack Whitcomb, endorsement; John Angeloni, business; Mrs. Donald M. Wilhelm, voter contact, and Carl Jensen, youth, according to Mrs. Carolyn Crabtree, publicity.

Co-Chairman Ross Wright and Paul Fry asked that anyone interested in serving on any of the sub-committees notify that committee chairman, or call the Novato City Hall, Mrs. Crabtree said.

Local organizations were asked to arrange early for speakers on the $8,000,000 streets and parks bond issue to come before the voters at a special election on Jan. 23, Mrs. Crabtree said.

Drums Stolen

Two drums and percussion equipment were stolen from a garage at the home of Allan G. Smith of 7 Madrone Avenue, San Rafael, police reported today.

Windows Damaged

Supt. Dennie B. Willis of Dixie School District reported to police yesterday three windows were damaged in the administration building at 35 Trellis Drive over the weekend, apparently with a pellet gun. No estimate of damage was given.

Students Win Debating Award

Juniors Jan Virding and Kenneth Eng of Terra Linda High School took one of the winning awards at a debate tournament Saturday in Alameda.

Twenty-six high schools with 140 debaters took part in the tournament at Encinal High School. Miss Virding and Eng won all four of the rounds in which they debated, debate coach Mrs. Lenn Bragg reported.

Two other teams — sophomore Catherine Madden and junior Robyn Goff; sophomore Ronald Engle and junior Fred Goldman — won three of the four rounds in which they debated.

The question, on which teams debated both sides, was: "Congress should establish uniform regulations to control criminal investigation and procedures."

Butchers Strike 1,100 Markets

LOS ANGELES (AP) — A Southern California meat cutters strike against 1,100 retail food markets went into its second day today with no clear indication of how much effect it will have on the consumer.

The Meatcutters Union, AFL-CIO, called the strike early yesterday. Industry officials said starting today two central meat-packaging facilities will be manned by supervisory personnel and non union workers will replace strikers.

The head of the Southern California Teamsters Joint Council, Ted Merrill, said yesterday the meat cutters have "our full and unqualified support" in the strike.

Bronze Star To Marinite For Valor

Army Second Lt. Vincent B. McLorg, 21, of San Anselmo, has been awarded the Bronze Star for valor in Vietnam.

While serving as a platoon leader with the 25th Infantry Division last July, Lt. McLorg's company was pinned down by intense sniper fire. He crossed a canal to rally his platoon, reorganized it, and moved his men to a position where they could hold down the Viet Cong fire while wounded were evacuated.

Ten days later, he was severly wounded by a land mine. He has recovered and is at Fort Ord with his wife, Kathleen.

Lt. McLorg is a son of Mr. and Mrs. Arthur McLorg, 117 Crescent Road. He is a graduate of Sir Francis Drake High School, and attended the College of Marin before entering the Army in November, 1966.

Tomales Remap Hearing Slated

A public hearing will be held tomorrow by the Marin County School District Organization Committee on six proposed areas for a Tomales School District unification plan.

The meeting will start at 8 p.m. at the West Marin School, Point Reyes Station.

Proposed unification plans include (1) Tomales High, (2) Tomales-Bolinas-Stinson, (3) Tomales-Nicasio, (4) Tomales-Bolinas - Stinson - Nicasio, (5) Tomales-Bolinas-Stinson- Lagunitas and Nicasio, (6) all of Marin County.

In a regular meeting to follow the hearing, the committee may adopt a Tomales unification proposal, according to Deputy Supt. of Schools Charles E. McCully.

New Rules For Personnel In District

The Novato Sanitary District board last night approved several changes in the district personnel rules at its regular meeting in the North Marin Water District offices.

These included giving up the three hours off on Good Friday in return, for the day after Thanksgiving. Sick leave was expanded to include not only the sickness of the employee, but also for spouse or dependents. The amount of sick leave which could be accumulated was extended from 90 to 120 days, according to Charles Joseph, manager-engineer.

PLAN FOR STUDY

The board authorized Joseph to try to get property owners around the Marin County Airport to support a study of possible sanitary facilities in that area.

Joseph was also authorized to get informal bids for the district's annual chlorine supply. In the past there has been only one supplier in the Bay Area, but now there are two, Joseph said. The district uses about 7,000 tons annually, he said.

MAIN DESIGNS

It also approved the district engineers designing small main extensions if the developer requests it, the expense to be born by the developer, according to Joseph.

Joseph reported that his staff is studying the report by Carlos E. Gonzales, civil engineer, on the proposed sewer plan for the West Novato area. Joseph said he hopes that the district can hold a property owners meeting to discuss the plan by mid-December.

Indictment On Embezzling

SAN FRANCISCO (UPI)—The San Francisco County Grand Jury last night indicted Richard P. Lilly, 28, an auto agency bookkeeper, on charges of embezzling 50,000, a loss discovered because of a 29-cent error.

Fraud detail inspectors told the jury that the discovery of the minor bookkeeping error led to a closer study of the records which uncovered the $50,000 shortage.

The inspectors said the thefts from cash bank deposits occurred from last May through September and Lilly made false bookkeeping entries to cover the shortages. Lilly has been employed by the agency for one year.

Not A Chestnut

DULUTH, Minn. (UPI)—Contrary to popular belief, the water chestnut is not a chestnut at all. It is a tuber which grows in the soil under five to 10 feet of water, according to Chun King, producer of American-Oriental food products. It is most often used to add crispness to various Oriental dishes.

Novato Planners Approve Multiple Family Rezoning

Novato Planning Commission last night approved rezoning from single family to multiple family two lots at 1612 and 1616 Center Road for Westwood Homes Inc.

The commission also approved the request of Atlantic and Pacific Building Corp. to change the location of the streets north of Dusel Court and south of Loma Verde Unit 6 in the Loma Verde master plan.

It denied the Southland Corp.'s application for a 90 square foot illuminated free standing sign for the Seven - Eleven Market at northeast corner of Diablo Avenue and Center Road.

It continued until its next meeting the request by T. R. Schuman to pave an additional 5,000 square feet adajcent to his Chevrolet garage at Highway 101 and Lamont Avenue. It also continued for 30 days consideration of the downtown Novato Center master plan as submitted by Herald Hoytt.

The first internal combustion engine operating on pulverized fuel and air compression was patented by Dr. Rudolph Diesel in 1892.

Padded Cell Look For Auto Interiors

AKRON, Ohio (UPI)—By 1969 the interior of all new cars may resemble a padded cell.

A major supplier of foam safety padding, Goodyear Tire & Rubber Co., expects that the interiors will be covered with padding, except for the glass.

State's Housekeeper Trims Budget

By PAUL E. PETERZELL

California taxpayers got a $22 million break during the first nine months of Gov. Ronald Reagan's administration just through economies by the Department of General Services, its director said yesterday.

Andrew R. Lolli, one of the very few draftees who ever became a general, told the weekly meeting of San Rafael Rotary Club at West End Villa that he hoped savings will reach $25 million by the end of the year — twice what he had expected. Next year's goal is $100 million, he said.

ANDREW R. LOLLI
Cuts state spending

REAGAN'S CHOICE

Lolli retired as a major general from the Army in August, 1966, after 31 years of service that included command of the Western North American Air Defense Command at Hamilton Air Force Base. He was assistant to the vice president of Hughes Aircraft in Fullerton, Orange County, when Reagan asked him in January to take over the state's housekeeping department.

The position is tied more closely with the governor's economy program than any other in Sacramento. The department has power over state purchasing, use of buildings and automobiles and many other areas.

Lolli said one of the first things he did was to drop in on state offices throughout California. The fact that his face wasn't known helped him see offices operating without special efforts to impress him, he noted.

EMPTY OFFICES

He then asked department heads how they could cut costs — and made it clear he expected results. "When you ask a question," he said, "be sure you've got the answer in your pocket. That way you'll know who is trying to snow you."

In San Bernandino, he found state agencies leasing space in private buildings while a new state building was 60 per cent empty. In Bakersfield, he discovered a building had been leased for 15 years at $5,000 a month — but was empty while 11 state agencies leased space in other buildings.

Department heads told Lolli he was "new here," explaining that agencies used separate buildings because they did not like to share their 161 "private funds" with one another.

"But I got stubborn," Lolli said, "and told them either move or we'll have a showdown. They moved."

As a result, the state now has a surplus of two million square feet "which we're going to give back to somebody," he said.

Pacific Telephone and Telegraph Co. was "one of the hardest nuts to crack" in the economy drive, Lolli said. The problem was that no one in state government knew how much the state was paying for telephone service. Pacific Telephone told Lolli that some department directors would not let the company tell him how much they were spending on telephone. "So I told them I would subpoena department heads and telephone company books."

Again, he got results. He found the total bill was $16 million a year — and cut this by $2 million.

COMPUTER QUARREL

Another battle was with International Business Machines "which had us over a barrel," said Lolli. "We had to have a showdown on whether IBM, or we, were running the state," he said.

Finally, contracts were "cleaned up" and bids consolidated for a saving of about 9 per cent, he said.

Insisting he was in "state service, not state politics," Lolli said Reagan "is a man of integrity. He is doing the things he said he would do — he's saving taxpayer's money."

Adviser Opposes Runaway Alerts

CHICAGO (AP) — Parents of runaway children should not broadcast appeals for their return home, a University of Chicago professor says.

"Broadcast appeals or advertising deny the child any opportunity to save face," said Robert Nee.

Nee, assistant professor of the university's School of Social Service Administration, spoke yesterday at the annual conference of the Illinois Welfare Association.

"One important thing with adolescents," he said, "is a need to maintain status with their peers. Parents need to be able to set limits without humiliating them or breaching their sense of trust."

New Auto Smog Checks Sought

SACRAMENTO (AP) — A Republican assemblyman has introduced legislation aimed at requiring smog emission inspections for all new cars sold in California.

Assemblyman James R. Hayes of Long Beach offered a resolution yesterday which would require the new State Air Resources Board to mandate inspections on individual cars. Currently, only a random portion of new vehicles are spot checked.

Hayes said medical evidence has been presented to the Assembly Transportation and Commerce Committee showing that air pollution "is in fact shortening human life by many years."

Japanese Police Seek Deserters

TOKYO (UPI)—Japanese police put four "patriotic deserters" from the U. S. Navy on their wanted lists today. An antiwar group with knowledge of the sailors refused to tell officers their whereabouts.

Police questioned leaders of the peace group shortly after it was announced that U. S. authorities had asked for Japanese help in finding the sailors.

They were identified as Michael Alfred Lindner, 19, Mount Pocono, Pa.; John M. Barilla, 20, Catonsville, Md.; Richard D. Bailey, 19, Jacksonville, Fla., and Craig W. Anderson, 20, San Jose, Calif.

Forgery Sentence Meted To Convict

Dennis Allen Thomas, 22, already serving time in state prison at California Medical Facility, Vacaville, was given one to 14 years in prison yesterday in Marin Superior Court for forgery.

Judge Harold J. Haley ordered the term to run concurrently with Thomas' other sentences. The defendant forged a $34 check in Mill Valley April 26 with intent to defraud Raymond J. Dolan of San Rafael.

Permit To Build New Church Still Pending

County zoning administrator Thomas E. Cordill yesterday took under submission a request by San Rafael Assembly of God to build a church at 171 Merrydale Road, Santa Venetia.

Cordill said he wants to consult with the county planning staff on the arrangements of the church buildings, parking area, access and landscaping before making a decision.

Rev. Robert V. Phillips of San Rafael said the present church, located at 517 D Street in San Rafael, needs an expansion to provide a church with at least 150 seats. He presented plans for a 200-seat church, classrooms and 54 parking spaces on a three-fourths acre lot on the west side of Merrydale Road near El Prado Avenue.

Cordill suggested that design changes may be needed on the one-third acre of asphalt area proposed for parking and in the access and building arrangements.

The Veterans of Foreign Wars withdrew its application for a use permit for a children's circus to be staged in Ignacio on the north side of Entrada Drive, west of Highway 101. A new hearing is set tentatively for Nov. 27 before Cordill.

Frank Thatcher New Marin Shriner Chief

Frank R. Thatcher of San Rafael has been elected president of the Marin County Shrine Club, succeeeding Austin W. Little of San Rafael.

Other new officers are Elliott W. Seymour of Tiburon, first vice president; Jay D. Jones of San Anselmo, second vice president; Charles R. Banfield of Fairfax, secretary-treasurer; Alan G. Metzger of Greenbrae, executive officer.

No Hepatitis Cases Reported

Officials of the Marin County Public Health Department yesterday ruled out the chance of students or faculty at Bolinas School contracting infectious hepatitis from a faculty member who had the disease.

The 110 teachers and pupils at the school were given gamma globulin injections by the department last month after it was found the faculty member had hepatitis. The shots can prevent or modify the effects of infectious hepatitis, said Dr. Particia Hallinan of the public health department.

No other cases have been reported at the school, in the Bolinas-Stinson School District, and the incubation period for the disease has passed, Dr. Hallinan said.

West Marin Handicapped Classes Set

A special program for educationally handicapped upper grade pupils at West Marin Union School District was approved last night by district trustees.

The program will be included in the team teaching program for sixth, seventh and eighth grade youngsters, Supt. Howard F. Brose explained, and will include about 10 pupils.. The program will be financed by state funds, Brose said.

Trustees went into closed session for what Brose said was five minutes to consider the request for an interdistrict transfer of one student from Tomales Union School District.

Trustees turned down the request, the second his parents had made, Brose said.

Trustees gave Brose the power to accept one of three bids for 180 feet of eight-inch drainage pipe to be installed on the West Marin School grounds, as two firms tied in their low bid.

City Sewer Service of Point Reyes Station and S. H. Cervantes of Farfaix each bid $840 for the project; Joslyn Brothers of Point Reyes Station bid $890.

Trustees accepted the resignation set for the end of January, of upper grade teacher Mrs. Sue Baty.

Stamps Stolen

Novato Chamber Sees How School Budget Put Together

How a school budget is put together and where the money comes from were discussed last night at the meeting of Novato Unified School District officials and the Novato Chamber of Commerce Education Committee, according to Supt. James G. Bunker.

The two groups met in the administration building to discuss the currens $7,140,865 budget of the school district.

The Novato district this year is getting 45 per cent of its funds from the state taxpayers money; 42 per cent from local taxes; 12 and one-half per cent from federal funds (taxpayers money) and one-half of one per cent from miscellaneous sources, according to Bunker.

"I explained the importance of assessed valuation and how the lower it is the more the district gets from state aid and the higher it is, the less it gets from state aid," Bunker said.

In addition to the chamber's education committee, the district was represented by Bunker, Asst. Supt. Eugene De Brecht, board president William Schneeflock and trustees Dan Barber and Marett Boissevain.

Trustees Study Plans For Project 17 Swap

The city's proposal and the school district's counter-proposal for a land exchange and development of a middle school on the Mill Valley Project 17 area were outlined last night before the Mill Valley School District Board.

The city proposal, made at last Friday's meeting of a joint subcommittee, was that the city would give its project 17 land to the school district. In exchange, the school district would give the city its 11.5 acre enchanted Knolls site, then buy the Pacific Gas and Electric Co. marshlands and the 3-acre Biggio property east of the Northwestern Pacific Railroad tracks and give them to the city.

The school district's counter offer: The district would give the city the Enchanted Knolls site in exchange for the Project 17 land west of the tracks. The district then would buy a 3.6-acre Biggio parcel west of the tracks, and the city eventually would buy the PG&E property and the Biggio parcel east of the tracks to place the entire area in public ownership.

The school board made no decision. Both proposals will be considered at 8 p.m. tonight when the board and the city council meet at Park School.

The board also deferred a recommendation by Supt. James A. Collins that the district exercise an option and buy three acres north of Alto School, whether the middle school is built there or not. The board asked Collins to see if the option with Cal-Fong Investment Company can be extended for another 60 or 90 days.

The Mill Valley School District Board also:

JOB TITLE — Established the position of administrator assistant and named Mrs. Ruth Lacey, formerly secretary to the superintendent, to the job. Her salary will be unchanged.

FUNDS — Authorized applying for $4,300 in federal funds for library books and re-applying for $1,200 in federal funds for art prints.

Robbery By Two Gunmen Reported

Two young gunmen forced a Point Reyes Station man to stop his car, then robbed him of $5 on Sir Francis Drake Boulevard, a half mile west of Inverness at midnight yesterday, the sheriff's office reported.

Miguel A. Rodriguez told deputies the men swung their car in front of his, then stopped blocking the road. Brandishing what looked to be a .32 caliber revolver, they took his money, threw his car keys into the darkness, and drove off, he said.

Rodriguez, who had a spare set of keys, drove on to work at the RCA transmitting station, then reported the theft, deputies said.

Julie Andrews Files Papers For Divorce

SANTA MONICA, (AP) — Academy Award winning star Julie Andrews filed for divorce today from stage designer Tony Walton, charging mental cruelty.

The star of "Mary Poppins" and "The Sound of Music" thus started formal proceedings to end her eight-year marriage to Walton, a childhood sweetheart. Her petition was filed in Superior Court by her Beverly Hills attorney, Allen E. Susman.

Miss Andrews, who first achieved fame in the stage version of "My Fair Lady," has been separated from her husband since October 1966. For three years before that they had been living apart, she making films in Hollywood while he pursued a career in the New York and London theater.

They were married at Walton on the Thames, England, on May 10, 1959. They have a daughter, Emma Kate, born Nov. 27, 1962.

During the past year the 32-year-old actress has been seen in the company of Blake Edwards, director of "Days of Wine and Roses," "Breakfast at Tiffany's" and other films.

Miss Andrews is currently finishing "Star!" a film biography of the late Gertrude Lawrence.

Marin Dogs Win Honors At Show

Top winners among Marin County entries at Mensona Kennel Club show in Santa Rosa Sunday were a chow from Sausalito and a standard poodle from Tiburon.

The chow, Champion Loy-Jean's China Beau, owned by Mr. and Mrs. Alfred Le Mar of 207 Calddonia Street, Sausalito, won second in the non-sporting group. Le Mar showed the dog.

Ch. Wycliffe Dudley, owned by Charles S. Wills of 578 Virginia Drive, Tiburon and handled by Phyllis Greer of 275 Channel Drive, Novato, won third in the non-sporting group.

Another dog handled by Mrs. Greer won best in show honors over more than 1,000 competitors — the pomeranian Ch. Elsie's Little Yogi Bear, owned by Elsie Cablas of Stockton.

Station Permit On Hub Agenda

An application by Union Oil Co. for a service station in the Red Hill Shopping Center will be heard today at 8 p.m. by the San Anselmo City Council in the council chamber, City Hall.

City Administrator Alfred C. Kaeppel said he expects petitions both supporting and opposing the service station to be presented.

The city council will also be advised of a claim for damages by Mr. and Mrs. Edwared R. Salza, whose home at 90 Woodside Drive, was burned by the city after it had slid downhill in last winter's rains.

Request to ban parking on Sir Francis Drake Boulevard from the Hub to San Francisco Boulevard will also be discussed by council members.

High School Teams To Compete In Math

Redwood High School's Math Club will compete in the inter-school math competition on Nov. 28, at Tamalpais High School.

The schools to compete will be Sir Francis Drake, Marin Catholic, San Domenico, San Rafael, Tamalpais, and Terra Linda.

The participants will be given a series of individual problems, and each team will work on a group problem. The last competition, held Oct. 26, was won by Terra Linda and San Rafael.

Topics For Trustees

First grade curriculum and parent-teacher conferences will be discussed by Larkspur School District Board Thursday at 8 p.m. in the district office. A report on a science articulation workshop attended by teachers last summer will also be heard.

Reception To Follow Concert

By MOLLY MARIN

Mrs. John A. Lesoine of Ross will be hostess at a champagne reception on Sunday following the Marin Symphony Concert at the Fine Arts auditorium at College of Marin.

Honored guests will be Maestro and Mrs. Sandor Salgo and Mr. and Mrs. John Clements (Margot Power) of Belvedere.

Mrs. Lesoine is vice president and was drive chairman for the Marin Symphony Guild. Robert B. Lesoine and Mrs. Lesoine will assist his mother in receiving guests.

CELEBRATING the 25th reunion of their graduation from the University of California, an area group of Marin residents, will join classmates at a dinner dance in the Garden Court of the Sheraton Palace Hotel in San Francisco on Friday. The Marin Contingent includes Dr. and Mrs. Eugene S. Kilgore Jr., of Tiburon, Dr. and Mrs. Martin Griffin of Kentfield, Messrs. and Mesdames Clarence Amonette Jr. of Ross, George Herrero, Kentfield; Edward Russell Rice III, Belvedere and John West, Ross. Mrs. Kilgore is Marin County chairman of the U.C. Class of '42 reunion.

ENTERTAINING at the fall fashion luncheon to be given by the Women's Auxiliary of the San Francisco Yacht Club tomorrow at the Belvedere Clubhouse are Mrs. Mike Shea, who has taken a table for eight, and Mrs. Harold Rosenblum who will have five guests. Tables for eight have also been reserved by Mesdames William A. Main, David Sheldon, and Alvin Haag. Mrs. Thomas Woodward is also entertaining guests. Mrs. Kenneth Frost will honor Mrs. Earll Shine of Grass Valley at a party for six. Mrs. Robert Boat will honor Mrs. Betty Batch at the luncheon. Mrs. William Healy, auxiliary president, has reserved a large table for the board members.

MRS. JOHN KOENIG will be hostess at a luncheon at her home in Sausalito Thursday preceding the Sausalito Woman's Club musical program to be presented by the Tamalpais High School Choir. Her guests will be Mesdames Arie Slikkerveer, club president; George Patterson, wife of the City Manager of Sausalito; Charles Masten, Norman Wolschlaeger, Brookner Brady, John Koenig Jr., and Lee Perrone.

A **COCKTAIL** party on the yacht "Sea Wanderer," preceded the Small Yacht Racing Association dinner dance at St. Francis Yacht Club Saturday. Tom Martin, skipper of the yacht and his wife, Betty, the Joseph Madrigalis of Ross and the Stanford K. Smiths of San Francisco hosted the cocktail bash for 45 members of the Rhodes Fleet. The yacht sailed from its berth in Sausalito to the Marina Yacht Harbor with a merry crew aboard who later joined other small yacht racers from all over the bay at the annual dinner dance and trophy presentation.

MR. AND MRS. Frank R. Fabbri celebrated their 50th wedding anniversary at a dinner party, given by their son and daughter with relatives and friends from Illinois and California, at Sabella's.

The Fabbri's were former residents of Park Ridge, Ill. and Belleair Bluffs, Largo, Fla. They are now making their home with their daughter and son-in-law, Dr. and Mrs. Charles J. Gillooly of San Rafael.

They were married in Oak Park, Ill., Oct. 27, 1917. Mrs. Fabbri's nephew and wife, Mr. and Mrs. Roland Fenz of Lucas Valley, gave a dinner party for them at their home on Sunday evening.

MAKING THE RIGHT MOVE

The dinner will be served at 8 p.m., at the Bel Marin Keys Community Center. Mr. and Mrs. Wandt are in charge of reservations. (Independent-Journal photo)

Geoffrey Symmes Barnard To Wed Elizabeth Helfrick

Dr. and Mrs. Francis Woodrow Helfrick of Manchester, Conn., announce the engagement of their daughter, Elizabeth Helfrick, to Geoffrey Symmes Barnard.

He is the son of Mr. and Mrs. John R. Barnard of Mill Valley and the brother of Dr. Ralston White Barnard of Bernardsville, N.J.

The young people were graduated from Stanford University last June, and Geoffrey is presently attending the Stanford Graduate School of Business. He is a Tamalpais High School graduate.

The bride-elect is the sister of John, Sylvia, Margaret, Dorothy and Christina Helfrick of Manchester.

The couple will be married in a Quaker ceremony in Manchester on Dec. 17 and will live in Palo Alto.

The Barnards and Dr. and Mrs. Robert Bowie of Mill Valley—Mrs. Bowie is Geoffrey's great aunt — will attend the wedding.

Boys And Girls Going Steady Seem More Faithful Than Married Folks

DEAR HELEN:

When I read about all the divorces and wife-swapping and things, I sometimes get to wondering if modern people haven't got the cart before the horse.

Kids who go steady wouldn't step out on each other. The "teen code" says you're a two-timer if you date others while wearing a boy's ring. And other guys don't ask because you're off limits.

But then you get married, and right away a lot of people start flirting around and changing partners. You may even be considered "square" if you're true to your mate.

I know a couple who went steady all through high school and never looked at anybody else. They've been married a year, and she's getting a divorce because she says he was untrue to her, but it's really because she also found someone she liked better.

It sure is a topsy-turvy world. — OBSERVER

DEAR OBSERVER:

It sure is!

If more couples would "go steady" after marriage divorces would go out of style. —H.

DEAR HELEN:

Last summer I was lucky enough to work in Bryce Canyon National Park. While there I went with a girl from that area. I was never very serious about her as I like a girl from my home town.

But the Bryce Canyon girl writes that she isn't going wih anyone else till I come back next summer, and signs off with "love always."

I don't want to hurt her feelings, but how do I turn her off? — BUD

DEAR BUD:

You can either stop writing, which is kind of cruel, or send the girl a "we'll always be friends" letter urging her to date others, as summer is a long time off. I'll bet she'll be telling you about her new boyfriend by Christmas. — H.

DEAR HELEN:

I just can't please my mother. When I roll my hair she complains I spend too much time primping. If I don't roll it, she says it looks awful.

She complained because I'm not in many activities, but when I got on the pep team this year, she gripes because I have to go to meetings, games, etc.

Now it's my grandes. Last year I was a "bookworm," and it was "Why don't you get out with the kids more?" My grades slipped a little this term, and she hit the ceiling and threatens to ground me. — HOW CAN I WIN?

DEAR HOW:

You're winning, honey, and perhaps your mother's nagging has something to do with it. Too bad she doesn't see that praise would get you farther faster, but then some parents operate on the "complain to conquer" theory.

I doubt that your mother will ground you for a slight drop in grades, but she'll keep pushing and prodding because she wants to be proud of you—even though she may never admit that she is. — H.

DEAR HELEN:

What can you send a fellow in Vietnam for Christmas? — STUMPED

DEAR STUMPED:

How about playing cards or games; paperback books; magazines or a subscription to his hometown newspaper; a recent picture of you in a new wallet; or stationery with self-sealing envelopes. And mail your gifts right now! Surface mail should have been posted by Nov. 10, but you can still make the airmail deadline, which is Dec. 10. So, get busy! — H.

Linda Louise Landers Marries In Mill Valley Church Rite

Linda Louise Landers of San Rafael became the bride of John Anthony Salvato of Tiburon in a ceremony on Saturday at the Episcopal Church of Our Saviour in Mill Valley.

The bride is the daughter of Mr. and Mrs. Walter Olan Landers of San Rafael.

For her wedding the bride wore a floor length gown of white English net over peau de soie. Alencon lace accented the gown and the skirt extended into a chapel train.

Mrs. Walter Robbins of Fairfax, as matron of honor, and Elizabeth Ritinger of San Francisco, maid of honor, wore gowns of sapphire blue velvet. Bridesmaids, Mrs. Robert Crouch of Seaside and JoAnne Lesher of Hamilton Air Force Base, wore ice blue powder crepe gowns with sapphire blue velvet bodices.

Horace Battaglia of Monterey was best man. Ushering guests to their seats were Michael Salvato of San Francisco, the bridegroom's brother, Victor Squaglia and Buc Shulda, all of San Francisco.

A reception followed the ceremony at the Outdoor Art Club in Mill Valley.

The bride was graduated from San Rafael High School and the Market Training Institute in San Francisco.

The bridegroom, son of Mr. and Mrs. Anthony Salvato of San Francisco, was graduated from Galileo High School in San Francisco. He is also the brother of Mrs. Victor Squaglia and Mrs. Robert Vannucci, both of San Francisco.

Following a Southern California wedding trip, the couple will live in Tiburon.

Mexican Poncho Cape Successor

LONDON (AP) — The Mexican poncho, worn over trouser suits or dresses as a successor to the cape, is Hylan Booker's most eye-catching contribution to spring style in his new collection.

The young American designer, in his first presentation since he won the Yardley Award earlier this year, kept the hemline riding high—about eight inches above the knee.

Booker's colors are pink with navy, gray on banana yellow shadow checks, off-white and oyster jerseys, pistachio green and soft blue.

A QUARTER-CIRCLE seaming under the armpit shapes the bustline on his narrow shifts. Yokes are used on dresses and coats, and the shirtwaister turns up in coats as well as dresses. The coat and dress ensemble is still a Booker classic.

Leary Sees End To Use Of LSD

LONG BEACH (AP) — Timothy Leary, leading exponent of the drug LSD, says "the day of LSD use is probably over."

Leary, addressing more than 5,000 students yesterday at Long Beach State College, said those who have taken the hallucinogen numerous times "don't need it any more."

"The source of my revelation is better than the bible," said Leary, founder of the League for Spiritual Discovery, a sect which advocates the free use of LSD.

He was met by about 25 students who carried picket signs protesting his presence at the school. One placard read: "LSD — a counterfeit for spiritual reality."

Lava Fountains Spurt In Crater

HILO, Hawaii (AP — The Halemaumau firepit was back in full fountain yesterday in what scientists at the volcano observatory have labeled the second phase of last week's eruption.

The firepit in Kilauea crater on Hawaii Island, about 150 miles southeast of Honolulu, erupted Nov. 5, with strong volcanic activity lasting more than 22 hours.

Two of four fountains in the center of the firepit played 50 feet or higher yesterday morning.

This was well short of the 200-foot fountains last week, but a good show for the growing crowds of volcano watchers.

Fairfax Fire Whistle Still Not Stilled

The Fairfax fire whistle is going to continue to blast the morning air three times, despite a petition to have it stilled.

Angelo Douvos of 200 Bolinas Road, claiming that the jarring morning blasts "injures people," presented a petition carrying 72 signatures.

The petitioners asked that the morning blasts be eliminated immediately and other daily whistle tests be discontinued if they are not required by law or better methods are developed to summon volunteer firemen.

'ONE TOOT'

Douvos said the "horn is loud and terrifying to young children," but one mother said that children can soon adjust to the sound.

Councilman Robert R. Souza suggested a compromise "one toot at 8, even though I'd go for no toots."

The council stopped the 8 a.m. blasts in August after Douvos complained. Then it resumed them in September after getting a petition, signed by 34 residents that one of the town's traditions had been eliminated.

Douvos claimed last night the city also has a tradition of "quiet."

Mayor George A. Pagni said that tests are required "at certain times of the day."

THREE OR NONE

"Why not one whistle, rather than three," Souza said.

The whistle is set to go off three times, if it goes off at all, Fire Chief Charles M. Thornton explained.

The council denied the petitioners' request by a 4-1 vote with Souza dissenting.

Juvenile Court Will Handle Robbery Case

Case of Robert G. Mazer, 18, accused of armed robbery, was transferred Thursday from Marin Municipal Court to juvenile court for handling as a minor.

Mazer is accused of threatening Stanford Morris Lyman, 34, of 355 Canal Street, with a knife, forcing Lyman to write him two checks, then drive him to Point Reyes Station, where Lyman was thrown from the car. Mazer lives at 38 Shell Road, Alto.

Ross Teeners Held After Pills Found

Two 16-year-old Ross boys were found in a car in Tiburon's Hillcrest area with what appeared to be methedrine pills at 11:35 p.m. Friday, sheriff's deputies reported yesterday.

They were cited to juvenile hall for violation of curfew and possible possession of narcotics. Two 14-year-old girls in the car were warned and released, deputies said.

The easternmost point in the United States is West Quoddy Head, Maine.

Nine Barred In Campus Beating

SAN FRANCISCO (AP)—Nine students, some of them members of the Black Students Union, have been suspended from San Francisco State College in the wake of an incident in which staff members of the school daily newspaper were beaten.

President John Summerskill announced the action yesterday, and also said a 10-member faculty committee will probe the attack in which Jim Vaszko, editor of the Golden Gater, and Lynn Ludlow, part-time journalism instructor, were injured.

The nine suspended students were charged with conspiracy to commit assault and two counts of battery.

Superior Court Due Car Theft Sentence

Guilty plea to car theft was entered in Marin Municipal Court yesterday by John Harold Back, 18, of 255 Corte del Cerro, Novato.

Judge Alvin H. Goldstein Jr. transferred the case to Marin Superior Court for judgment.

Back took a vehicle owned by Frank C. Iannone on Sept. 28. Case of a co-defendant, Philip Norman Gjervick, 19, of 42 Terry Circle, Novato, has been transferred to Juvenile Court for handling there as a minor.

Fairfax Officials Chilly To City, Schools Merger

Fairfax City Councilman Robert R. Souza startled fellow councilmen and Fairfax School District representatives last night with a suggestion to "look at" consolidation of city and school district.

Councilmen were enthusiastic about city-school cooperation, but cool to Souza's proposal.

Councilman Adelaide P. Wilson urged separation of "city politics" and schools, contending that "the farther removed from city hall the better the educational program."

Mayor George A. Pagni said, "We don't want to get into the school business."

Mrs. Priscilla C. Gray, a school board member, said the trend is toward school district unification with one school district covering several cities.

H. Reginald Hammond, district superintendent, said the school district would be willing to cooperate with the city to avoid duplication "and there are areas where we could, such as development of recreation area at White Hill School."

Sauzo said "With the spirit of cooperation we're trying to engender, why not consolidate?"

Hammond said that there could be studies to investigate ways the two entities "could share expenses" and maintain their identities. Hammond also explained the plans for White Hill School, the enrollment increase, and the school tax situation.

Pagni said the meeting with school representatives was one of a series planned by the council to "better communicate" with various districts that operate in Fairfax.

Chrysler Plants Back To Work

DETROIT (UPI) — Dissident United Auto Workers ended a one-week walkout at a key Chrysler corp. plant today, enabling the company to resume nearly full production.

The Sterling plant produces parts needed for the operation of other Chrysler plants in the Detroit area and elsewhere across the nation.

The Chrysler spokesman said all except two plants in the Detroit area were operating on today's first shift. About 23,000 of Chrysler's 95,000 production workers were idle yesterday due to walkouts over local issues and resulting parts shortages.

PG&E Protest Stalls Fire Code Approval

Fairfax City Council postponed introduction of a proposed fire prevention code ordinance last night after a Pacific Gas and Electric Co. representative asked that a "policing section" be deleted.

Louis Vaccaro, representing the utility firm, said the company objected to the section requiring PG&E employees to notify the fire chief when they place a hazard tag on an appliance.

Vaccaro explained that when PG&E men find a faulty appliance, they turn it off and place a hazard tag on it. "This eliminates the hazard."

Fire Chief Charles M. Thornton said in some cases people turn the appliances back on and the hazard still exists.

Vaccaro said that PG&E employees are "invited to homes" and by policing would be violating a trust.

"This," he said, "is asking us to police the area for the fire chief. We don't want to work as a policing agency."

Mayor George A. Pagni said the responsibility lies with the "owner to make sure that anything faulty" isn't used. "The people who are notified should get it corrected," he said.

The council suggested that Chief Thornton and City Administrator David J. Sumbardo confer with PG&E representatives to seek a compromise.

Chief Thornton explained that the proposed ordinance adopted the 1965 edition of the Fire Prevention Code of the American Insurance Association. It also would establish a bureau of fire prevention.

Taft Will Ask Vote Recount

CLEVELAND, Ohio (AP) — Seth C. Taft said today he would ask the Cuyahoga County Board of Elections for a recount of last Tuesday's mayoral election.

Taft, the Republican nominee, lost to Negro Carl B. Stokes by a mere 1,644 votes.

Taft told a news conference, "I have no evidence of error or irregularities sufficient to change the results. However, the election was very close."

Stokes was sworn in yesterday as Cleveland's 50th mayor, becoming the first Negro ever to serve as chief executive of a U.S. metropolis.

NARCOTICS PROGRAM SLATED FOR FAIRFAX

The Fairfax Police Department will present a public program on "Narcotics and Dangerous Drugs" at the Fairfax Pavilion at 7:30 p.m. tomorrow.

Police Chief James R. Orr said the program will include a color film, "Goof Balls and Tea," and talks by representatives of Synanon Foundation and the state narcotics bureau.

Persons under 16 years of age must be accompanied by a parent or guardian, Chief Orr said.

PROFESSIONALS WITH STUDENTS

Cynthia Strauss of San Domenico School, playing a seductress, pleads with actor Richard Talt in this scene from the school's production of Arthur Miller's "The Crucible." Talt, Robert Egan and Cyril Clayton are among the professional Bay Area actors playing the male roles in the play to be presented at the girls' school in Sleepy Hollow at 8 p.m. Friday, Saturday and Sunday. The students play the female roles.

Deer Park Proposals Favored By Council

Fairfax City Council last night unanimously approved in principle a preliminary development plan for a 50-acre park in the Deer Park area on Marin Municipal Water District property.

Pierre W. Joske, Marin County park and recreation director, reportet that the proposed park would consist mainly of picnic and day camp areas and nature trails.

"It will not be a regional park per se, but it will be more than just a city park," Joske said.

There also are plans to develop a turfed area behind Deer Park School, and a parking lot for 60 cars at the entrance to the park, he said. "The road would bypass the school."

There is $110,000 available for the project, 60 per cent from state funds and 40 per cent Marin County funds, Joske said.

He said he was seeking city approval before presenting the proposal to the water district board "to get a lease."

The council also voted 4-1 to participate with Marin County in a city-county planning council.

Councilman Frank J. Egger, the lone dissenter, said he felt that the county was moving "little by little" toward a city-county of Marin.

Other council members felt that cooperation in planning wpuld benefit the city.

The Fairfax City Council also:

The Fairfax City Council Also:

CITY ENGINEER — Hired B. C. Albritton of Hoffman and Albritton, consulting engineers, San Rafael, as city engineer at a fee of $16 an hour, working at the call of the city. City Administrator David J. Sumbardo reported that six ingineering firms were considered and rees ranged from $16 to $22 an hour.

PROPERTY TRANSFER TAX — Approved first reading of an ordinance to levy a tax on the transfer of real property, 55 cents per $500 of value of the property transferred. Sumbardo reported that Marin County passed an ordinance levying the tax which provides for cities to get half the revenue collected in cities. If Fairfax doesn't adopt the ordinance "the money we would get, would go to the county," he explained.

THEATER PARKING LOT — Approved seal coating repairs at the Fairfax Theater parking lot, which is used during day hours by commuters and local business employees, at a cost not to exceed $400. Sumbardo reported that the city has had an agreement with Blumenfeld Theaters for use of the privately-owned lot for parking.

BOOK STORE — Postponed action on an application by John Arms and George Ford for a special use permit to operate a book store at 11 Bolinas Road until it gets further information about the floor joists, which don't conform to the city building code. James L. Wheeler, building owner, contended that the joists were "built the way the city told me to."

LADIES APPAREL — Granted Emma Reichert a use permit to operate a ladies apparel shop at 1605 Sir Francis Drake Boulevard.

PET SHOP — Granted Betty Griffith a use permit to operate a pet supply store and provide dog grooming services at 1912 Sir Francis Drake Boulevard.

ADJOURNMENT — Adjourned until 8 p.m. next Monday at the Fairfax Women's Club to consider several matters the council didn't get to last night because of the late hour. Items postponed include an agreement with Peat, Marwick, Livingston and Co. on a traffic study, revisions to the special use permit ordinance and reports on economy in city government and flat salaries for department heads.

Missile's Flight Visible In Marin

VANDENBERG AIR FORCE BASE (AP)—A U.S. Air Force Minuteman I intercontinental ballastic missile was launched today by Strategic Air Command missile combat crews.

The missile's trail was observed by early-risers in Marin County.

The Minuteman, launched at 6:20 a.m. PST, was reported on course over the western test range. It was one in a series of operational testing launched conducted by SAC here.

Lawmaker To Tell Of Mental Health Act

Assemblyman Frank Lanterman, R-Pasadena, will discuss the Community Mental Health Act of 1967 in the supervisors chamber at the Civic Center on Nov. 27 at 8 p.m. He was one of the legislators who piloted the act through the legislature during the last session.

Lanterman's appearance is sponsored by Marin Association for Mental Health.

Today is Tuesday, Nov. 14, the 318th day of 1967 with 47 to follow.

The moon is between its full phase and last quarter. The morning stars are Mercury, Venus and Jupiter. The evening stars are Mars and Saturn.

On this day in history:

In 1832, the first streetcar in the world made its appearance on the streets of New York City. A total of 30 persons could be accommodated in the three compartments of each car.

In 1851, Herman Melville's story of "Moby Dick" was published.

In 1889, there was born Pandit Jawaharlal Nehru, later to become prime minister of India.

In 1918, Thomas Masaryk, a professor, was elected first president of the Republic of Czechoslovakia. He served four terms.

In 1940, German planes dropped 225 tons of bombs on Coventry, Eng., in World War II. They destroyed or damaged 69,000 of Coventry's 75,000 buildings.

A thought for the day — French author Emile Zola once wrote: "Truth is on the march and nothing can stop it."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey, Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

Pasadena Player Invents End Play For A 4-Heart Contract

Something funny happened on the way to a cash prize of $12,320 two weeks ago at the Sands Hotel in Las Vegas.

All of the famous experts were knocked out of the annual International Rubber Bridge Championship, and the top prize went to Robert B. Krost, a Padadena accountant, and Clark Merritt, a retired tax auditor.

Krost earned his victory by making four hearts on the hand shown today.

Opening lead — ◇ K

West led the king of diamonds, and Krost won with the ace.

Declarer led a spade to the ace, ruffed a spade and gave up a diamond to the queen.

West, an internationally famous expert, continued with the ten of diamonds.

RUFFS TWICE

Krost ruffed in dummy and ruffed another spade, confirming his suspicion that the spades were hopeless.

After some thought declarer drew trumps with the ace and queen and then led his last diamond.

West covered with the nine of diamonds, and Krost discarded a club from dummy rather than ruff with dummy's last trump.

It was West's turn to think, and he came up with the right answer — his last diamond.

COMPLICATED POSITION

Krost had already taken seven tricks and still had one trump in each hand. If he ruffed the last diamond in either hand he would then get his other trump trick, but this would still leave him one trick short.

Instead of ruffing Krost discarded a low club from each hand.

This left dummy with two spades and a trump and South with two clubs and a trump.

West's last three cards were the ace-queen-jack of clubs.

WEST ON SPOT

If West led a low club declarer would discard from dummy and win with the king in his hand.

If West led the ace of clubs, dummy would ruff and South would take the last two tricks with a trump and the king of clubs.

It was a inventive end play.

Necessity is the mother of invention.

DAILY QUESTION

Partner opens with one spade, and the next player passes.

You hold:
♠ K J 9 8 3
♥ 6 4
♦ 8 5
♣ 9 8 4 3

What do you say?

ANSWER: Bid two spades. Despite the trump length, the had is not strong enough for a jump to four spades.

ART REVIEW

The Faculty Gets Chance To Exhibit

By LAURA DEVENDORF

Having a faculty show open the College of Marin art gallery in the new Fine Arts Building, is an appropriate choice.

After all, it is the faculty which shapes art students' tastes and directions, and while the instructors' credits read impressively, it is far more revealing to see their work — that way sensing the scope their teaching might embrace.

As it turns out, the spread of ideas and techniques is almost as broad as there are teachers in the department. It also makes it impossible to cite everyone in detail. But overall, the college staff seems to be exploring all media with attitudes ranging from straight, to experimental, to acidly humourus.

SMALL SAMPLING

A small sampling of the paintings show ideas reaching from Edward Johnson's realistic watercolor landscapes — to Gwen Stone's paint, cloth and dress-pattern collages, and Frank Milner's colorful, often thready abstracts. And the walls are dense with others expressing a host of ideas in between.

In ceramics, the same applies. On one side, Ann Jack stays with the more-accustomed, short-necked bottle forms, varying their rich surfaces from a smooth, deep, earth-brown glaze to thick encrustations that look like rock combined with corroded metal.

Allan Widenhofer's ceramics are something else — actually a bit mad — and they include a slinky, snakelike, spotted "Crawling Bud Vase" and a tall, skinny, stoppered affair, rising from a bulbour base entitled, "Kookie Jar, II."

WEAVING, JEWELRY

In weaving, Nancy Keneally reaches just as far with long, leggy knitted tubes that resemble fishnet arteries, plus an all-black set of pillowed forms, dripping with strings and shiney, crinkled fuzz. They are both quite provocative and she tempers them with an abstract, layered, black and brown weaving and an electric-hued one of torquoise and deep royal rectangles hit with circles of chartreuse.

There are a few jewelry pieces, some interesting black and white experimental photographs by Thomas Johnson plus a very strong scripture entry. The latter includes Thano The latter includes Thano Johnson's unusual combinations of materials in which thorny spikes of metal, sometimes with a ceramic lining, hold bubbles of glass, themselves an intricate maze of threads and bulges.

Freida Burkhart, Harry Crotty, Ross Curtis, Leola Dixon, Farhad Moezzi, Alton Raible, Henry Reinecke, Ray Rice and Gilbert Wheat complete the list for this comprehensive College of Marin faculty show, open weekdays from 8 a.m. to 5 p.m.

UNUSUAL COMBINATION—Intricate glass work rests in metal prongs like an enlarged piece of jewelry placing Thano Johnson's sculpture in the experimental category in a College of Marin faculty show that includes a little bit of everything. (Independent-Journal photo)

Symphony Hit By Salary Feud

SAN FRANCISCO (UPI) — The San Francisco Symphony season is just 15 days away, but it is in jeopardy because of a salary dispute.

A spokesman for the musicians said yesterday that management refuses to offer them a better contract. But a management spokesman said that the major demands of the musicians "cannot be met."

The Musicians Union wants to raise the minimum pay of $190 to $225 for five concerts a week over a 40-week season.

The Symphony Association proposed pay of $200 for a half-dozen weekly concerts over 35 weeks with no review board. That suggestion was rejected 78-1 by the players.

Motorcycle Taken

A 1964 Honda motorcycle with red tank and black frame, with no license plate, was stolen Friday from James R. Klein of 38 Shelley Drive, Mill Valley police reported yesterday.

Pennsylvania also is known as the Keystone State.

Photographer's Work Showing At Gallery

Photographs of California landscapes and of Turkey, taken by Carol Baldwin of Berkeley, will be shown beginning Thursday at One of A Kind gallery, 944 Sir Francis Drake Boulevard, Kentfield.

The show will continue through Dec. 17 open from 1-5 p.m. Wednesdays through Sundays. Also being shown are ceramics, paintings, sculpture and handmade rugs.

The highest point in Massachusetts is Mount Greylock, 3,505 feet.

Experimental Film Showing On Sunday

Experimental films by Ray Rice will be shown at 2 p.m. Sunday at Brown's Hall, Mill Valley.

Rice uses a technique of drawing and painting on film, which he named luminography, to make the stream-of-conciousness movies.

Mountain Play Elects Officers

Marion Hayes Caine of San Anselmo, has been re-elected president of the Mountain Play Association.

Charles Elmer Collett of Mill Valley was elected vice president; William J. Carter of Tiburon, second vice president; David Ohman of Mill Valley, secretary, Lloyd Roach of San Francisco, treasurer.

The association sponsors production of a play each year at the Mount Tamalpais State Park outdoor theater. Next year's play will be "Alice Through the Looking Glass" scheduled May 19 and 26.

Waterways Talk

Representatives of the Army Corps of Engineers will discuss the problems of maintenance of navigable waterways before the Bel Marin Keys Community Service District at a special meeting at 8 p.m. tomorrow at the pavillion in Bel Marin Keys.

Brothers Held On Marijuana

Two Mill Valley brothers, 16 and 15-years -old, were booked Sunday at juvenile hall on marijuana charges after police found suspected marijuana cigarettes and smoking paraphernalia in their rooms.

The boys' father called police to the house. They found a hookah, various pipes and cigarette holders, bags of suspected marijuana residue and three suspected marijuana cigarettes around the house.

Police said the boys, both dropouts from Tamalpais High School, freely admitted smoking marijuana and using LSD approximately 25 to 30 times, and indicated they would continue.

Corte Madera Bill Goes To Johnson

I-J Special Report

WASHINGTON — The House of Representatives has voted final passage of the Public Works Appropriation bill which included $300,000 for construction of the Corte Madera Creek flood control project.

The bill has gone to the President for his signature.

It also included $45,000 to study flood control on Novato Creek and its tributaries, and $55,000 to study a proposed small craft harbor at Point Reyes, reported Rep. Don H. Clausen, R-First District.

Pike Will Campaign For Some GOP Dove

PASADENA, Calif. (UPI)— Episcopal Bishop James A. Pike said Sunday he will work for the election of any "plausible" Republican dove candidate in 1968.

"Since I'm not the Bishop of California I'm eligible to participate in politics to a greater extent," Pike told a Young Republican meeting. "I can and will support and work for any plausible Republican dove in 1968." He did not specify which candidates he might support.

School Tours, Benefit Set To Aid Retarded Children

Schools and training centers for the retarded will hold tours and Marin Aid to Retarded Children will hold a benefit rummage sale to mark National Retarded Children's Week, now in progress.

Cedars Development Foundation, a private non-profit residential school in Ross, will have tours from 1 to 5 p.m. Friday. The school is located at Bolinas and Upper roads.

The Marin Work Training Center, sponsored by Marin Aid to Retarded Children and the College of Marin Adult Education Department, will be open to the public from 9:30 a.m. to 2:20 p.m. Monday. The center, for adult mentally retarded, is located to the rear of the former Marin County Hospital on Lucas Valley Road.

Marin Aid to Retarded Children will sponsor a rummage sale from 10 a.m. to 6 p.m. Friday and Saturday at the former Safeway Store, 121 San Anselmo Avenue, San Anselmo. Profits will go to aid the mentally retarded in Marin.

Donations of salable items will be accepted through Wednesday, at the Boy Scout Hall, Second and A streets, San Rafael.

Family Planning Budget Doubles

LONDON (AP) The International Planned Parenthood Federation is doubling its budget to $6.5 million next year and plans to spend the biggest part on education, clinics and contraceptives for Latin America.

The 50-nation federation of voluntary family planning associations said after a weekend meeting in London that statistics indicate Brazil's population will treble by the year 2005 and Latin American nations have some of the world's highest rates of population increase.

Pleads Guilty In Armed Robberies

A 21-year-old soldier, Michael Joachim Randvere, pleaded innocent in Marin Superior Court yesterday to four counts of armed robbery.

Trial setting was scheduled for 9:30 a.m. Monday.

Randvere, stationed with an Army Nike unit, is accused of robbing Elmer Lee McVae of Mill Valley, Robert C. Flagg of San Rafael, Ronald D. Grubb of Fairfax, and Alan Critchler, also of Fairfax.

The robberies occurred Sept. 30 and netted $43.

Items Are Stolen At Marinwood Home

The home of Gene Porter at 812 Flaxberry Lane, Marinwood was broken into Friday night and a large number of items of unknown value stolen, sheriff's deputies reported yesterday.

Thieves ransacked all rooms carrying off a turntable and two speakers, about 75 jazz records, a clock radio, cameras, jewelry, a revolver, skis and a set of silverware among other things.

Teen Center Chances Eyed In Corte Madera

Possibility of establishing a teen center in Corte Madera will be explored tomorrow at 7:30 p.m. by the park and recreation commission. Chairman Robert Riboli will report on progress made by a committee looking into the matter.

Commissioners will also hear a request from the Village Square Association for town cooperation in putting up Christmas decorations in Menke Park and a report by Rev. Henry Fox of First Baptist Church about a proposed Christmas carol program involving choirs from various churches in the Corte Madera area.

Jail Term, Probation Given To Check Forger

Robert Duane Patterson, 23, was given 90 days in county jail and placed on two years probation yesterday in Marin Superior Court for forgery.

Patterson, of Stinson Beach, forged a $100 check March 18 with intent to defraud Landon Morrison of Stinson Beach. He pleaded guilty Sept. 21.

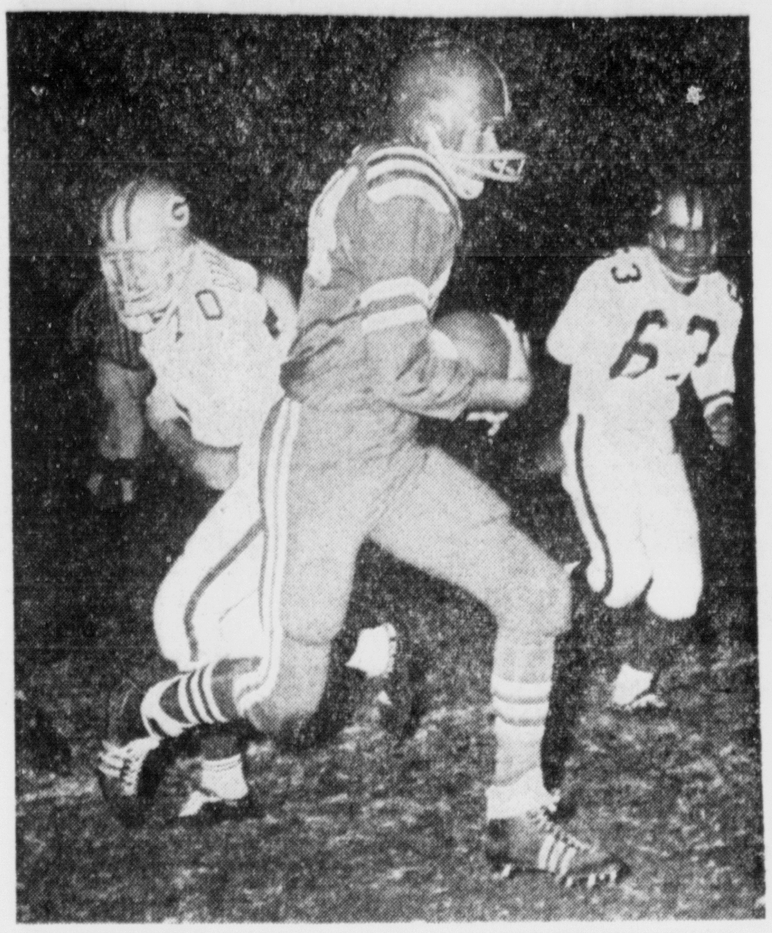
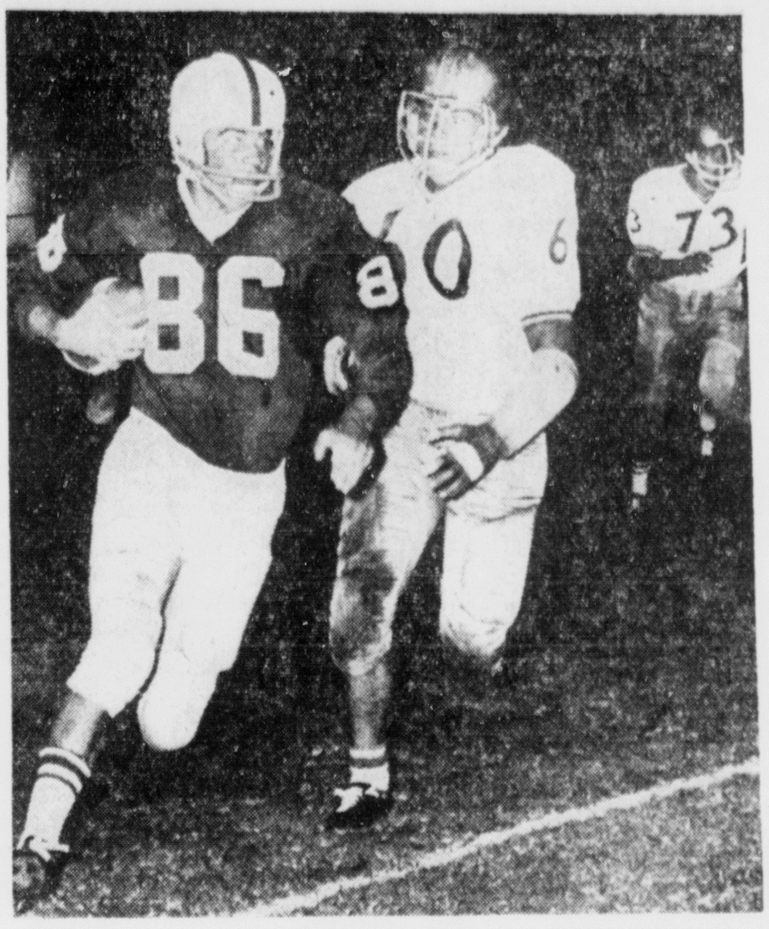
Drake, Terra Linda Dominate All-Star Team





STARS AT WORK—Tamalpais High's Leroy Barrow (left photo) and Drake's Don Alvarado (86), two of the four players good enough to be selected on both offense and defense in the All-Marin County Athletic League football squad, show their offensive prowess in early season games. Other "two-way" all-leaguers are Drake's Perry Hedin and Terra Linda's Keith Stirling. (Independent-Journal photos)

Alvarado Wins Top Honors

Well, they went and did it again.

Picked another all-Marin County Athletic League football team.

They being the coaches of the league, who got together at Redwood High School last night and came up with another team that is full of oddities and predictables.

Not surprisingly, Drake and Terra Linda, co-champions of the league for the second straight year, dominated the selections, especially on the defensive team where they gobbled up all but two positions.

EIGHT TROJANS

In all the Trojans landed eight players on the team and the Pirates seven. Redwood and last-place Tamalpais were next with three picks and third-place San Rafael landed only one player on the cream squad as did Novato.

It's a funny-looking team. There are five backs on offense, but for the second straight year, the league's leading rusher is not among them.

It is a decidedly veteran team. Only one junior managed to crack the 23-man list, that being Drake defensive back Clark Jamison.

UNANIMOUS

There were only three unanimous choices, and they surprised no one. Drake's do-everything halfback Don Alvarado was a unanimous pick on offense while Bruce Kilby, the finest defensive end in the MCAL two years in a row, made his position with unanimous approval. So did Tam's talented end Leroy Barrow on offense.

Alvarado, Barrow, Terra Linda's Keith Stirling and Drake's Perry Hedin made the team twice over, on both offense and defense.

Alvarado also landed the defensive end position, Barrow made it at a defensive halfback position, Stirling was selected at offensive halfback and defensive back and Hedin was named to the offensive team as a guard and to the defensive team as a linebacker.

TOP HONOR

In fact, for Alvarado, it was an embarrassment of riches.

In a milestone of sorts, the MCAL Coaches Association nominated the multi-versatile senior as the league's choice for the North-South Shrine game in August. This reverses the usual haphazard process of individual coaches sending in their choices.

The overstocked backfield is a talented one. It has Drake senior Don Stone at quarterback, a lanky roll-out artist who amassed 283 yards rushing, third in the final league statistics in addition to passing for 393 yards and four touchdowns. The four running backs are Redwood speedster Larry Blackwell, Stirling, Tamalpais fullback Ron Blasingame, second-best rusher in the league and Alvarado.

MISSING

But missing was Mark Buckley, the league's top rusher (by eight yards). Last year, Drake fullback Tom Mauer, who led the league in rushing, also did not make the elite list.

Kilby and Terra Linda's Greg Barker who made it an offensive tackle spot, where the only repeaters from last year's team.

The only San Rafael Bulldog to make the team was also the biggest member of the squad, 220-pound tackle Chris Klyce, who opened up quite a few holes for the Bulldogs' diverse pack of runners.

Linebacker Corey Parfitt, an Independent-Journal Prep of the week choice early in the year, was Novato's only selection.

A High Cost For One Football Game: $9,000

HAWAII CALLING — COLLECT: Supporters of the Terra Linda Junior Trojans of Pop Warner Conference football fame are having financial problems.

You see, they want to send the undefeated team to a bowl game in Hawaii at the end of this month and it would cost $9,000. But, at last report a fund-raising campaign had netted a little over $1,000 — leaving quite a balance with time running short. This Saturday a rummage sale at Terra Linda will add to the kitty and I hope you will all go out there and buy lots of rummage.

The reason the bill is so stiff is that the team has 48 players and 3 coaches. If they make it to Hawaii, the Junior Trojans might claim an all-time record as the largest traveling squad in history — 51 strong. Suggestions that they cut the squad — and bill — in half have been gently shelved so as not to hurt any feelings.

Be that as it may. But I have a couple of suggestions to help the Junior Trojans in their financial drive. Why not assess the players' parents $100 per boy? Ask the coaches to pay $100 apiece and — zingo! — look, Ma, you have $5,100 to start.

Not Many Kids Get This Chance

The balance could be raised through the fund-raising projects.

I'm sure the families would be willing to pay $100 for this chance in a lifetime. After all, not many boys under 14 years of age get this tremendous opportunity to visit Hawaii. Orphanages, for example, are full of them.

Or, if the mothers and fathers, many of whom haven't been to our 50th state either, can't see their way clear to paying 100 bananas, there is still another alternative.

Why don't we just invite the Hawaiian boys over here for a Marin Bowl game? Let THEM come up with $9,000.

After all, this Merry Christmas Bowl game scheduled in Hawaii is nothing more than a boys' football contest. There are no national, regional, state or county championships involved. It's just a football game. And a pretty expensive one at that.

Young Philosophical Quarterback

THE QUARTERBACK — San Rafael High lost a share of the Marin County Athletic League football championship by two inches! That's about the length of your smeller, feller.

A scoreless tie with Novato Oct. 21 cost the Bulldogs the title. In that game they threatened to score several times, once coming to within two inches of paydirt.

In their last two games the Bulldogs played like genuine champions, twice overcoming two-touchdown deficits in the fourth quarter to win in the final 40 seconds.

Last Saturday someone told Bulldog quarterback Herb Rowland: "Too bad about that Novato game or you'd be champs today."

"Yes," replied Rowland, "but maybe God evened things out for us in those last two games."

Terra Linda Grid Movies Featured

Filmed highlights of all Terra Linda High School varsity championship football games for this season will be shown at the next meeting of the Trojan Boosters Association at 8 p.m. tomorrow in the school cafeteria.

"Spirit of the fans and the participants has maintained at an excellent high level throughout the football season," Booster President Bill Saleme pointed out, "and it's our program to maintain this enthusiasm for all sports throughout the year."

Basketball and wrestling, the next sports to follow, will be discussed at tomorrow's meeting and plans for Booster participation initiated.

N.L. Men Discuss Expansion

CHICAGO (AP) — The National League, holding an informal meeting yesterday, rapped the rival American League for allegedly breaking the rules and discussing baseball expansion plans of its own.

President Warren Giles chided the A.L. for what he called a violation of the rules but said the National League will not contest the junior circuit's expansion to Seattle.

Last month the American League shifted the Athletics' franchise from Kansas City to Oakland and then expanded to 12 teams by awarding franchise to Seattle and Kansas City to operate by 1969, if possible.

RULES

Giles said "the major league rules provide that before a major league makes a commitment or takes any official action to expand, its program will be presented to and discussed at a joint meeting.

"The resolutions adopted by the American League on Oct. 18-19 providing for transfer of the Kansas City club to Oakland and for expansion of the American League to Kansas City and Seattle involves a commitment and official action by the American League prior to a joint meeting which is contrary to the rule," said Giles.

"However, in the interest of baseball as a whole, the National League waives any claim of the rule and will not oppose expansion of the American League to Kansas City and Seattle," he added.

EXPANSION

Giles then said the National League discussed expansion at its meeting. No vote was taken, but Giles remarked that he "would say there was sentiment for expansion."

"We will have a joint meeting on Nov. 30 in Mexico City," said Giles. "The next day the National League will meet on its own, and expansion again will be discussed.

"I do know that there will be no franchises granted at Mexico City if we do decide to expand because we cannot move that fast.

"Our meeting today was just about informal as any which I have presided over. We prepared ourselves to go into the joint meeting and talk intelligently," said Giles.

APPLICATIONS

Giles said he had franchise applications from Buffalo, Dallas-Fort Worth, San Diego and Milwaukee and "I also have a letter from Toronto which I consider a franchise bid and I have an application from another city that has requested that it remain unidentified at this time," he said.

However, Giles later indicated the city wishing to remain unidentified was Montreal and that he also had received "a letter from a good friend of baseball in Denver asking that Denver be considered for a franchise."

USC, Stanford On Top Of Odds

NEW YORK (UPI)—Southern California, which was knocked off the unbeaten list last Saturday by Oregon State, was installed yesterday as a three-point favorite over UCLA in Saturday's game which could determine the National Championship.

The Trojans of Southern Cal boast an 8-1 record while UCLA is 7-0-1, tying Oregon State.

Indiana, the Big Ten leader, and Minnesota were rated even; Tennessee was rated six points better than Mississippi; Purdue was 14 over Michigan State; Oklahoma 17 over Kansas; Oregon State 13 over Oregon, Notre Dame 25 over Georgia Tech and North Carolina State three over Clemson.

In other games Saturday:

East — Army 14 over Pittsburgh; Syracuse 19 over Boston College; Yale 2 over Princeton; Navy 7 over Vanderbilt; Dartmouth 7 over Cornell; Penn 1 over Columbia; Harvard 17 over Brown.

South — Georgia 3 over Auburn; Alabama 19 over South Carolina; Florida 15 over Kentucky; LSU 24 over Mississippi State; Tulane 6 over Virginia; Duke 15 over North Carolina; Wake Forest 13 over Maryland (Friday night).

Southwest—Oklahoma State 12 over Iowa State; Texas 15 over Texas Christian; Texas A&M 7 over Rice; Texas Tech 10 over Baylor; Arkansas 4 over SMU.

Midwest—Ohio State 9 over Iowa; Michigan 5 over Wisconsin; Colorado 13 over Kansas State; Missouri 3 over Nebraska; Northwestern 6 over Illinois.

Far West — Stanford 6 over California.

Colts, Packers Picked By 13-Point Margins

NEW YORK (UPI)—Baltimore, the only unbeaten team in the National Football League, will keep on rolling against the Detroit Lions Sunday, according to the oddsmakers who have made the Colts 13-point favorites.

The Green Bay Packers also are a 13-point pick against the San Francisco 49ers; the Philadelphia Eagles are figured by none over the New Orleans Saints; the Cleveland Browns are 10 over the Minnesota Vikings; the Los Angeles Rams are 19 over the Atlanta Falcons; and the Dallas Cowboys nine over the Washington Redskins.

The Chicago Bears-St. Louis Cardinals game is rated even and the New York Giants are rated two points better than the Pittsburgh Steelers.

In the American Football League, the Kansas City Chiefs were made 13 point choices over the San Diego Chargers; the New York Jets four over the Boston Patriots; the Oakland Raiders 27 over the Miami Dolphins and the Buffalo Bills eight over the Denver Broncos.

Two Teams Capture Flag Grid Openers

The San Rafael Recreation Department's Adult Flag Football League opened last Sunday at San Rafael High School with a cliff-hanger and an upset.

The Marin County Probation Department nicked the San Rafael Jaycees, 8-6, and Cal-s Steak House upset the Dirty Dozen 20-6 with Gary Boero scoring a pair of touchdowns for the winners.

New Merger: Gales Head For Canada

VANCOUVER, B.C. (AP) — The president of Vancouver Royal Canadians said yesterday the team has merged with the San Francisco Gaels. Both clubs are members of the United Soccer Association.

Vancouver President Ted Eakins said the merged team will play as the Vancouver Royals.

He made the announcement following a report that San Francisco would fold its franchise in the United States and attempt to buy stock in the Vancouver franchise.

Eakins said Coach Bobby Robson of Vancouver was to leave today for Madrid, where the Gaels have been training since August.

Robson and Coach Ferenc Puskas of the Gaels will soon be joined by seven players under contract to the Royal Canadians. No decision about the coaching situation has been made.

Eakins said chairman of the new team will be George Fleharty, owner of the Gaels. Eakins will be club president.

Braves To Play A.L. Champions

ATLANTA (AP) — The Atlanta Braves announced yesterday they will meet the 1966 and 1967 American League champions in exhibition games at Atlanta Stadium next spring.

The Boston Red Sox, who won the A.L. flag this year, will meet the Braves March 23-24 in Atlanta, with the 1966 champion Baltimore Orioles visiting April 5-6-7.

UCLA Bruins Top National Rankings

By ASSOCIATED PRESS

UCLA surged into first place in the national college football rankings today, the major development in a shakeup of the Top Ten resulting primarily from another one of Oregon State's poll-axing performances.

The Beavers' 3-0 victory over Southern California last Saturday helped UCLA climb into the No. 1 spot and dumped the Trojans into fourth place, the position vacated by the Bruins.

Oregon State also cut itself in for a slice of the Top Ten pie, taking over eighth place. The Beavers tied UCLA 16-16 on Nov. 4 and beat Purdue on Oct. 21, both at times when the Bruins and Boilermakers were rated second in the poll.

19 VOTES

UCLA accumulated 19 votes for the top position and 419 points while Tennessee held second place, collecting 13 first-place votes and 390 points in the latest Associated Press poll.

Purdue advanced two places to third. Indiana, Wyoming and Oklahoma each climbed one place, to fifth, sixth and seventh, respectively.

Notre Dame held ninth position followed by North Carolina State.

UCLA rebounded from the Oregon State surprise by crushing Washington 48-0 last Saturday. Tennessee routed Tulane 35-14 for its sixth victory. The Volunteers' only setback was to UCLA in the season opener for both teams.

FIRST LOSS

Purdue, 7-1, overwhelmed Minnesota 41-12. Southern California's loss to the giant-killing Beavers was its first of the campaign after eight victories.

Indiana, unbeaten and untied in eight games, edged Michigan State 14-13. Wyoming, with a perfect record in nine games, routed New Mexico 42-6 while Oklahoma, 6-1, beat Iowa State 52-14. Notre Dame, the defending national champ, trounced Pittsburgh 38-0.

Oregon State replaced Houston in the rankings. The Cougars dropped out despite a 35-18 victory over Memphis State.

The Top Ten, with first-place votes in parentheses, season records and points on a 10-9-8-7-6-5-4-3-2-1 basis:

1. UCLA (19)	7-0-1	419
2. Tennessee (13)	6-1	390
3. Purdue (8)	7-1	343
4. Southern California (5)	8-1	330
5. Indiana (1)	8-0	265
7. Wyoming	9-0	189
7. Oklahoma	6-1	154
8. Oregon State (1)	6-2-1	145
9. Notre Dame	6-2	131
10. North Carolina State	8-1	84

Others receiving votes, listed alphabetically: Alabama, Army, Colorado, Houston, Miami, Fla., Minnesota, Nebraska, Penn State, Texas, University of Texas at El Paso.

DUCK HUNTERS KEEP MARINE PATROL BUSY

Duck hunters are really keeping the Marin County Sheriff's Marine Patrol busy.

The patrol Sunday made its fourth rescue of duck hunters on the mud flats within a month, helping three hunters in a duck blind who were left stranded in their small boat on San Pablo Bay.

The three were Michael Kennedy, 24, of 30 Fairfax Street, San Rafael, owner of the boat; Dario G. Galatolo Jr., 37, of 841 Chamberlain Court, Mill Valley, and his son Michael, 11.

The trio was in a 15-foot boat with a 3-horsepower motor.

Warriors Open East Road Trip

BALTIMORE (UPI)—The San Francisco Warriors open a two-game eastern trip tonight at Baltimore in hopes of narrowing the 5-1-2-game gap between them and the runaway St. Louis Hawks.

St. Louis has lost only one of its 17 games for a comforable cushion atop the Western Division of the National Basketball Association. The Warriors (10-6), defending division champions, know they can't wait too much longer to try to catch up with the Hawks.

Baltimore (5-8) resides in the cellar of the NBA's Eastern Division.

Jim King of the Warriors continues to lead the NBA in scoring with a 23.4 average. Towering center Nate Thurmond, runnerup to King in league scoring earlier in the season, has fallen slightly off his pointmaking pace to fifth place in the league with a 22.1 average.

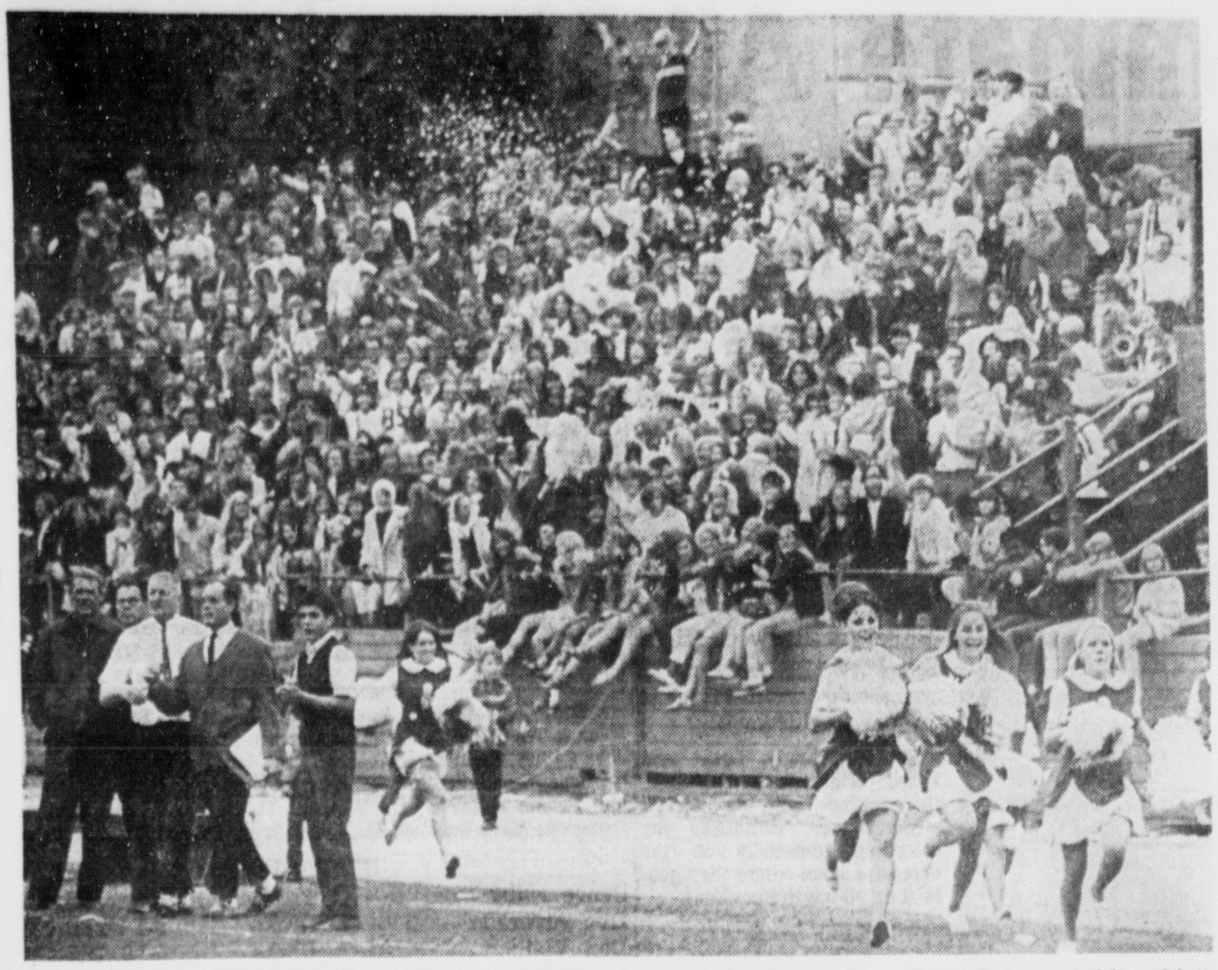
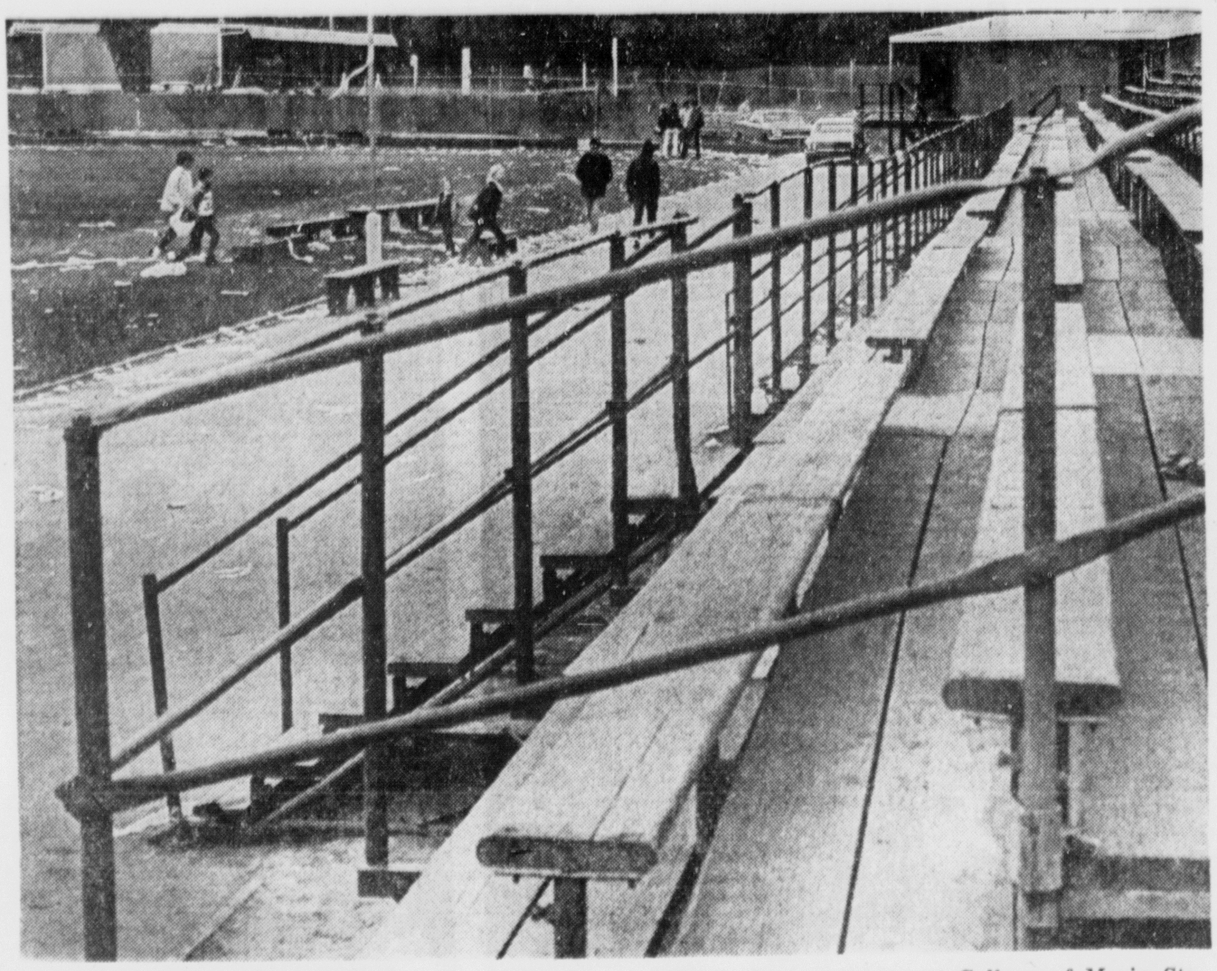
Cal In Soccer Tie

BERKELEY (AP) — The University of California and University of British Columbia played to a 3-3 tie in a soccer match yesterday.



AND AWAY THEY GO—Drake High song leaders head enthusiastically for the end zone after a Pirate touchdown against Tamalpais last Saturday while Drake coaches Carl Brown (white shirt) and Bob Franceschini watch the action. And the bleachers go wild.



IT'S ALL OVER—Empty bleachers and the debris of a Saturday afternoon high school football game signify the end of the 1967 Marin County Athletic League season at College of Marin Stadium at the conclusion of the Drake-Tamalpais game, won by the Pirates, 40-26.

Football Bowl Opponents Will Emerge On Saturday

By ASSOCIATED PRESS

The college football bowl picture still stands shrouded in fog today, but it should clear Saturday and surprising Army is expected to march out of the haze with its first post-season date in history.

All Army, with a 7-1 record, has to do is beat Pittsburgh — and it is heavily favored to do so — Saturday and Sugar Bowl officials are almost certain to invite the Cadets to play in New Orleans on New Year's Day. And Army ight break precedent and accept.

FEELERS

"We're the only service academy that has not played in a bowl," Col. Jerry Capka, athletic director at the U.S. Military Academy, said yesterday at West Point, N.Y., after acknowledging that Army has had feelers.

"We have no policy against it. Our attitude is that we will wait until we get a bid and then consider it on its merits."

Tennessee and Oklahoma, should they get by rougher opponents Saturday, are sure to be marching alongside Army Monday, the day bids can be received and accepted under NCAA rules. They must wait until the Monday after the third playing Saturday in November.

Tennessee can all but wrap up the Southeastern Conference title by beating Mississippi and Oklahoma can do the same in the Big Eight with a victory over Kansas.

VOLS VS. SOONERS

If that's the way it turns out, Orange Bowl officials will be beating at the doors to match up the Vols, 6-1, and Sooners, 6-1, in Miami the night of Jan. 1, and both probably would accept.

Should either stumble, Alabama, 6-1-1, North Carolina State, 8-1, Miami, 6-2, and Auburn, 6-2, are waiting eagerly in the shadows.

Those four teams also are possibilities for the Sugar Bowl, although one of its officials admits "Tennessee and Oklahoma are the most desirable bowl opponents in the country."

Auburn must first get by Georgia and North Carolina State by Clemson on Saturday and Miami by Notre Dame Nov. 24. If Army bows out of the picture, Penn State, 6-2, could step in.

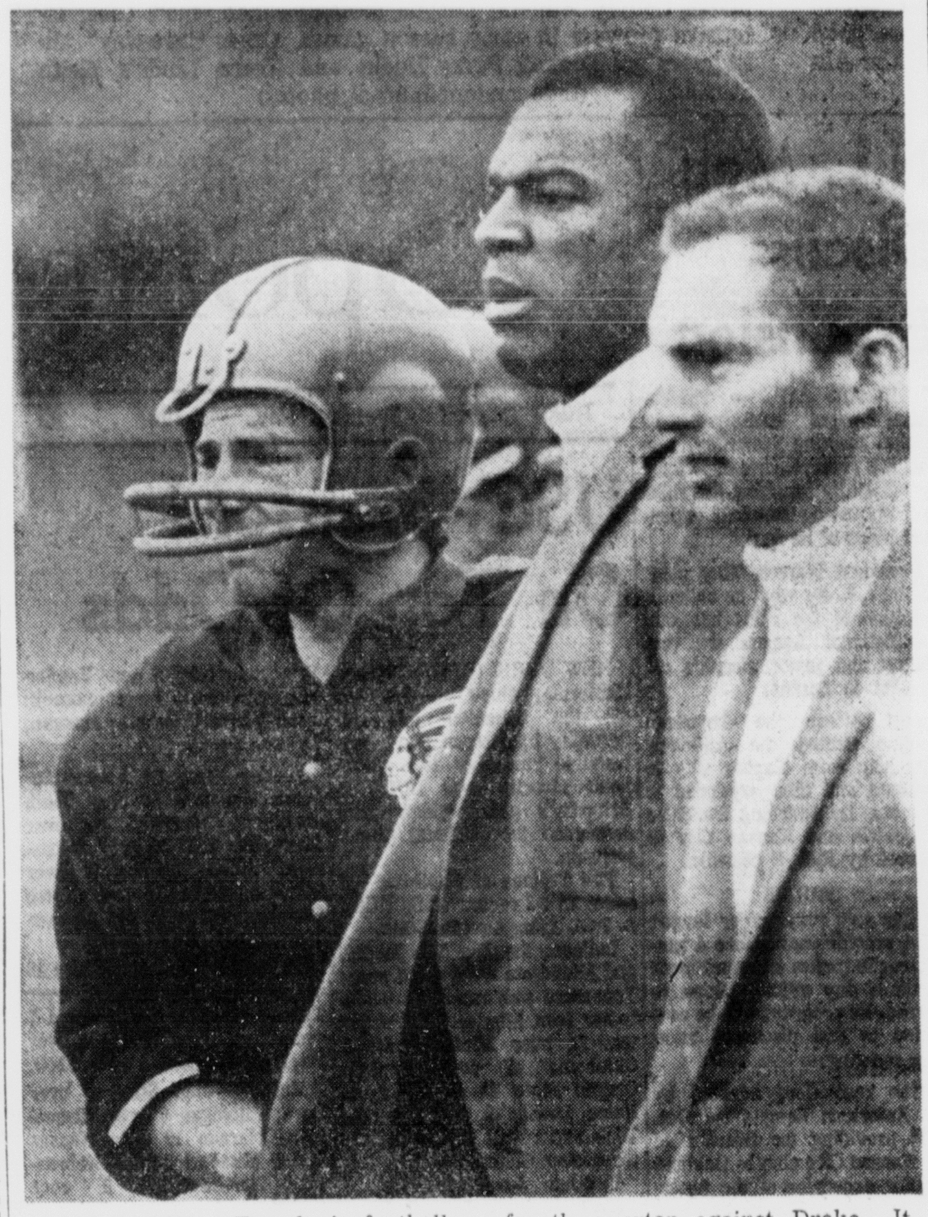
Texas, 6-2, and Texas A&M, 4-4, probably will decide the Southwest Conference title and the Cotton Bowl host in Dallas when they meet on Thanksgiving Day.

ROSE BOWL

The opponent? Take your pick between the teams previously mentioned.

One Rose Bowl team will come out of the clash between Southern California, 8-1, and UCLA, 7-0-1, Saturday for the Pacific-8 title and Indiana, 8-0, can wrap up the Big Ten championship and Pasadena trip by beating Minnesota, 6-2. But Minnesota still could take the title with a victory with Indiana facing Purdue, ineligible for the trip, the following Saturday.

The Gator Bowl in Jacksonville, Fla., Dec. 30 can grab Wyoming, 9-0, with Penn State or Miami a likely opponent.



NOT AGAIN — Tamalpais football coaches Willie Hector (center) and Norm Cady watch anxiously as another Indian demise looms in the fourth quarter against Drake. It happened, too, with Drake winning 40-26 to tie for the MCAL title with Terra Linda. It was Tam's eighth loss of the season.

Only Fair Results On Last Day Of Gate Salmon Season

STEVENS

Well, salt water salmon trolling came to a close last Sunday. As far as I could learn every available space on every available sport-fishing boat was taken with one exception . . . From Lee Anderson's bait, boat and tackle headquarters I learned that one boat was chartered for the windup of the season, but they didn't show. That's too bad. The skipper of that boat could easily have filled out his space. I don't know whether or not the charter arranger compensated the skipper by he certainly should have.

For the last day of salmon fishing outside the gate, here is the score:

We must say it was only fair and all the hoping in the world cannot better that description. According to reports, the top boat on this final day of the 1967 season, for salmon trolling outside the Gate was the Sea Horse out of Lee Anderson's Shop in Oakland . . . 13 salmon to 32 pounds. The best score out of Caruso's place at Sausalito, two boats, the Sunrise and the Corinne, docked with nine salmon each. The Corinne had six of her nine over 25 pounds.

SO, IT'S GOODBYE to the season in 1967. Not very many winners the last day, but some beautiful Chinooks came over the sides.

Let's have a brief look-see at the immediate past, present and probable future of striped bass angling hither and yon. To say striper striving is red hot, would be incorrect. Many were called, but only a comparative few were chosen. From China Camp the report was very good — 18 nice bass were unloaded with weights up to 30 pounds. The small-hook, small-pieces of bait boys did quite well. The bass fell for an offering of bullheads and shrimp.

FROM LEE ANDERSON'S shop in Oakland I learned that at least two of the sportfishing boats made the grade in a very satisfactory way. The boat, Cherokee, trolled hardware in the Red Rock area and boated 7 limits of bass to 12 pounds and the R.S.P. also had seven limits of bass but they ran to 14 pounds.

An unverified report came in of action off Yellow Bluff, and some fair fishing was had in the Racoon Strait and off Paradise Cove.

So it would seem that the fall and early winter run of stripers is in full swing.

Ryan Triumphs In Boat Race

Robert Ryan of San Rafael navigated his "Kelly Jo" to victory Saturday in the Loch Lomond Yacht Club's fourth annual predicted log power cruiser race. Ryan completed the 18-mile bay course with a low 1.1 per cent error.

Lew Glaeser of Corte Madera was second in Tres Bien with a 1.5 per cent error and Jack Robinson third in Poco Loco at 2.56.

Other leaders in the 12-boat field were: Bill Muggenthaler, San Rafael, 2.57; Jack Peetz, Corte Madera, 3.6; and Gary Muggenthaler, San Rafael, 4.8.

Audrey Mullins Wins Tournament

Audrey Mullins topped the field in the Indian Valley Business Businesswomen's Golf Club's Turkey Shoot Tournament at Indian Valley Golf Course in Novato Sunday with an 87-25—62.

She was followed by Dicie Gates, 99-29—70, Mrs. Arthur Sears, 94-19—75, Mrs. John Brodi, 107-32—75 and Mrs. Torc Bedain, 90-22—76.

San Francisco State QB Wins Norcal Grid Honor

COMBINED AP & UPI

PALO ALTO — San Francisco State and Stanford football players have been selected by the Northern California Football Writers Association for top honors of the year.

Quarterback Bob Toledo of San Francisco State was named back of the year. His teammate, split end Joe Koontz, and Stanford defensive tackle Blaine Nye shared lineman honors.

RECORD

Toledo, with one game to go, already holds a national collegiate passing record of 41 touchdown passes. Koontz has 16 touchdown catches for a new small college mark in one season.

Koontz also was named lineman of the week for his play against the Cal Aggies at Davis. Hayward State freshman running back Bernie Oliver also was singled out for his 176 yards and three touchdowns in the 77-20 win over the University of San Francisco. Others honored were Stanford's Howie Williams and Cal linebacker Jim Fetherston.

Pat Mallery, who has built Santa Clara into a power among the small colleges, was named Northern California Coach of the Year.

The football writers also heard that 70,000 tickets already have been sold for the annual Stanford-California game Saturday at Stanford.

STRONGEST

Coach Ray Willsey said his team was the strongest in both talent and depth in the four years he has been at Berkeley. Stanford Coach John Ralston scoffed at reports his team was favored and said he considered the game dead-even.

University of the Pacific Coach Doug Scovil said he expects a tough game in the season finale against visiting Long Beach State.

San Jose State Coach Harry Anderson said he hopes quarterback Danny Holman will have help in the running department when his team travels to Fresno State Saturday.

Rummage Sale To Help Pop Warner Grid Team

The Terra Linda Junior Trojans are scheduled to play the Kaneohe Rams in the Mele Kalikimaka Bowl December 3 in a Pop Warner football extravaganza Hawaiian style.

There is only one hitch.

It is going to cost a little bit of money.

Like about $9,000.

That's is approximately how much it will cost to send 48 players and 3 coaches to Hawaii to play in the Merry Christmas Bowl.

The Junior Trojans, undefeated champions of the Marin County Pop Warner League, would arrive in Hawaii Nov. 30.

In order to get them there, a pair of fund raising activities already have been started by supporters of the Junior Trojans.

Next Saturday a rummage sale will be held at the Terra Linda High School cafeteria from 9:30 a.m. to 4 p.m.

It's a bargains unlimited sale with everything from phychedlic posters, games, books, toys, furniture, appliances, oil paintings, jewelry and what have you going up for sale to help send the Junior Trojans to Hawaii. Movies of the team also will be shown throughout the day.

So far, roughly $1,000 has been collected for the trip according to Steve O'Brien, chairman of the boys club board of directors.

Pop Warner football is for boys under 14 years of age who weigh less than 125 pounds.

Creditors Want Wolman's Books

COMBINED AP & UPI

PHILADELPHIA — Sportsman-builder Jerry Wolman, owner of the Philadelphis Eagles football team, was to open his financial books today to creditors who feel he may have extended himself too far financially.

A spokesman for the team announced that Wolman will meet with newsmen to discuss his financial status.

Creditors in New York City, Washington, D. C., and Philadelphia, were hoping the young tycoon would give them a detailed report on his liabilities and assets.

Reports that Wolman's financial empire, said to be worth $37 million when he bought the Eagles four years ago for $5.5 million, was in trouble started when he fired his longtime friend, Ed Snyder, as Eagles' vice president. Snyder, owner of the Philadelphia Flyers' hockey team, reportedly had refused to permit Wolman to use the hockey team as collateral for a business venture.

BASEBALL

NEW YORK — Dick O'Connell, executive vice president and general manager of the 100-to-1 shot Boston Red Sox, was named major league executive of the year today by United Press International.

FOOTBALL

MONTREAL — Pete Liske, former Penn State quarterback who played one year with the New York Jets, was named Player of the year in the Canadian Football League after leading Calgary to the Western Conference title.

AUTO RACING

LAS VEGAS, Nev. — Mario Andretti, winner of the 500-mile stock car race at Daytona, was awarded the Martini & Rossi American Driver of the Year trophy.

GENERAL

NEW DELHI, India — Flyweight Richard Sanders of Portland, Ore., scored two victories and remained in strong contention for the flyweight title in the World Freestyle Wrestling Championships.

BALTIMORE — Dr. George W. McLaren, a member of football's Hall of Fame and a former fullback at the University of Pittsburgh, died at the age of 71.

HORSE RACING

SAN MATEO, Calif. — Loucilla Dream, $9.20, won the feature at Bay Meadows over True Blue.

Andale Leads La Paz Race

LONG BEACH, Calif. (TP) — A 47-foot sloop — the Andale — was the overall leader yesterday in the second day of the 960-mile Long Beach to La Paz Yacht race.

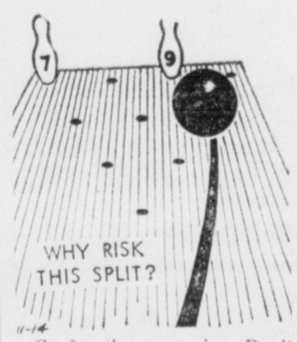
Bill Stewart of San Francisco's St. Francis Yacht Club is the skipper of the craft.

Anitra, a Seattle, Wash., ship was 14 miles astern at 272 miles out of Long Beach. Conquest out of the Long Beach Yacht Club was next and the 50-foot yawl, Simoon, of the Newport Harbor Yacht Club followed fourth.

Widds were variable northwest at ten knots with gusts up to 14 knots.

BOWLING TIPS

By MARION LADEWIG



Go for the sure pins. Don't try for the virtually impossible. Some splits can't be picked up by a good bowler one time in a hundred. The 4-6, 7-10, 7-9 and 8-10 are some of these. And, of course, the 4-6-7-10. When you try for them, you are risking losing pins for your team total with not even a remote chance of becoming a heroine by turning one of them into a spare.

OTHER PEOPLE'S BUSINESS

New Interior Design Venture Puts Up Its Sign In Greenbrae

A new business sign has gone up at 236 Bon Air Shopping Center, Greenbrae for **Greenbrae Design Associates, Inc.**

This interior and design service, which shares space with Rainbow TV, is a new venture of **Fred J. Pierini** of Tiburon and **Mrs. Amy B. Marshall** of Greenbrae. Many samples of wall coverings, draperies and furnishings are in; more are still to come.

Pierini, who has been in the business more than 20 years, was formerly associated with Marilyn Royo Interior Design at this same address. Hours are from 10 a.m. to 5:30 p.m. Mondays through Saturdays.

THE SALON, previously at 411 Fourth Street, San Rafael, has taken on much larger quarters — in fact, owner **Mrs. Arline Kard,** has acquired the entire lower floor of the former Marin County Office Equipment building on Lootens Place.

There's more room for beauty services and enough for a boutique besides. Manager is **Miss Lou Glenn,** former manager at Hunter-Hall.

Hours Mondays through Saturdays are from 9 a.m. to 5 p.m., with later hours on Wednesday and Thursday nights.

WILLIAM MELBERN has added something new to his **Airport Limousine Service** — pickup and discharge at the Corte Madera Shopping Center.

Make appointments with the Sausalito office as before. Point of rendezvous is at the self-service Post Office in the shopping center where there are signs indicating free parking for customers (no time limit). There's a minimum of two passengers at $5 per head. Talk to the driver about arranging pickup at the airport on return flights.

With congested traffic and parking at the airport over the holidays it might be well to check out the full benefits of leaving the driving for someone else.

IT APPEARS there is still one more hurdle to be jumped before the Red Hill Shopping Center in San Anselmo gets its Union Oil service station at Sir Francis Drake and Sonoma — and that's tonight when the San Anselmo City Council acts on the Planning Commission's recommendation that a use permit be granted.

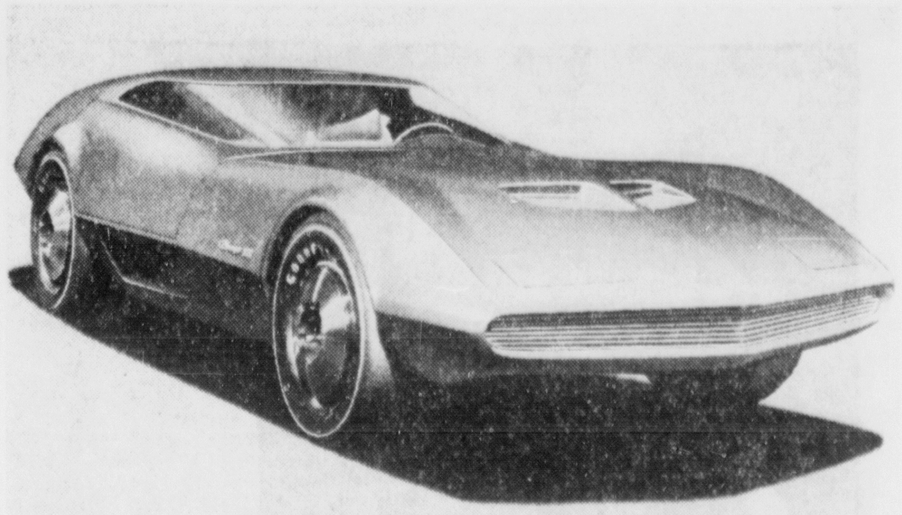
MARIN COUNTY real estate men outdid themselves last month, racking up a total of $7,679,966 in multiple listing sales. This is more than twice the volume in October of last year. The number of transactions likewise was almost doubled.

Total completed sales in October also were high — $5,895,616, compared to a year-ago figure of $3,799,370. This year to date is now $5 million ahead of the first 10 months of 1966. With any reasonable amount of business in November and December this should be enough of a safety margin to make a good showing at year's end.

TWO MORE San Rafael men are being featured as speakers at this week's California Society of Certified Public Accountants 1967 tax accounting conference this week in San Francisco and Los Angeles.

Robert L. Bean, partner in **Touche, Ross, Bailey and Smart,** San Francisco, will discuss estate form 706 and solutions to problem areas. **Richard A. Hunter,** manager in the San Francisco office of **Arthur Andersen and Co.,** will cover tax planning for maximum utilization of the investment credit.

ADVERTISING: James C. Nelson Jr. of Marinwood, executive vice president and creative director for **Hoefer, Dieterich and Brown, Inc.,** will be creative supervisor for the company's S and W Fine Foods account . . . **Pat Reynolds and Associates,** Tiburon, has been appointed advertising representative for Town and Country Shopping Center, Tiburon (Bel Aire).



DODGE'S NEW 'IDEA' CAR

Charger III, sleek, low-slung, two-seater experimental car will be displayed at key auto shows by Dodge. Only 42 inches high, 184 inches long and 73 inches wide, it features a jet aircraft type of canopy, swing-away steering wheel, elevating bucket seats and spiler-type air brake flaps. Side scoops ram cooling air to rear brakes.

Foremost-McKesson To Sell Subsidiary

SAN FRANCISCO (BW) — Foremost-McKesson, Inc., has announced the sale of its Strong Cobb Arner pharmaceuticals subsidiary to International Chemical & Nuclear Corp. of Los Angeles for an undisclosed amount of cash, approximating Foremost-McKesson's investment.

Foremost Dairies, predecessor to Foremost-McKesson, acquired Strong Cobb Arner in 1965 and agreed to dispose of it under the terms of an FTC consent order prior to Foremost's merger with McKesson and Robbins of New York, in July.

State's Cotton Future Bright

SAN FRANCISCO (UPI)— California's cotton crop shows prospects of expansion and greater profits, the Bank of America said today.

Improved efficiency and a rising volume of marketing at strong prices insure larger profits, according to a special economic report by the bank.

The average yield this year was expected to be two pounds per acre over the 954-pound average in 1966. Total value of cotton produced in California was expected to reach $197 million and to increase 60 per cent to $313 million by 1972.

Total value of the state's 1963 production was expected to reach $260 million.

Still Another Losing Day For Market

NEW YORK (AP)—The stock market closed with another loss today. Glamor stocks were hit hard.

Trading was active as the market headed lower after a mixed opening. Losses were pared somewhat in late afternoon but not enough to erase a 2-to-1 advantage of losses over gains.

No fresh news was cited to account for the renewed downturn. North Vietnam's rejection of President Johnson's offer for peace talks aboard a neutral ship, however, was a possible factor on the discouraging side.

Occidental Petroleum, off more than half a dozen points, paced the list on Volume. It was one of the oil companies affected by increased royalty payments to the Libyan government for oil leases.

Among active stocks, Control Data lost 5, Stokeley-Van Camp, Sanders Associates and Avnet about 3 each while Fairchild Camera rebounded about 2.

Less actively traded, Xerox, General Electric and MGM dropped about 3 points each.

Losses of a point or so were taken by General Motors, RCA, Sperry Rand, International Telephone, Eastman Kodak, Illinois Central, Pennsylvania Railroad and Pfizer.

SUCCESSFUL INVESTING

Glamor Name Doesn't Mean Glamor Stock

By ROGER E. SPEAR

Q. Recently I bought 500 shares of Electronic and Missile Facilities. This stock was bought with the thought in mind that it had a good future, due to the nature of its name. What is your opinion of this stock? — E.S.

A. If you will allow me to say so, I believe that you have made a very common investment error — believing that a glamorous name necessarily connotes a glamorous business.

Your company is a contractor, building installations for missile facilities and other government projects. I believe it is a reputable firm but, like most builders, its earnings record has been erratic and no dividends have been paid since 1963.

The stock has had a good run-up this year, but it is still relatively depressed compared with earlier price levels.

You obviously thought that you were investing in a missile and electronics production firm. You were not, but your company seems well managed and I advise you to hold your stock. A deficit recorded for the first half of 1967 might well be erased, as it was last year.

Q. Please advise us on investing toward our year-old son's college education. We have $500 which we would like to put into stocks or a mutual fund. What stock or mutual fund would be best suited for our purpose? — K.W.

A. It is a sincere pleasure to try to help good parents like yourselves to achieve an education for your son. Since your available funds appear to be limited — as well as your knowledge of stocks — I believe you would do well to put your money into a mutual fund.

I am going to suggest three which strive for maximum capital gains and have a good record of achievement. They are Fidelitiy Trend Fund, Invest and Axe-Houghton Stock Fund.

These are known as performance funds, and they do involve a degree of risk. I advise you to consult a dealer as to which of them would be most suitable for your purpose.

Computer Trade Helping On Astrology, Roommate Hunt

NEW YORK (AP) — There's a computer in Manhattan that spends part of its time matching up people to share apartments.

It has a colleague that spends part of its working week turning out 10,008-word horoscopes for the astrologically minded.

Either service costs $15.

The first is offered by Bradshaw Realty, an apartment rental and management firm. The second by TBS Computer Centers Corp. and Time Pattern Research Institute, Inc.

They're among the latest to be assigned to computers which not long ago started out as adding machines and now can play chess, create pictures, match boys and girls for dates and help a person find a job.

Using a computer to help select the proper roommate is the idea of Herb Riddick, general manager of Bradshaw.

Riddick believes that "next to marriage, getting a proper roommate is one of the most important partnerships a person can enter into. Being misroommated is almost as bad as being mismated."

Applicants can be either those who are looking for an apartment and want to share it, or those who have an apartment and want a roommate.

The application contains a 25-question "personality appraisal form" developed by a psychologist.

"The questions try to measure types of intensity," Riddick says.

"If one person agrees strongly with something and another disagrees strongly with the same thing then, all things being equal, the odds are that they won't be good roommates. By and large similar people make the best roommates."

Astrology, predicting the future by charting the fancied effect of stars on human events, is at least 5,000 years old. Murray Lee, president of TBS, estimates there are 5 million devotees of the subject in the United States. Another 40 million dabble in it, usually by reading their horoscope in the daily newspaper, he says.

Lee says it used to take as much as a week to cast a personal horoscope at a cost of up to $500.

The computer can do the same thing in less than a minute and for $15, Lee says.

The computer is programmed, he says, to produce as many as 2 billion different astrological reports.

Bad Spring Hits Canner's Profit

SAN FRANCISCO (BW) — Del Monte Corp. sales for the six months ended Aug. 31 were $236,712,000. Earnings were $8,747,000, or 76 cents per share.

Comparable figures for a year ago were $232,360,000 sales, $10,336,000 or 89 cents per share earnings.

Del Monte President J. E. Countryman blamed the decline in earnings on unusual weather last spring, which caused short supply situations and sharply increased production costs which were temporarily not reflected in selling prices.

SERVING ALL OF MARIN COUNTY

TODAY'S EDITORIAL

Years Do Not Change County Planners' Tactics

Opinions on the Marin County Planning Commission regarding Shoreline Highway have changed since the state threw up its hands in disgust and shelved development plans in 1962, but the county planning department itself is consistent.

It's urging now, as it was in 1962, is "delay."

And its reason now, as in 1962, is that decisions on Highway 17 may affect the use of the Shoreline.

County supervisors on Nov. 21 will consider the 4-to-3 planning commission resolution for adoption of the coastal cliff route for Shoreline from Rodeo Lagoon northward.

IT IS INTERESTING that the "conservation bloc" on the planning commission all voted for this route. Five years ago, "conservation" groups were solidly against doing anything with the highway.

Dr. William F. Upton as chairman five years ago joined in an unanimous call for delay so that information on other route possibilities could be developed. Two weeks ago, he joined Margaret Azevedo, the present chairman, and Commissioners Michael Praszker and Hugh Dougherty in voting for the coastal cliff route — which is much the same as the route proposed by the state in '62.

The votes for delay this time came from what might be called the "expansionist bloc" on the commission: Niels Schultz Jr., Walter F. Freitas, and Eugene R. Trombley.

THE PLANNING STAFF was consistent, though.

In 1962, Billy D. Dobbs, then planning director, urged the "go-slow" resolution which the commission adopted unanimously, asking for a delay "until six or eight months hence, so the county can evaluate the information it will have developed."

One of his assistants, David Van Pelt, told the commission that Shoreline Highway should not be considered alone as "high capacity roads might be built through Lucas Valley or along the route of Sir Francis Drake Boulevard." This referred to plans for extension of Highway 17.

When the board of supervisors joined in the planners' call for delay, the state gave up in disgust. Its plans for the Shoreline have been on the shelf ever since.

Dobbs and Van Pelt are now gone from the scene. Planning director is Paul C. Zucker. Carrying the ball for him on the Shoreline Highway matter is Albert Solnit, who joined the department only last year. (This in itself is interesting. Solnit's title is chief of advance planning. The Shoreline routing passed the advance planning stage by the state Division of Highways over five years ago.)

AND WHAT IS SOLNIT saying? He is asking delay so the county can make a study of the possibility of a route following the present Shoreline to Bootjack Camp, high on Mount Tamalpais, then running inland, high up on the ridge, past Stinson Beach and Bolinas. That route was discarded by the state in its own advance planning studies some years back.

And he is saying that until plans for Highway 17 have jelled, work on Shoreline should be set aside.

Since the request for a delay of "six or eight months" in December, 1962, a dozen persons have been killed when their cars or motorcycles went off the tortuous trail along the cliffs that is mislabeled "Shoreline Highway" between Highway 101 and Olema.

Highway 1 — which is the Shoreline — has been improved or is being improved in every county through which it passes except Marin.

The time for delay should be over.

Autumn Sounds

November in Marin is the gentle, or not so gentle, sound of raindrops pelting the roof or landing with loud plunks upon the broad leaves of the poplars outside the bedroom window. November is a quiet, earnest time. Shorter days, the children at school and the cold and rain limiting outside activities, there is an almost eerie absence of human noise in the suburban neighborhoods.

This lack adds extra sparkle to the melancholy sweetness of the golden crown's song. The soft sound of cars sloshing on wet roads is scarcely audible in the near distance.

And we think we can hear the sound of Thanksgiving ahead and to the right.

Taxpayers Stuck To Pay More Experts

Editor, Independent-Journal:

It's par for the course again. Our five maharajas at the Taj Mahal north of San Rafael, who operate with their free-handed habit of doling out the taxpayers' hard-earned cash, are at it again. We have been stuck with another ineffectual situation with more to come.

First they hire a transit manager from New York, whom they claim to be an expert in his field, at a mere $27,000 a year plus office and staff. But just what transit is he going to manage?

Mr. (Seymour) Kashin arrived about the 17th of October and when he had heardly warmed his chair, he requested and is given authority on the first of November to bring out a number of so-called experts for $15,000 plus extras.

The lame excuse given for this "give-away" was that R. L. Banks and Associates from Washington, D.C., were to work up a case against the Greyhound Co. to present in court action on their request for an increase in Marin bus fares. . . .

The only expert recommendation Mr. Kashin has come up with so far is for the operation of dual-purpose retractable wheel buses, some of which are now in use in various parts of the U.S.A. and Europe.

His idea if I read the I-J right, to operate these buses on the tracks of th Northwestern Pacific Railroad. Then on reaching the G. G. Bridge on a rail car, retract its wheels and roll over the bridge and into San Farancisco on its rubber tires.

By this does he plan to lay tracks over the Waldo Grade? If this is a sample of Mr. Kashin's thinking, the Marin commuters are in for plenty of traffic jams.

Let's once and for all stop bringing in these would-be traffic experts from out of state, hire local engineers who really know local conditions. Send one to Seattle to check over their ferry system and another to Tokyo, Japan, to check their fast electric train system.

After having gathered this information, let's ourselves get busy and install a modern, up-to-date fast ferry and train system and forget the needless double decking of the G. G. Bridge and the costly expense for the approaches.

Police State Letter 'Classic In Bias'

Editor, Independent-Journal:

Mrs. (Margaret) Moreau's letter (Oct. 30) is classic in its bias and contradictions. Her concept of our police force as gleaned from presentations in a Mexican newspaper is apparently limited — limited in that obviously the other side of the ledger was not presented: the looting, the burning, the terror which preceded police action. Pictures of alleged police brutality — yes; but not pictures of slain police officers and their bereaved families.

The kindly man in blue is still with us; true, not in the same image as recalled by Mrs. Moreau. The familiar neighborhood officer who once patrolled his beat in comparative safety, the friend of the newsies and the apple woman, is a victim of the upsurge in crime and violence. Today, the lone police officer patroling would be no match for the gangs who roam the streets. The patrol car has replaced the familiar figure.

The "horrendous" happenings she decries are engendered by non-conforming segments of the citizenry and constitute law-breaking; yet, she criticizes the officers for enforcing the law. Can these violent situations be solved by mere wrist-slapping? She cites the case of the attempt to provide special treatment for an arrested officer; yet, she laments the arrest of little old ladies, priests, ministers, etc. Should a distinction be made, and where would the line be drawn? Who should receive immunity?

The same bias is evinced in her criticism of the wives of police officers; are they not entitled to the same protection other citizens receive? In this instance, Mrs. Moreau evidently does not deplore rudeness per se, but rather the fact that it was used on the "wrong" people. So — there are "right" people to be rude to?

I would say we are fortunate that, in spite of the disparaging Mrs. Moreaus, our police force still stands ready to serve us at the risk of becoming the "inviolate arbiters of American life."

More On Churches' 'Tax-Free Ride'

Editor, Independent-Journal:

I would like to write this letter in defense of Mr. Arthur Burton (I-J, Nov. 7) and at the same time show Mr. John Flanagan that the tax-free ride that religious institutionns are taking is much longer than Mr. Burton has stated.

Church-operated schools are built on tax-free land provided by its members. These members may deduct from federal and state income tax their contributions to the church. Twice already the taxpayer is cheated, but let us look further into the subject. Let us figure the cost of transportation of students from Hamilton Air Force Base to parochial schools. This is also at the taxpayers' expense, and not always necessary since the base has a school right on its property.

How does tax-free land, tax deductions on contributions to churches, tax-free transportation to parochial schools save taxpayers money?

Private hospitals operate at a profit and are taxed. Church operated hospitals also operate at a profit, but are they taxed? Christian Brothers distillery competed against other distilleries yet paid no tax until a few years ago. How does this save taxpayers money?

New Hanoi Strategy: Talk While Fighting

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — The feeling is growing at the highest levels of the Johnson Administration that North Vietnam will be ready to open "peace talks" some time before the 1968 U.S. presidential elections.

But the talks Hanoi would seek probably would not be accompanied by a cease-fire.

Also, the negotiations might be a tactic in the Communist efforts to take over South Vietnam rather than a means toward a settlement based on mutual consessions.

This impression of North Vietnam's intentions in Vietnam was relayed to President Johnson by Vice President Hubert Humphrey following his talks with U.S. and South Vietnamese authorites in Saigon.

HUMPHREY REPORTED that captured documents and statements from prisoners in recent weeks revealed that "an intensive indoctrination program is now being undertaken by Hanoi to prepare Viet Cong troops for a prolonged period of negotiating while fighting."

The first hints of the forthcoming shift in Hanoi's strategy, the Vice President was told, showed up in a 26-page document by Lee Duan, North Vietnam's Communist Party first secretary.

THE DOCUMENT, captured by American troops, contained instructions to Viet Cong officers from Lee Duan. It stressed that the prottracted war strategy for Vietnam in 1968 would involve both negotiations and fighting, stating:

"Peace talks and military operations will be used to serve in a practical manner our political strategy during the crucial struggle periods beginning in 1968 for control of South Vietnam.

"Governments of South Vietnam and the U.S. will be brought under strong domestic and international pressure to cease all military operations above the 17th Parallel in exchange for negotiations on our conditions.

"Our strategy will be to exact consessions for an agreement to open talks but without a cease-fire in South Vietnam. While negotiations drag on, every effort will be made to erode the positions of the U.S. and South Vietnamese governments with continued military operations. The objective is to force the acceptance of our peace conditions in the South."

SUPPORTING DETAILS of Hanoi's "talk while fighting" strategy, according to Humphrey's report, were contained in a notebook of a Viet Cong political cadre, captured by U.S. forces in September.

It described a military indoctrination course for 100 Viet Cong officers at a rest camp in Cambodia, which has become a major staging and resupply area for three Communist divisions operating in the central highlands of South Vietnam.

During the course, the Communist officers were called upon to explain to their troops the meaning of three resolutions adopted by the North Vietnamese La Dong (Communist) party. These were:

1. The protracted war in South Vietnam would be supported with all available resources in North Vietnam.

2. There would be simultaneous conduct of war and negotiations similar to those with the French in 1954, and at Panmunjom in Korea in 1952.

3. At a predetermined date in 1968, a general offensive and uprising would be launched in South Vietnam in an all-out attempt to force the collapse of organized government throughout the country.

IN SEPTEMBER, North Vietnam's Defense Minister Vo Nguyen Giap sent a 35,000 word memorandum to all North Vietnamese troops outlining the ideological base for a return to guerrilla warfare.

A Cenral Intelligence Agency estimate, which Humphrey forwarded with his report, estimates alarmingly, that the political control network of the Viet Cong has slowly but relentlessly grown throughout South Vietnam since the 1963 overthrow of Ngo Dinh Diem, despite the unbroken chain of American military victories.

On Humphrey's recommendations, President Johnson has recalled Ambassador Ellsworth Bunker from Saigon to discuss the new strategy of Hanoi.

Buttoned Lip Sometimes Beats Steady Talk For Politician

WASHINGTON (AP) — Here's a new twist in American politics: One way to win public confidence is to keep your mouth completely shut, or almost completely. Another is to keep talking. But that can turn out badly.

Maybe the answer is in just how you do or don't keep quiet. These are conclusions to be drawn from the latest Gallup public opinion poll on handling the war in Vietnam. It was taken for the National Broadcasting Co.

President Johnson didn't come out looking well among those questioned about his conduct of the war. But his five would-be, or possible, Republican rivals for the presidency in 1968 came out looking a lot worse.

Among the five Republicans, New York's Gov. Nelson A. Rockefeller and former Vice President Richard M. Nixon did best. Ten per cent of those questioned said they had a "lot of confidence" in both men's ability to handle the war.

Only nine per cent said that about California's Gov. Ronald Reagan, four per cent about Illinois Sen. Charles A. Percy, and just three per cent about Michigan's Gov. George A. Romney.

These figures are impressive if only because none of these five Republicans — in whom those polled expressed confidence in their war-handling ability — have had anything to do with handling the war.

But of the five, Rockefeller is the only one who has said nothing, or almost nothing about the war. It's the others who did the talking.

Rockefeller limited himself to expressing confidence in Johnson's policy and suggesting that judgments on the war should be made only by those who, like Johnson, have access to classified information.

Oddly enough, Nixon, the only other Republican to match the practically speechless Rockefeller in winning even 10 per cent of confidence on war-handling among those questioned, has been a steady talker.

He takes the hawk view. Unlike Rockefeller, who has been willing to go along with the way Johnson is running things in Vietnam, Nixon wants a lot tougher war, a stepped-up war.

The Gallup survey reported that 48 per cent of those questioned said they had "little or no" confidence in Johnson's ability to handle the war.

Only 20 per cent said they had a "lot of confidence" in the way he's doing it. Another 20 per cent expressed "some confidence."

Legislature Thwarted On Racing

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — The intent of the California Legislature in its actions on horse racing has been sabotaged by the Horse Racing Board, according to Assemblyman Robert T. Monagan, R-Tracy.

The legislature by resolution asked the Horse Racing Board to reject applications for additional days of racing which would be damaging to existing fairs and expositions. This was after it noted additional racing days which Monagan said would provide extra meet time for the new California State Fair and Exposition.

The board responded to the legislative intent, he claims, by granting the additional days to Bay Meadows from Aug. 19 through Oct. 5. The assemblyman described this time as "the heart of Northern California's racing season."

THE TRACY assemblyman, calling the action "contrary to the intent of the Legislature," now has another resolution before the Assembly, asking that all construction for horse racing facilities at the new fair and exposition be halted pending a complete review of financial feasibility.

The resolution also admonishes the Horse Racing Board to reconsider its decision.

Andrew J. Lolli, director of the state Department of General Services, and as such, guardian of the purse strings of the new fair, agrees with the intent of the Monagan resolution.

NOT ONLY the new state fair will be affected, but also some county and district fairs, including the San Joaquin County Fair at Stockton. The smaller fairs are not involved in the problem of seeking additional racing days, but are involved because of the competition from the big private tracks.

The fairs get horses of lesser caliber when they are competing with the big tracks, which results in a poorer racing meet.

It was the intention of the California State Fair and Exposition to put on a first class racing meet in the Capitol area, one which would draw owners of the better horses.

Monagan claims action of the horse racing board will diminish revenues to the point where monies needed to retire some $13.5 worth of bonds being used for construction of the new fair will be endangered.

If Monagan's resolution passes the Legislature, it could well mean that there would be no horse racing at all at the new state fair in 1968.

Reader Takes Issue With Ethridge Story

Editor, Independent-Journal:

The printing of this article in your newspaper surprises me. (Enclosed was a clipping of the second of three "Vietnam Assessment" articles by Mark Ethridge Jr., editor of the Detroit Free Press.) I have always felt that the I-J was one of the few responsible papers. But this enclosed article is real bad on fact:

1. He says the U. S. does not have the support of the South Vietnamese people. How did he come to this conclusion — hearsay maybe?

2. He says 85 per cent voted, but the Viet Cong control 59 per cent of the hamlets that he says are not secure enough to hold elections. What kind of double talk is this?

3. "Informal guesses are that" I quote, am glad at least he admits he is guessing and prejudiced on the whole subject.

(Editor's note: The first of Ethridge's articles gave some explanation of how he gathered his information. Elections were not held in the hamlets controlled by the Viet Cong.)

'If Only Douglas MacArthur Here'

Editor, Independent-Journal:

Rather surprising that Proposition P, the "Immediate cease fire and withdrawl of U.S. troops from Vietnam etc." received only 78,000 votes in S.F.

The wording was a typical Communist trick, which on first reading looks very amateurish, but probably engineered by the finest Communist brains available.

They were not game to ask the question we conservatives are asking, "Why not win in Vietnam and get out?" It is unthinkable that a nation as large and strong as the U.S. could not win quickly if our fighting men were allowed to win and we did not provide Communism with the weapons they are using against us. Eighty per cent of the North Vietnam material is provided by Soviet Russia and its European satellites. The sad part is that without the support of our federal goverment this help could not be given. Ballot Suggested On Transit Problem

Editor, Independent-Journal:

I read with a good deal of interest your front page story in the Independent-Journal for Thursday, Nov. 2, entitled "Hot Session Goes Against Second Deck." As a Marinite commuting to San Francisco for the last seven years — it has been with a great deal of concern and dismay that I have watched the ever-increasing burden on Highway 101. In the routine of crawling through San Rafael from Terra Linda, breaking out into the open momentarily at the Richmond-San Rafael turn-off only to come to a screeching halt just this side of the Greenbrae turn-on and then to crawl at speeds of 0 to 15 or 20 miles an hour from Greenbrae to the Golden Gate Bridge is a fantastic criticism of our highway planners and political entities that have the responsibility for correcting this problem.

Quite obviously, it should never have been allowed to get to the point that it is now and the fact there is no solution in sight indicates that the problem is going to get almost untenable before any practical solution can be arrived at.

While I think that in general your paper does an excellent job in its reporting to the people of Marin County — I can't help but think that you have negated the responsibility of the press in not carrying more forcefully to the eyes of the public and the public officials responsible for the creation of this fiasco through your reporting media. In the subject article, it was indicated that a vote against the second deck study came at 11:45 p.m. after nearly four hours of debate with a crowd of 100 Marin and San Francisco residents overwhelmingly in favor of ferry boat service and against the second deck.

While I'm quite sure that a second deck is not a real solution to the problem, most certainly ferry boat service is not either and perhaps it is a combination of those and other things. At any rate, I think your newspaper could do a tremendous service by publishing a ballot type survey on the transit problem (and I'm quite sure you would get an overwhelming response) and find out exactly what the feelings of the commutes of Marin County are — and not just the voice in the dark of 100 people.

Report On BART Hailed As Objective

Editor, Independent-Journal:

As chairman of the board of control of the joint venture charged with building the Bay Area Rapid Transit system, I have more than a passing interest in the progress report rendered in your "Editor's Notebook" of Oct. 28.

After the critical utterances to which you so cogently took exception, it is a source of satisfaction to read an objective report on the progress of the project to date and the successful future which appears to be in prospect.

We thank you for your recognition of the tangible results that have been achieved and your appraisal of our ability to over-come future obstacles in bringing this project to successful completion. Destructive criticism has had the effect of impairing the public's equity in this outstanding development which the public owns.

Your presentation of an accurate perspective and throughgoing attempt to correct misunderstanding and misconception certainly is in the public interest.

Fighting In Vietnam To Protect Profits?

Editor, Kndependent-Journal:

For a moment let's dismiss those hawk fantasies to which you have given so much space and list a few completely obvious but seldom heard realities.

1. It is a fact that a few capitalist countries would have great economic problems in a world dominated by communist nations, even if they were peaceful. This is why we are fighting in Vietnam. Forget the self-righteous, hypocritical hawk nonesense that "we are out to preserve freedom for others" while we support fascist regimes all over the world and particularly in Vietnam.

2. It is a fact that the doves who oppose holy wars against communism are in a sense aiding the enemy. One enemy, that is, but they are fighting another and equally deadly enemy . . . facism. The hawks all too frequently give aid and comfort to that fearsome specter. For those who have forgotten: fascism is absolute rule by a very few power-crazed leaders backed by powerful economic interests who know what's best for everybody. James Bond knows "where it's at." Do you?

3. It is quite possible that in 30 years or so "one billion Chinese" may pose an economic threat to the United States. But what does Hawk Rusk propose to do? Is he easing us into war with China before they are militarily invincible while simultaneously claiming he isn't?

4. Many years ago courageous and patriotic Americans had no fear that our economic system could be bested by totally bureaucratic systems. But the hawks lack that confidence. They want to attack and wipe out the competition just to be sure.

5. Wars against totalitarian power-crazed killers are sometimes necessary, but economic wars stink.

Parochial School Aid Not Small Matter

Editor, Independent-Journal:

Federal aid to parochial schools, claims Mr. John J. Flanagan (Nov. 7) "is limited to providing reference books and a few surplus food items." Surely, Mr. Flanagan knows that this is only a small part of the current aid program. He makes the whole issue sound inconsequential but the National Catholic Welfare Conference is not so modest. This powerful lobby, headquartered in Washington, has a staff of some 240 people and an annual output of thousands of press releases and free films for TV. Its spokesman, Msgr. Frederick G. Hochwalt, told a Senate committee that the sum his church wants U.S. taxpayers to pay for support of Catholic education alone is $2.5 billion annually. The amount demanded is roughly equal to the total reported income of all Protestant churches in America combined!

The breach in the First Amendment separation of church and state has already been accomplished and is being ridiculed by these special interest groups. Witness this statement quoted from a priest in the July, 1963, issue of America, the official Jesuit magazine:

"The honest fact is that I just don't understand the reverance, not say adoration, which everybody here seems to pay to the American Constitooshun.' I want to hear some American get up and shout: 'Give us justice. Give us decency. And to hell with the American Constitution.' "

The First Amendment separating church and state has never been theologically acceptable to this most powerful single religious denomination. The paintul fact is that virtually 100 per cent of the pressure for public tax money to support religious schools comes from the Catholic hierarchy, which operates some 90 per cent of all such U.S.-based institutions.

Source for the fantastic land deal made by the Archdiocese of Hartford, Conn., is POAU (Protestants and Other American United for Separation of Church and State) and published in Church and State, Oct. 1967, p.11, among other places.

Former Councilman Raps Tiburon Mayor

Editor, Independent-Journal:

Your editorial of Oct. 12 re the City of Tiburon reflected some reservations about our local government felt by many. For the mayor's letter of rebuttal on Oct. 24 — an "A" for effort but a "Z" for the accuracy of his assertions. The loud no of our next door neighbors to annexation speaks more eloquently to what is thought of the city's administration than the mayor's contention that editorial praise by the "I-J" would have been more appropriate. I dispute the following from the mayor's letter:

1. Assertion: "first city in county to establish a board of design review" Fact: Four other cities preceded us — and by years — in establishing architectural or design review boards; two were "in process" at the time Tiburon adopted its ordinance. . .

2. Assertion: "(tax) rate. . . the lowest of any in the county." Fact: Tax rates tell nothing if not equated with the municipal services they provide. . . Municipal services, consist of basic city services (police, planning, parks, public works) which are reflected in city tax rates. When not included, library, sanitary and fire costs must be added in. If a city does not have its own library system, the county library tax of 15 cents must be applied. Such an analysis shows Tiburon residents are paying anywhere from $1.98½ to $2.06 — from third to fifth highest in the county for their municipal services.

3. Assertion: "produced and adopted. . . a master downtown drainage plan (which we are now implementing)" Fact: A downtown drainage study setting forth alternative approaches was made. No precise plan has ever been adopted nor is the local relief, now authorized, recommended in that study.

4. Assertion: "hiking trail plan. . . merely an agreement with county planning Department to advise our city parks and recreation commission on the city portion of a South Marin trail system. . ." Fact: This is a Tiburon initiated proposal for a master plan for interlocking trails and paths and is to include methods of acquisition — to be achieved through a joint powers agreement with the county.

5. Assertion: position of assistant to the city manager by assuming accounting services, provides "saving of about $2,500." Fact: His salary is $7,060. There was no public discussion of the need for this position, nor was it ever properly established in fiscal '66-'67. That budget provided for a part-time, intern position. When the mayor announced appointment of the incumbent "instant expansion" from a part-time to a regular full-time job occurred . . .

6. Assertion: That consultants have not been excessive in number and have accomplished much. Fact: One consultant's project was the never-adopted downtown plan. Now the planning commission has retained as consultant for $350 per month for remainder of fiscal '67-'68, the self-same planner (Mr. Gatter) whose zoning ordinance was so non-reflective of citizen desires that it took 14 public meetings in 11 weeks to partially rectify. As of this writing, cost to the city has been the $4,658.60 thus far paid Mr. Gatter plus costs of editing and typing, all of which was done by city staff. This is the same planner proposed to prepare that ordinance for from "$1,950 — not to exceed $2,300" (planning commission minutes, 2-6-'67); this became "estimated cost to be in the range $3,000 to $4,000" on presentation to council (city council minutes 2-14-'67); it ended up as a project allocation transfer of $4,855. On the other hand the County proposed, on the same time schedule, to do a more comprehensive ordinance and to provide the city with 100 copies of the text and of the zoning map — for $2,500. Yet this proposal was never publicly discussed by the planning commission!

Another consultant, the city engineer, was budgeted for $12,000 in '66-67, but was actually paid $21,557.82 — only $4,471.85 of which came from gas tax sources. The rest was from our general fund.

7. Assertion: "Department of Lands and Development. . . has not existed for over a year" Fact: In the fall of '64 a zoning administrator-building inspector was hired. His departmental communications were headed "Department of Lands and Improvements." This subsequently changes to "Department of Lands and Development" seemingly without any change in function, and then in 1966 to "Department of Urban Development" — again apparently without any functional change. At least, no public discussion of it was held. . . No present city officer has ever publicly questioned what this department encompasses. . .

Tiburon should appreciate the mayor's expression of an official city "position statement." For it provides the means for open evaluation of our local government rather than fragmented and often private expressions of dissatisfaction.

Kolitsch Does Not Need Advertising

Editor, Independent-Journal:

Referring to Mr. Duane R. Week's "Doth protest too much, methinks" brain explosion, as depicted in his letter to the Editor of Nov. 10th, Prof. (Vlado) Kolitsch, it would appear, does not need any free advertising, as suggested by Mr. Weeks, since it was announced in London that his name is to be entered into "Royal Blue Book of England" for "distinguished contribution to the art of music throughout the world."

Prof. Kolitsch does not "deride" local "critics," as misquoted by Mr. Weeks. He believes that good reporting is essential to progress in any activity, especially in arts.

School Building Going Ahead Full Steam In North Marin Areas

The Novato unified school district is going ahead full blast on its building program. Sinaloa Junior High School is well under way and should be ready for school next fall. That will give the district three junior high schools for seventh, eighth and ninth grades.

This has led to some extra work for district officials trying to convert the San Jose school, which was designed for just seventh and eighth grades, into a junior high school for three grades. The school grounds are smaller and the district is having a little problem trying to fit a football playing field into the spring-infested hillside.

When the San Jose intermediate school was under construction, the springs made the ground so soft that the contractor almost lost a bulldozer in the mud.

THE DISTRICT has let a contract for the San Marin High School. The construction time is 10 months, so there are hopes that it may be ready for school next fall.

Farther west, the Tomales High School District is moving ahead rapidly toward a new school. The district bought a site a mile and a half east of the present school on the Tomales-Petaluma Road.

The contract for this building has not yet been awarded, so it probably will not be ready until sometime during the next school year.

All this points up that the northern and western part of the county are moving ahead with plans for taking care of students.

PASSAGE OF THE airport bonds in San Francisco last week have given some people more hope that Novato may be able to pass its bonds for civic improvement. The city council has called for an $8 million bond issue at a special election on Jan. 23. These bonds would be for $5,750,000 street improvements and $2,250,000 in parks.

If approved, the money will start Novato on a major program of street improvement and get a good park system started.

A citizen committe is being formed to help push the bonds. If it works as hard as the committee did to pass Novato's only other bonds, for a swimming pool at the high school, the issues may pass.

THE MARIN COUNTY airport is now 75 per cent completed, according to Donald Frost, county public works director.

It will not transform the flying in and out of Marin County overnight, but should make a noticeable difference. Many private plane owners now keep their planes elsewhere because of the condition of the old airport.

It will not be too long before Marin County is more in aviation than a helicopter stop en route to San Francisco or Oakland airports.

Look Out For The Old Right! It's Close To The Point Of Treason

There is surely a point where dissent becomes treason, and I think we have reached it. That fanatical right-wing which is paranoid with fear of Russia and equally suspicious of our youngsters' ventures into the fields of sex, marijuana and LSD may yet undo us if we do not soon take action. Normally, I oppose the guillotine, but I believe there are extenuating circumstances.

Here is the USSR, our gallant ally, celebrating its 50th birthday of freedom, and from the right comes a spate of books and articles questioning the designs of our fellow-democracy. And this in spite of the open record of Latvia, Estonia, Hungary and Czechoslovakia, all grateful to the Soviet liberator, to say nothing of the Kremlin's recent efforts to promote world stability in Vietnam and the Middle East!

NO PETTY POINT is too small for these kook dissenters to seize on. If Russia has devised a test system to orbit nuclear bombs around the U.S., these witch-hunters denounce it as a violation of a solemn treaty with us and act as though something frightful has occured. But what is a mere technicality among friends?

For all these crackpots know, our brave ally may have planned this in order to save us from some alien power, much as she erected the wall to protect West Berlin from refugees who might otherwise have invaded from the east. Secretary McNamara says he's not concerned — and that should be good enough for anybody. After all, this isn't the Edsel.

Luckily, foreign policy is not yet in the hands of this lunatic fringe which would alienate us from the country which came to our aid in the nick of time and in only six days brought Japan to its knees. Have these mad dogs no gratitude at all?

BUT IT IS DOMESTICALLY that the Trojan Horse creates even more havoc by dividing us. I came across a notice this week of a dinner of an organization "For Law and Morality." And bitter experience has taught me to be wary of any group using such moth-eaten terms.

I decided to infiltrate. So I disguised myself — reluctantly shaving off my beard, cutting my hair (which I can ill afford) and donning shoes for the occasion — and bought a ticket.

Well, I was right. Much of the talk centered on the activities of the New Left, that ecumenical collection of youths unafraid, free-wheeling clergy and intrepid academicians whose only guest — like Thoreau — is the free spirit. Unbound by convention, they make all sorts of experiments — didn't Galileo? — to prove most of our ancient concepts wrong. (If Thoreau threw no Molotov cocktails and Galileo never tried LSD, remember neither of these modern products was then available.)

And who attacked these brave iconoclasts? The same old gang of troglodytes. There were a rabbi, a priest and a minister, all so backward they didn't know God was dead and the Ten Commandments buried with Him. Don't they ever read "Ramparts"?

AND, OF COURSE, the ancient gestapo, defending police brutality. The district attorney of Los Angeles, an FBI mobster, and the police chiefs of both Beverly Hills and Los Angeles.

It was under the latter's Hitler-like direction that 78 free souls had just been arrested in a local park for nothing more serious than the possession of marijuana, drinking in public, assault on a police officer and a whole series of rapes and holdups.

In pity's name, what are parks for if not so young people can enjoy themselves? These arrests clearly trespass on every article in the Bill of Rights, and unquestionable represent an invasion of privacy.

THE ENTERTAINMENT world was represented at this satanic feast by its worst elements. Raymond Burr, not defending innocence this time but prosecuting it, actually emceed the affair, but then he has long been suspect, having visited our troops in Vietnam half-a-dozen times. And in the motley crowd that applauded I detected Robert Stack of "The Untouchables" and Jack Haley, who in happier times made us all laugh.

All this I solemnly attest to and am prepared to take a lie-detector test, and even mention other names, once respectable.

On guard, America! It isn't Russia or the New Left we have to fear. It's the Old Right.

Here's to Woman! — ah, that we could fall into her arms without falling into her hands! — Ambrose Bierce.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

'Frozen Shoulder' Usually Afflicts Only Middle-aged

VAN DELLEN

Frozen shoulder is not a scientific term, but one so appropriate and descriptive, that it has been accepted generally. In this disorder, the shoulder is stiff and cannot be moved without pain. Most victims are middle-aged.

The cause is not known, although several factors are possibilities. Some individuals develop gradual stiffness because of disuse while recuperating from stroke, coronary thrombosis, or other disorders calling for prolonged bedrest. Others ascribe the condition to a minor injury such as a contusion or sprain, but trauma usually is not responsible.

AT ANY RATE, certain movements of the arm trigger pain. Because activity causes discomfort, the sufferer spares the extremity.

A vicious circle results, in that the less movement, the more rigid the shoulder becomes. In time, stiffness is so acute, the arm cannot be raised straight from the side or rotated as in reaching for the wallet in a back pocket.

If the abnormality goes untreated, pain lessens somewhat in time and there is partial return of motion. But the shoulder is not so limber as before and, consequently, the limited movement remains a handicap.

There is no unanimity of opinion as to what happens on the inside. To the best of our knowledge, the tendons and fibrous tissues have degenerated. In some, calcium deposits have formed in the shoulder.

WHEN discomfort abates, treatment consists of an intensive program of exercise and physical therapy. Manipulation is done initially under anesthesia.

The limbering process must be gradual and sometimes ACTH or hydro-cortisone is used in conjunction with these treatments.

HEAT in the form of an electric pad or hot water bag affords relief. Infrared lamp, and short wave or ultrasonic therapy will prove helpful.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request to the I-J.)

IMPROVING HEARING

F. P. writes: What is the most common cause of deafness? I'm only 37 and can't hear conversation or TV unless the volume is turned up.

REPLY

At your age, otosclerosis is the most common cause of loss of hearing. This is a progressive type of deafness for which a hearing aid or operation is advised.

TEETH, FACIAL SHAPE

A reader writes: Does the position of teeth influence the contour of the jaw?

REPLY

A relationship between the two exists. Thumbsucking, for example, may cause protrusion of the upper jaw and retardation of the growth of the lower jaw. In these circumstances the upper teeth are pulled forward forcing the upper jaw to protrude.

PAINFUL VEINS

M. J. C. writes: What causes two veins at the right side of my right foot to sting and burn? This painful condition has lasted several weeks. Small broken veins on my left leg also are bothersome.

REPLY

Veins sting and burn when inflamed or overly distended. Try wearing an elastic stocking or bandage.

BORIC ACID

B. S. writes: Is the use of boric acid harmful to the newborn?

REPLY

Yes. Boric acid is not an effective antiseptic, and safer and better substitutes are available.

TODAY'S HEALTH HINT — Early diagnosis and treatment of cancer improve the prognosis.

White House Argues 'Snow Job' Charge

WASHINGTON (AP) — President Johnson's press secretary, replying to a news society's charge that White House news conferences are sometimes designed to be "snow job" affairs, has supplied figures aimed at disputing the charge.

Sigma Delta Chi, the national journalistic society, contended in a Freedom of Information Committee report that Johnson refuses to hold conferences without reasonable advance notice. Consequently, the committee said, only regular White House reporters can attend and everything's organized for a "White House snow job."

Presidential press secretary George Christian said yesterday the President has averaged better than two news conferences monthly since he has been in office and about half of them have been open to television-radio coverage.

Christian said that while the White House doesn't schedule televised news sessions, the networks do have the opportunity of covering those that are to be telecast.

Christian said Johnson has held 113 news conferences, with about half of them open only to news reporters and the remainder also covered by television and radio or radio alone.

Guilty Plea In Support Case

Guilty plea to felony non-support of his five children was entered in Marin Superior Court yesterday by Lawrence W. Stanley Jr., 36.

Judgment was scheduled for Dec. 11.

Stanley, of Houston, Tex., failed to support the children, of ages 6 to 15, in August.

Suspension Ordered For ABC Violation

SACRAMENTO (CNS) — The state Department of Alcoholic Beverage Control has ordered a 10-day suspension of the on-sale general liquor license of Max Key, Rancho Rafael in Ignacio, on charges of permitting consumption during illegal hours and possessing emptied but unbroken distilled spirits bottles.

The suspension was to take effect upon service of notice.

Drunken Driving Sentences Given

Two men were sentenced yesterday in Marin Municipal Court for drunken driving.

Stanton Gilmore Ware 37, of 45 Spring Lane, Tiburon, was fined $250 and placed on six months probation. California Highway Patrol arrested him on Tiburon Boulevard Friday.

John Houston, 41, of 7 Los Altos Drive, San Rafael, was fined $175 and placed on a year's probation. The patrol arrested him July 21 on Highway 101.

Many Items On Council Agenda

Novato City Council will go over many small items on its first general meeting in three weeks at 8 p.m. today in Novato Community House.

It will accept the new culvert on Center Road at Vineyard Creek, hear a report on the city progress in zoning and grading ordinances and receive a proposal for a golf course.

It will hold public hearings on the abatement of a nuisance at 615 Atherton Avenue and the installation of sidewalks on Grant Avenue.

It will pass the ordinance calling for a 18,000,000 bond issue for street and parks at a special election on Jan. 23, and receive written support for it from the Novato Junior Chamber of Commerce.

Student Club Plans Teaching Try-Outs

The Quintilians, a future teachers club at San Rafael High School, will sponsor a student teaching day on Dec. 6 at the school.

A student who wishes to try his hand at teaching that day must be enrolled in the subject he will teach and must have a B average in it. A screening committee will select students to hold down the jobs of principal, vice principal and dean.

Corporate Tax Deadline Nears

Tomorrow is the deadline for payment of the second installment of estimated taxes for corporations having a fiscal year corresponding to the calendar year.

The second installment must be 25 per cent of the corporation's estimated tax. Under a recent change in state law requiring prepayment of some taxes, this second installment from 47,000 "calendar year" corporations will bring in $75 million, officials of the State Franchise Tax Board estimate.

Forms for the payment are available from the Franchise Tax Board office in San Francisco.

Transient Pleads Guilty Of Burglary

A 21-year-old transient, George Edward Taylor, pleaded guilty in Marin Superior Court yesterday to second degree burglary.

Judge Harold J. Haley scheduled judgment for Dec. 4. Taylor burgled the home of Robert Maher of 84B Martens Boulevard, San Rafael, Nov. 2.

Marin Veterans Increase Service Office Workload

The workload at the Marin County Veterans service office has grown by about one-third in the last five years, Veterans Service Officer James V. Burdick estimated today.

The number of contacts with Marin citizens seeking information or making requests has nearly doubled in the five years since Burdick took over from W. P. (Dock) Duhamel in December of 1962.

In 1962, the total number of contacts via telephone, personal appearances and field calls was 10,228. During the past 12 months, total contacts came to 19,278. However, some of these represent Civil Defense matters, also handled through Burdick's office.

In 1962, federal funds received by Marin veterans totalled $1,715,594, compared with $2,369,100 received during the 12 months ending last month. In 1962, Marin veterans were hospitalized in veterans' hospitals, as compared with 104 during the past 12 months.

The office, located on the fourth floor of the Marin County Civic Center, has a file on almost 27,000 veterans who have conducted business through the office, but many of these cases are now inactive.

Bishop Defends Vietnam Remarks

WILLIAMSBURG, Va. (AP)—An Episcopal bishop has come to the defense of a clergyman whose criticism of President Johnson over Vietnam triggered a storm of protest.

The minister said the President had not provided a full explanation of this country's role in Vietnam.

Rt. Rev. George P. Gunn, bishop of the Episcopal Diocese of Southern Virginia, said Rev. Cotesworth Pinckney Lewis was within his rights as a Christian and minister to express his convictions.

Dr. Lewis made his remarks about Vietnam from the pulpit of historic Bruton Parish Church here Sunday while President Johnson and his family sat in the congregation.

TV REVIEW

Sinatra Is A Winner Once Again

By RICK DU BROW

HOLLYWOOD (UPI)—Superlatives are really superfluous for Frank Sinatra's television specials. By now, one expects them always to be perfection, and they always are. They are done with beautiful professional simplicity, adult style and matchless musical taste. And last night's Sinatra hour on NBC-TV was another for poterity.

Since the fact that he is an incomparable singing artist is well established, it might be worth looking into some of the less publicized, more subtle reasons for the peak success of the three consecutive annual specials he now has delivered to the television audience.

I think the thing that I appreciate the most in these hours, aside from the musical skill itself, is the fact that he seems to be giving 100 per cent of himself. Whatever his other show business accomplishments, singing is his basic art, and he doesn't spare himself because it is what he obviously loves most. In short, his singing drive leaves the viewer wholly satisfied, knowing that here is one performer, at least, who doesn't cheat an audience. The enjoyment is contagious.

Another thing Sinatra has shown on television is an appreciative, pleasant-to-watch graciousness with other performers. He doesn't hog a spotlight. If he appears with another entertainer, he knows when to step aside. He knows how to listen to a fellow performer. He may clown around with entertainers like Dean Martin, but he is particularly good, and proper, at handling female artists.

Last night Sinatra had Ella Fitzgerald as a guest, and as might be expected, their numbers together—and separately—were sheer poetry. But the little thing that really helped bring it all off was the unaffected, admiring way he deferred to her at times, and let her command central attention on a show that was, after all, his—but which he let become a virtual costarring venture. His judgment was excellent. It only added to the final pleasure of the overall product.

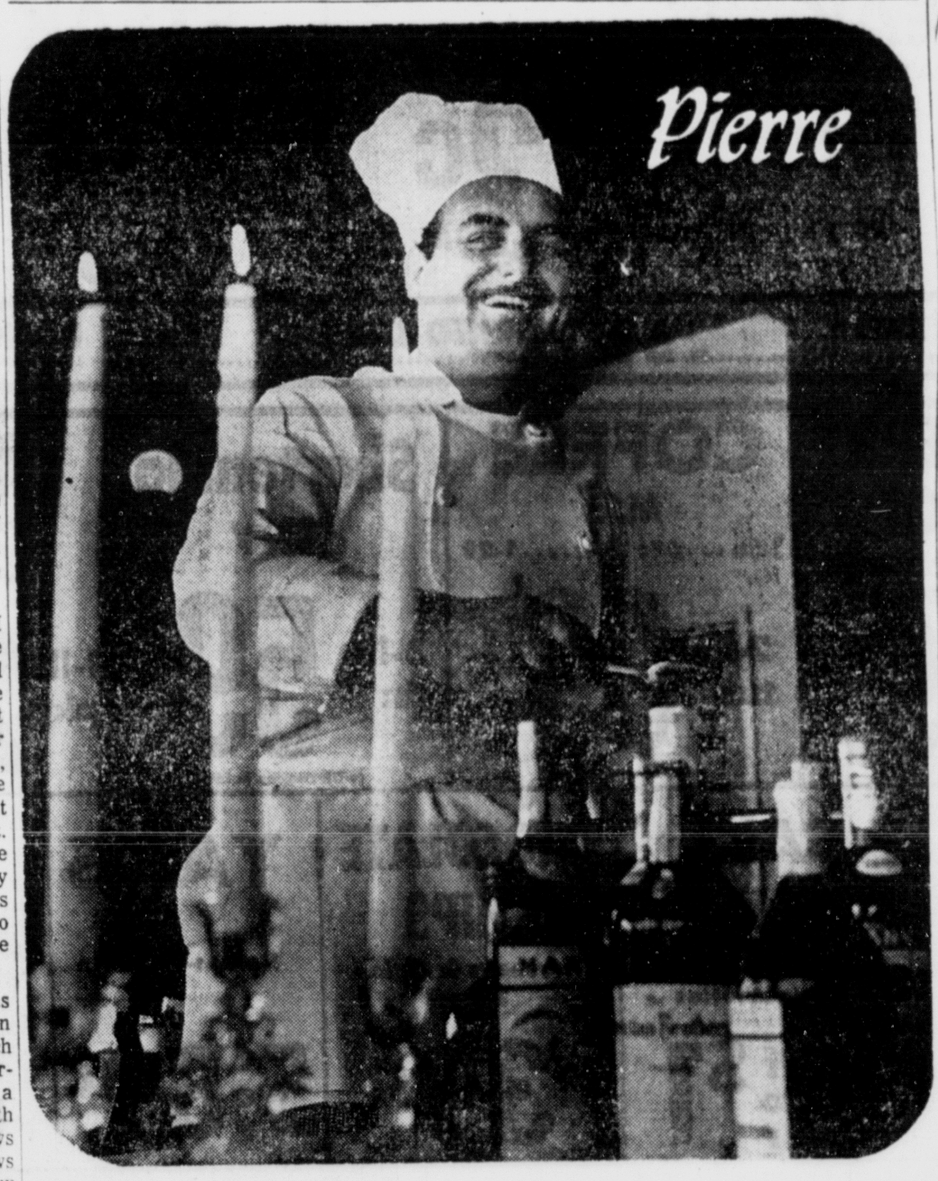
Sinatra's other guest Monday was the Brazilian bossa nova guitarist-composer Antonio Carlos Jobim, and he too performed precisely with the star. Technically, the hour was mainly devoted to an appreciation of rhythm, but Sinatra also stopped the show with a rendition of "Ol' Man River." Perhaps the highlight, though, was a driving, exciting duet with the elegant Ella on "The Lady is a Tramp."

TV Worth $1,000 Taken From Home

The home of Mrs. Herbert Bals at 18 Tanfield Drive was burglarized Friday, Tiburon sheriff's deputies reported yesterday.

Mrs. Bals told deputies she left home at 12:15 p.m. for a dentist appointment and returned at 2:15 to find a sliding glass door open.

Missing were a color television valued at $1,000, eight furs, a portable television, six women's suits and a leather jacket, and a camera.



DOMINIC'S French-Swiss chef caretully supervises the preparation of each dish on Dominic's excellent menu.

Pierre Giavinna applies to Dominic's distinctive cuisine the culinary arts acquired in the finest restaurants and schools in Europe.

His varied skills were learned through world wide experience, in much the same manner as the legendary Dominic Murphy—host and friend to seaman and traveler alike—who held forth near this same location over 100 years ago. Pierre also enjoys preparing special gourmet dishes on advance request.

Horse Cruelty Verdict Awaited

Non-jury trial of Americo John Giubergia, soap company employee accused of mishandling an old horse which later had to be shot, was held in Marin Municipal Court yesterday.

Judge Alvin H. Goldstein Jr. scheduled a verdict for 9:30 a.m. Monday.

Giubergia, with Royal Tallow and Soap Co., Petaluma, is accused of hauling the animal unsecured in the rear of a truck from Muir Beach Aug. 17. The complaint was signed by Mrs. Evelyn Pervier of Muir Beach, who had arranged for removal of the horse but said Giubergia failed to keep an agreement to kill the animal before taking it away.

Muir Woods Park Club Re-Elects Mitchell

Muir Woods Park Improvement Club members voted Friday night to retain the club's present slate of officers, headed by Dennis M. Mitchell as president.

John Iacometti was elected to fill a vacancy as vice president, Ruth Olson was elected to the board of directors to replace Ann Wooldridge, who declined re-election.

Senators Miss Voting On Roll Calls

WASHINGTON — Here is how California senators and Rep. Don H. Clausen, R-First District, voted on recent roll calls:

SENATE

Personnel — Bill (passed 54-26) to provide federal aid for states to improve personnel systems. Not voting—Kuchel, Murphy.

Redistrict — Motion (defeated 22-55) to approve compromise congressional redistricting bill which would have barred the courts from ordering redistricting on the basis of the 1960 census. Not voting — Kuchel, Murphy.

HOUSE

Foreign aid — Bill (passed 205-187) to authorize compromise $2.67 billion foreign aid program. Against — Clausen.

Foreign aid — Motion (rejected 196-200) to send foreign aid authorization bill back to committee with instructions to bar aid to nations trading with North Vietnam, and to eliminate most-favored-nation trade status with Poland. For — Clausen.

State Colleges Bar Sigma Chi

LOS ANGELES (UPI)—The presidents of four California state colleges have withdrawn recognition from Sigma Chi fraternity because they believe its policies permit racial and religious discrimination in selection of members.

Dr. Ernest A. Becker, dean of student affairs for the state college system, announced yesterday the four colleges withdrew recognition because local chapters did not have autonomy in picking members.

The four colleges are San Diego State, San Fernando Valley State, Fresno State and San Jose State. Under the ban, Sigma Chi chapters at the schools cannot use college facilities or carry on activities on campus.

The University of California also was considering the status of Sigma Chi locals at UCLA, UC Berkeley and UC Santa Barbara.

Talk On Indians

Card Corner Makes Debut In Center

The newest addition the Corte Madera Shopping Center is the Card Corner. Specializing in greeting cards, party supplies, and stationary, the Card Corner features Hallmark Cards and products.

Owner of the new shop is James Ballentine of Santa Cruz. A gratuate of San Jose State and a veteran of five years' retailing experience with Long's Drug Store, the Card Corner is his first business venture as his own.

The store's manager is Kathy Harris, a native of Oregon. She has worked in department stores and drug stores for over five years.

The Card Corner will be open from 9:30 a.m. until 5:30 p.m. Monday, Tuesday, Thursday, and Saturday; and from 9:30 a.m. until 9 p.m. on Wednesday and Friday. The store also will be open every Sunday until Christmas.

NEWEST STORE—Kathy Harris displays the clever Thanksgiving decoration ideas available in the Card Corner, most recent store to open in Corte Madera Center. Cards, table decor and party items are available in wide variety at the Card Center.

Likes Her Job Handling Snakes

COLLEGE STATION, Tex. (UPI)—When Kay Taylor says, "I was real lucky to get this job," she means a chance to handle all sorts of snakes each day, to get nibbled on by a few, and to get bitten a few times by mice who don't want to be the snakes' dinner.

It is all part of her occupation as a laboratory technician in the Wildlife Science Department of Texas A&M University.

She likes the work and considers being a stenographer or a secreteray her idea of nothing to do.

Governments Urged To Curb Aircraft Noise

(Special to the I-J)

BERKELEY — Airplane noise should be limited by government regulations, a University of California economist believes.

But even better controls and planning will not remove the irritating and sometimes damaging roar of airplanes from the urban scene, he warns.

Airports are likely to remain in the dense residential developments, and quiet jet engines are too expensive to operate, says Paul K. Dygert, a research economist with the institute of Transportation and Traffic Engineering at the Berkeley campus.

The major barrier to better handling of the noise problem has been the inability of local governments to plan and zone properly around airports, the author says.

His report, prepared for the Federal Aviation Administration, calls for increased federal assistance to local governments and airlines, to help finance better planning and operation, more research on noise and establish nationwide standards.

Paralyzed Dog Walks On Wheels

BONHAM, Tex. (UPI)—When an auto hit their mongrel dog Ginger and left her paralyzed, the M. E. Hyepock family decided to do something to let Ginger continue to move about.

Hyepock built a wheeled contraption strapped to Ginger's hind legs so she can pull herself along with her front legs. She scurries about with her rear strapped to the device and gets about with little difficulty.

A Cold Summer

KNOXVILLE, Tenn. (UPI)— The Knoxville Weather Bureau reports the summer in east Tennessee this year equalled the cold record set in 1882. Only 11 days during June, July and August were at or above normal for those months. The average temperature for the three-month period was 71.7 degrees.

Careers May Repay Loans For Schooling

By PETER A. JANSSEN

Advance News Service

WASHINGTON — Federal officials are discussing a new loan program for college students which adjusts repayment to their lifetime income.

Under the plan students would repay the loan by paying 1 per cent of their income annually after graduation for each $2,500 they borrowed in college. They would pay until they were 55 years old.

The theory of the plan is that education is an investment which economically benefits the student. If he earns a large income after graduation he repays more than the initial loan. If he earns a low income he may never repay the full loan.

The plan was first mentioned last month by Joseph Barr, under secretary of the treasury, to a group of New York bankers. Encouraged by its reception, he mailed copies of the talk with a cover letter to financial institutions across the nation for reaction.

Both the Office of Education and the Budget Bureau here are examining the plan, although no formal proposals have been written yet.

The scheme would start with a "government education bank" which, after initial funding from Congress, would be self-contained. Students would borrow directly from it. Repayment, added to the borrower's federal income tax, would flow back to it.

The plan would help families finance the rapidly rising costs of higher education by shifting the burden of repayment from a short-run family effort to a long-term effort by the student whose earning power should be enhanced by college attendance.

Economically, a student might prefer the plan because he could repay the loan gradually as a percentage of his income rather than repay a conventional loan in five or six years under existing programs.

The annual repayment under the education bank scheme would be nominal, and it would be smallest when the student first graduates.

If he borrowed $5,000 and earned $6,000 the first year after graduation, he would repay only $120. Several years later if his income grew to $20,000, he would repay $400 per year.

Barr told the bankers that the proposal could contain a "buy out" clause for anyone earning a very large income. Such a person could eliminate the entire debt in one large payment.

A major unsolved problem with the education bank is what to do about women who borrow but then marry without earning an independent income. One proposal is to create a "negative dowry" by taxing their husband's income, another is to scale down their debt.

The other large hurdle is the initial size of the bank.

Mark Weiss, Barr's administrative assistant, says the bank "must have a broad base to make it work. It will have to start with a hard and fast policy commitment that this is the way to provide a great chunk of higher education costs."

The plan is politically attractive. "It creates a way of financing college which is not dependent on dragging money out of Congress every year," Weiss says. "It puts the burden on the people who receive the benefit."

A spokesman for the Budget Bureau comments that "it can draw support from the right and left. The person concerned with fiscal responsibility will support it because it's self-contained, and a liberal can support it because it means more kids can go to school."

Although he has not developed firm figures for the plan, Barr says it has a vast potential. He estimates that by 1972 under current programs the government will insure $6.5 billion in loans to more than two million college students.

The current program is not working well, however, because it relies on private institutions, caught by tight money and more attractive interest rates, have not participated as fully as the government had hoped.

Another approach gaining support in Congress is a tax credit plan which allows parents of college students to claim a $325 credit on their income tax. This system offers little direct aid to low income families.

The government education bank plan avoids these pitfalls by eliminating reliance on private institutions and by giving aid directly to students.

"It appears to be a very fair plan, but it's some time off," Weiss says. "It's not going to be adopted this year."

Federal Housing Agency Rapped On 'Private Government' Units

(Special to the I-J)

BERKELEY — Systems of "private government" are being wrongly encouraged by the Federal Housing Administration in big new communities, and should be replaced by public agencies, according to a study published at the University of California, Berkeley.

Automatic homes associations are proliferating and apparently becoming permanent institutions in many new housing developments, but should be replaced by local government, says researcher Stanley Scott.

Scott, assistant director of the U.C. Institute of Governmental Studies, makes this analysis in the current issue of the IGS Public Affairs Report.

An automatic homes association is a nonprofit corporation, which owns and controls common neighborhood properties like parks and other recreation facilities. Each lot owner is a member who pays a share of maintaining the common properties, though renters are seldom included in such a group.

Scott notes that these associations are formed by developers who want to protect their properties from losing value before they are sold, and this idea has received strong endorsement of the FHA in recent years.

"The associations have been and presumably will continue to be employed primarily in upper-middle and high-income residential areas," he writes.

"Any significant inclusion of multiple dwellings appears to be discouraged by FHA policies, and the lower-income brackets are viewed as a likely source of special problems. Policies of exclusiveness are only thinly veiled as efforts to 'maintain high standards,' or 'insure property values'."

Brasilia Looks Like Urban Renewal Job Minus A City

By H. DENNY DAVIS

BRASILIA, Brazil (UPI)—Box after box of concrete and glass march in rows down to the edge of nothing on a street named W-3.

Peer down from a plane and Brasilia looks like an urban renewal project in search of a city. It is all freeways and shopping centers, parks and playgrounds and big, boxy apartment houses and roads that go clover-leafing around and around and come out everywhere.

For Brasilia has no center, no downtown. And all around is the vastness of central Brazil, 575 miles from Rio de Janeiro and the sea.

"You can't meet a friend on a corner because the streets have no corners," is the common joke. "Your wife can't go shopping downtown because there is no downtown."

This is Brasilia, a city of 250,000. It is the federal capital built from scratch for the sole purpose of becoming the seat of Brazil's government.

Some things just didn't go right.

A 14-story office building juts three and a half feet into a freeway right-of-way because somebody goofed on a survey. Work has stopped on the building while contractors and city authorities argue over who is going to have to move what.

Little more than two years ago, there were four-foot anthills in some of the streets. There were fears Brasilia would end up a ghost town, a vine-covered ruin in the jungle.

Now it is bustling with its main business—government and diplomacy.

The United States bought and maintains a block of apartment houses for its Embassy personnel. But otherwise, no U.S. aid money was involved in the construction of Brazil's new capital.

There were reports U.S. government "auditors" had descended on Brasilia. U.S. Embassy officials denied this.

But Brasilia is not utopian. Pedestrian tunnels were built under the freeways. City authorities promptly put iron grills across the entrances to some tunnels.

"It's to keep lovers from going in there at night," a cab driver explained. "We don't have enough street lights or enough cops in some areas yet."

Police patrol the sprawling city, designated a Federal District, in radio-controlled panel trucks. There is very little crime.

There is but one industry: politics.

For some time, the politicians resisted Brasilia. Now, they flock here. But on Fridays, the planes are crowded with lawmakers flying to Rio for the weekend.

Brasilia is a stodgy town in some ways. There is little nightlife.

But it is a children's paradise. Plenty of schools and lots of playgrounds.

Marin Given New Way To Reach Airport

Limousine service to San Francisco International Airport from the Corte Madera Shopping Center has been launched by William Melbern, who has been in the airport service since 1949.

The service began on Oct. 1 with one-way trips to the airport at $5. Transportation is by Cadillac limousine.

Daily service begins at 5 a.m. and continues until midnight. All trips are on call, so Melbern advices reservations in advance.

Limousines leave from the self-service Post Office at the Center. Free parking east of the Post Office along the fence running parallel with Highway 101 and indicated by a sign, "Customer Parking Airport Limousine Service."

Anyone coming from the north should take the first right turn into Corte Madera, turn left at the Standard Station into the Shopping Center, go straight past Woolworth's to the self-service Post Office.

From the south, take right turn at the Corte Madera overpass, turn right at the first light, turn r9ght at the next intersection, go straight to fence which runs parallel to Highway 101. Turn left at fence, follow arrow to sign that says "Customer Parking Airport Limousine Service.
